—Mrs. E. F. The JOURNAL wishes Mr. and Mrs. Pontius may be well pleased with their new location and that peace, plenty and happiness may be their portion wherever their future lot may be cast.

—Mr. Hardin Norris, clerk of the drug store of R. Shoemaker, Perry, Ill., says: "A man came into our store the other day and said, I want a bottle of that stuff that saves children's lives. I read in the News about it. The children may get sick when we can not get the doctor quick enough. It's the medicine you sell for croup." He alluded to Chamberlain's Cough Remedy and bought a bottle before he left the store. For sale by Dr. J. E. Phinney.

—An agent of some eastern department store, was in this town selling bills of goods to our citizens and soliciting other trade for the future last week. Of course, we presume he made his new customers believe that they were getting goods at very much reduced rates, but we will warrant he did not tell them the money they were sending out of the town to an eastern department store for goods would not benefit your home merchants or your town. It is our candid opinion, the quality of goods bought of these traveling fakirs will in some way be inferior to goods that might be purchased of our reliable home merchants. Even if the goods, sent away for are a little cheaper, is it the right thing to ignore the home stores? We do not say it is so here, but we have known instances where people would run in debt at the home stores and then when they did get hold of a little money, would send it away to the department stores and let the accommodating merchant at home wait until they were ready to pay them. We believe it's all wrong, and if our good citizens ever expect to build up a nice, thriving little town in their midst, they must by all means support and patronize the home merchants and business enterprises. Their interests are identical with the people who expect to make Sioux county their home.

Don't forget to look over the large assortment of fine Candies, Nuts &c. at SMITH'S Confectionary, before you buy your Christmas supply. Prices the lowest.

—As regular as Saturday comes round J. W. Earnest comes in to get acquainted with his wife and children.

—O. J. Denning, of Lusk, who passed through Harrison some two or three weeks ago, enroute to Whitney, to look after some business matters there, was in our midst over night the first of this week on his way home. He resumed his journey westward early Tuesday morning.

—Mr. G. W. Hester, our enterprising lumber man, left on last Monday evening, for a well earned and much needed rest and visit with relatives and friends in Iowa. He expects to be gone about two weeks.

—Mr. James Nolan of Warbonnet, was a pleasant caller at this office last Saturday, and made ye editors heart glad by dropping a cart wheel on our round table, and renewing his allegiance to the JOURNAL. Come again the latch string is always out.

—Why don't you advertise your stock brand in the JOURNAL? It is the official paper of the County. Try it a year.

—Mr. Robt. Harrison of Adelia was at the Hub on last Friday and part of the Saturday, we presume in quest of old Santa and he did not forget to call on ye editor, giving him the wherewith to find "Santa Claus" also.

—Jacob Marking and his better half, who left Sioux county some time ago for Wisconsin, with the intention of making their home in the future, returned couple of weeks ago. Mr. Marking says he intends setting up his business affairs here by spring and return to the "hedge" state permanently for the future if, however, he does not conclude to move up to Harrison.

MARSTELLER BROS.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor of you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the better so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will very quickly pass judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended on. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For Sale by Dr. J. E. Phinney.

We Need Our Money.

Parties who are in arrears on subscription to the JOURNAL for one and two years are requested to settle by January 1st next. It costs us money to run the paper and we feel the price of one years subscription \$1.00, is not much to pay for the JOURNAL and it will very materially assist in making the paper better for the next year. We hope to make some improvements in the machinery of the office the coming year and we will need what is due us to do so. We have over \$500, on our books and we must have them balanced up by the end of the year. GEO. D. CANON, Editor and Proprietor.
