OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

Congress will convene next Monday.

The president's message is said to be a row ready and little will be said relative to the financial question.

Read on this page what ex-governor Altgeld of Illinois says about "Free Silver being dead" also what the general policy of the Democratic party will be in 1900.

J. J. Corbett once the champion heavyweight of the world, was finally knocked out by a second rate prize fighter—Tom Sharkey—in New York city on the 22nd inst.

Now as the Philippine's have been ceded to the United States, imperialism will be the motto of the Republican party together with the Hancock's.

The next thing on the program by the present administration in order to carry out its imperial policy will be to increase the standing army from about 30,000 up to 100,000.

Spain's peace commission have concluded to accept the proposition or ultimatum of the President viz:

The entire Philippine archipelago ceded to the United States, in return, Spain will receive \$20,000,000.

The G. C. Gillett cattle failure which took place last week at Kansas City, bids fair to effect the cattle interests of the north-west more than people might first imagine, but according to the daily World-Herald, \$20,000 worth of steers were letted upon at the South Omaha stock yards Tuesday as result of the Gillett failure and is liable to involve numbers of commission men in Kansas City, Chicago, St. Louis, Omaha and Sioux City.

When rogues fall out they will tell on one another. Some of Davos county soreheads are giving away some of the dirty work done in that county at the last election by telling around how the Fisherites went back on their promises in Chadron they say that they had an agreement in which Crawfordites were all to vote for Fisher and in return Fisherites did agree to vote all Republicans and all the Pops & Democrats they could get in Chadron for Fanning hence the sorrowful howl from the Crawfordites on account of the Fisherites going back on their bargain in dropping Fanning in Chadron on election day and making the trade with Harbaugh and his crowd what a beautiful lay out they must have in these towns. Constituency thou art a Jewel & Co but not in Chadron or Crawford.

Following are majorities received by each candidate on the fusion state ticket in this state, given out as official by the state auditor:

Gov.,	W. A. Poynter	2,721
Leut. Gov.	E. A. Gilbert	2,700
Sec. of State,	W. F. Porter	2,13
State Treas.	J. B. Meserve	3,417
Auditor,	J. F. Cornell	3,144
Com'r. P.L. & B.J. V. Wolfe.		3,082
Atty. Gen'l.	C. J. Smythe	2,601
State Supt.	W. R. Jackson	2,804

Total vote cast at the polls on election day in the state was 188,985, a falling off from the total vote of 1898, of 35,399 votes as indicated by Bryan and McKinley's vote.

The Railroad Corporations of Nebraska had a right to use all their influence in order to elect a republican legislature for had a fusion legislature been elected a freight rate law that would have harmonized with U. S. Constitution would have been enacted without a doubt. The Railroads can thank their lucky star for farmers staying at home on election day and giving them the chance to skin the people of Nebraska for a number of years longer.

FREE SILVER NOT DEAD.

It Will Be The Issue In 1900. SO SAYS GOV. AULTGELD.

Under McKinley All the Necessaries and Luxuries Are Controlled by Centralized Wealth.

CHICAGO, Nov. 20.—Free silver—Canadian annexation—world-wide commerce—an isthmus canal—a great navy—harbors girdling the earth—an equitable tariff—absorption of the West Indies—destruction of trusts and relief for the toiling masses, is what the Democratic party stands for says John P. Altgeld. The former Governor of Illinois, despite the Cleveland Administration, with its patronage and strong opposition within the party, carried the Illinois Democracy into the free-silver column and was a factor in the National Convention of 1896. He has again put on his fighting harness.

Mr. Altgeld is not a strong man physically, but he is in better health than a year ago. Pale as to complexion, undecided as to step, he is a dynamo mentally. Every moment he can spare is devoted to political consultations.

Democratic leaders from all over the West call daily upon Altgeld. He is a most systematic politician. He keeps in touch with every cog in the machine and then finds time to fathom the plans of the enemy. He met the World correspondent by appointment in his office in the Unity Building, and in response to the World's request for an expression on the future of the Democratic party said:

FREE SILVER.

"The breathing, living issue in 1900 will be free silver. Renegade Democrats and robber Republicans cannot kill it. It is not dead, because the corrupt twin brethren, Hanna and Crocker, assert that it is dead. Every man who was earnestly and conscientiously with us in 1896 is with us to-day.

"The platform of 1896 will be reaffirmed. There will be no hedging, no dodging. Free silver will be stronger in the next national convention than it was in the last. There is a painful surprise in store for men who believe it is dead.

WAR ISSUE.

"The Democratic leaders did not oppose the war. They knew and understood that it would be a successful war. They realized that the glory and credit of a successful war would strengthen the Administration. They did this that Cuba might be free.

"The management of the war has been corrupt and criminal. With the credit of a successful war the Administration has gone before the people for indorsement. The late election is held to be a vindication of Algerism. Over forty congressmen were lost by Republicans.

Another such victory and the party will be undone.

"Money was used lavishly by two organizations to defeat the people. The Bankers association, with headquarters in Indianapolis, an organization scheming to retire the greenbacks and monopolize the money issue, put large sums into many Congressional districts, and then the Hanna machine contributed liberally the Democrats had no money. Yet, despite this corruption, we gained two congressmen in this state, and two were defeated by less than 200 votes.

EXPANSION.

"The Democratic party believes in holding the West Indies; it believes in coaling stations and harbors for our navy in all parts of the world; it believes in a greater navy, a greater foreign commerce and a greater North American Republic.

"It believes in the annexation of Canada, and a Republic stretching from Hudson Bay to the Gulf, and from Labrador to the Golden Gate. It believes in the Isthmus canal.

"The Philippines are entirely outside our sphere of influence. The inhabitants should be allowed to govern themselves. They are not now, and they never will be fitted for citizens of the United States. By holding these islands a source of stupendous corruption is tapped. The thieves who are now robbing the people in the name of the Administration will be shipped to the Philippines, and will there continue to rob unmolested.

TARIFF.

"The Democrats are not worrying over

THE JOURNAL

the Dingley bill. The Republicans themselves will eventually wipe it out. It is the worst tariff measure ever enacted and in the matter of revenue is running annually something like \$50,000,000 behind the Wilson bill. It is a nightmare; an equitable low tariff is what the people want.

TRUSTS.

"Trust smothering will be pushed with vigor. Money combines are increasing in number and strength daily. This Administration has been marked by the successful organization of many colossal trusts. All the necessities of life, not to mention the luxuries are controlled by centralized wealth.

"The people are at the mercy of combined capital, and this is the heyday of trusts. A chilling frost is coming soon. The people are in revolt. The trusts will be smashed as certain as the sun shines.

WHAT DEMOCRACY STANDS FOR.

"The Democratic party stands for the toiling masses of this country the people who pay the taxes and fight the battles. It does not stand for Mr. Crocker; if it did it would not be a Democratic party. Mr. Crocker represents just what Hanna represents—money and spoils. If they changed places they would find their environment the same."—Thrice-a-Week (N. Y.) World.

What Shall We Do.

A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it.

The name of this disease which may be divided into three distinct stages is, first, Kidney trouble, indicated by pain in back, rheumatism, lumbago, frequent desire to urinate, often with a burning sensation, the flow of urine being copious or scant with strong odor.

If allowed to advance, this reaches the Second stage, or Bladder trouble, with heavy pain in the abdomen low down between the navel and the water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments.

If uric acid or gravel has formed, it will prove dangerous if neglected.

The Third stage is Bright's Disease.

There is comfort in knowing that Dr. Kilmer, the great kidney and bladder specialist, has discovered a Remedy famous for its marvelous cures of the most distressing cases and known as Dr. Kilmer's Swamp-Root.

It is sold by all druggists.

As a proof of the wonderful virtues of this great discovery, Swamp-Root a sample bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Birmingham, N. Y. When writing kindly mention that you read this liberal offer in the SIOUX COUNTY JOURNAL.

We Need Our Money.

Parties who are in arrears on subscription to the JOURNAL for one and two years are requested to settle by January 1st next. It costs us money to run the paper and we feel the price of one years subscription \$1.00, is not much to pay for the JOURNAL and it will very materially assist in making the paper better for the next year. We hope to make some improvements in the machinery of the office the coming year and we will need what is due us to do so. We have over \$500, on our books and we must have them balanced up by the end of the year.
