OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

The JOURNAL stands fairly and squarely on the Chicago platform, but will not hesitate to support and work for the election of candidates for the various offices to be voted for this fall no matter, whether they are Democrats, Populist or free silver Republicans, if endorsed by all the reform parties, conditional, however, that they advocate bi-metallicism the income tax law, opposition to national banks of issue, are opposed to the retirement of the greenbacks and treasury notes, favor government control of railroads, telegraph and telephone lines and the establishment of postal savings banking system, and also are opposed to the issuing of national bonds in time of peace.

Gov. Tanner of Illinois, must be somewhat of an anarchist himself. Why? Because he has had the temerity to accuse the coal barons operating at Virden, his state, as being guilty of murder in the killing of seven miners a week or so ago at that place.

England and France are about to look horns over the Nile country in Egypt. Wonder if the Anglo-Saxon alliance will have a tendency to pull the United States into the trouble?

Hon. Lewis Gerlach, returned from his trip to Crawford, Hemmingford and Alliance last Monday noon. He feels quite well pleased over the prospect of his election, Nov. 8th.

Teddy Roosevelt, is destined to have rougher riding to do than he did at Santiago, if he succeeds in capturing the state house at Albany two weeks from next Tuesday.

For what president McKinley, Hanna and the republican national campaign committee condemned Hon. W. J. Bryan for in the '96 campaign viz: rear-end car political speeches, the president is now doing the same thing himself and has been since his special train left Columbus, O., for the Trans-Mississippi Exposition. But that is one of those instances where it makes a difference who's ox is gored.

Since president McKinley took his seat March 4th 1897 something like 30 trusts and syndicates have come into existence whose capital stock is over \$3,000,000, 000 and they control all or about all the kind of business of the United States that they are engaged in. Will the voters go to the polls and continue vote for that kind of men legislators?

-A letter from Hon. Lewis Gerlach at Chadron today says everything is all O. K. so far as he is able to find out.

Another huge trust is formed with a capital stock of \$10,000,000. This time it is a tobacco trust.

That prince of blasphemers Robert G. Ingersoll took an opportune time, while the Peace Jubilee was being celebrated in Chicago to deliver himself of some of his infidelic doctrine in that city on Sunday the 16th inst. A man of his type should never be countenanced in any community.

Mr. McKinley's little speeches on his Western tour, of course, are not meant to have much significance, but they have a little, as showing the way his mind is working. He still indulges in phrases (as he has done on the question of reforming the national currency system) at a crises when we have the greatest clearness and distinctness. For instance: "We have gone from labor seeking employment to employment seeking labor." Now, where has this occurred? The trade Journals deny that anything of the kind can be seen anywhere. -N. Y. Evening Post.

The arraignment of the President by a strong, sterling Republican newspaper, the Springfield Republican, for the responsibility of Alger and Sternberg, uses some strong language, which was inspired after a thorough investigation of the methods in vogue at the different camps. That paper says:

"We denounce the Secretary of War as even a greater incompetent than the Sergeant General. A superb Secretary we have who, in the indignant words of Rev. Dr. Hamlin, of Washington, on Sunday, pleads the 'baby act' and throws the blame upon his subordinates."

"Finally we denounce the President of the United States, upon whose shoulders the responsibility for Alger and Sternberg rests. In defying public opinion and keeping the Secretary of War in office, the President assumes the full burden of that official's pottering maladministration, ridiculous self-sufficiency and egregious conceit. All the horrors of Camp Thomas and every other camp where horrors existed thus come to the amiable man in supreme power."

"Alger is responsible for Algerism, and McKinley is responsible for Alger" It was not a Democratic paper which uttered this truism, but a Republican paper, the New York Evening Post. The same paper further commenting upon the same subject say:

"If the President shall allow Algerism to continue, the President will pay the penalty--and not alone the President, but also the party which elected Mr. McKinley. The people of the United States are indignant, and justly indignant over the situation. If nothing is done about it, they will make this indignation felt at the polls. The President must not allow himself to be deceived, and he must not be governed by any personal or political obligations incurred in the past. If he would avert the election of a Bryanite majority in the next House he must unload Alger."

The above is the class of Journalism the republican party denominates as yellow Journalism, and Mr. Alger as "sewer" papers.

Hitchcock Will Win.

Special Correspondence to the JOURNAL. Omaha Oct. 26 1898. The campaign in this city and South Omaha is progressing nicely, all fusion meetings are attended by enthusiastic crowds while indifference marks the meetings of the republicans. The first days registration shows a marked increase over last year first day's registration. Reports from the different congressional and legislative district are all that the fusion committees could desire. Senator Allen will succeed himself mark that by a silver line over the door of the editorial sanctum also, that this district will be represented in the next congress by a man who will represent the people of the district and not afraid to vote for his own resolutions.

George Fred Williams of Boston was here last week and ereighton hall was crowded to overflowing to hear the distinguished orator. He said that every where the meetings were crowded and the greatest enthusiasm prevailed.

Following are a few republican paper which condemn the national Administration and Alger for the conduct of the Spanish-American war, and the treatment of the brave boys in blue, on the battle field and in camp which the President and Secretary of War, Mr. Alger are now working to white-wash over with their investigating committees, now in session:

- New York Papers.
- The Economist, The Sun,
- The Financial News, The Herald,
- The Nation, State-Zitung,
- The Medical, Record, The Times,

Of Boston, The Herald, The Transcript, The Post, Of Philadelphia, The Record, The Bulletin, Of Chicago, The Tribune, The Record (Ind.), The Times.

Remember these papers represent Yellow Journalism, so say the administration partisans, and Mr. Alger "sewer" Journalism. Are these papers all liars?

Keep Your Party Vote at the Precinct Polling Places.

The JOURNAL believes it is the proper thing for the three reform parties in Sioux county the evening of Nov. 8th, next when the precinct vote is being canvassed to keep tab on their respective party vote. Something like the following would keep the vote in a manner that each party could tell just how large a vote each party polled in the county:

BOWEN PRECINCT.	
Free Silver Republican vote	10
People's party	24
Democrat	28
Total Vote	62

Three Doctors in consultation From Benjamin Franklin.

"When you are sick what you like best is to be chosen for a medicine in the first place; what experience tells you is best to be chosen in the second place; What reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken.

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by Dr. J. E. Phinney.

Some Plain Facts.

Grave errors, injustice, wrongs of greater or less degree, arise from lack of knowledge of the truth, and more frequently from deception.

The most infamous case on record of deception and injustice is the attempt to demonetize silver as a money of final redemption in the United States.

There is no learned judge, skilled lawyer, or court of justice that is capable of reconciling the effort with the constitutional laws that govern the issue of money in this country.

The people have been deceived, officials in power, chosen to administer justice under the laws, have ignored their sworn duty, and given aid to the scheme that has paralyzed industry, reduced property values one-half, and beggared millions.

There is no authority of law, either specific or by inference, by which gold alone is made the only money with which to discharge debts, either public or private. The effort to make it so is unconstitutional and a national calamity.

Plain and ample information, facts, and truth, concerning this almost successful scheme to corner the wealth of the people, is now being printed in the Cincinnati Enquirer, a newspaper which the combined power of money has failed to muzzle or buy.

The Weekly Enquirer is only 75c. a year. The address is Enquirer Company, Cincinnati, O.
