Two Pointed Questions Answered.

What is the use of making a better article then your competitor of you can

not get a better price for it? Atos. - As there is no difference in the price the public will buy only the better so that while our profits may be smaller on a single sale they will be much great-

er in the aggregate. How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the

This explains the large sale on Chamberlain's Cough Remody. The people have been using it for years and have found that it can always be depended on. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy.
