We are requested to announce that there will be Mass celebrated in Harrison, at the residence of Anton Moravek at 10 o'clock, Feb. 11, 1899.

A. F. Christian was down from Rawhide last Tuesday night and reports all stock doing well at the ranch.

The many friends of Miss Maggie Hunter will be sorry to hear she has been suffering from the measles at Chadron.

Owing to sickness in her family, J. F. Hattie K. Bailey deputy S. O. of R. N., who was killed to be in Harrison on last evening to give a musical and lecture, was unable to come, but no preventing power intervening she will be here on next Wednesday evening. Come one, come all.

In view of the loss Miss Merriam sustained in having all her personal effects contaminated in the fire which so completely wiped out of existence the Galpin building on last Tuesday morning and into which she had so recently moved the citizens of Harrison and vicinity raised a purse of \$27, which will partly reimburse her for her loss; \$1.60 of the above amount was given to Ray Myers as he too lost all his clothing. It confirms our opinion that our citizens sympathize with them, and have taken this way to demonstrate the fact, as they are always generous in time of need. We doubt not, but the two recipients will highly appreciate the favor.

Car, genuine Glidden Barb Wire and Nails just arrived at G. W. HESTER'S.

Mrs. W. C. O'Connor, was so sick of lagrippe on last Sunday as to necessitate calling in the Doctor.

John Herman, was in from the valley Tuesday and reports losing 14 head or calves, from blackleg, within the past two or three weeks, we also learned that Nels. Andersen had lost 9 head of calves this winter, of the same dread disease.

On last Saturday, J. C. L. Ragland and Charles Umphenour closed a deal whereby Charley became the owner of Mr. Ragland's Sioux county ranch, about four miles north-west of Harrison. We were unable to ascertain just what the consideration was, further than Charley obtained an extraordinary bargain, this we were pleased to hear, as there is no person in the county we would rather see get the benefit of a good bargain than him. Charley has been a resident of this county for several years and only left here last Thanksgiving to visit his parents and returned a couple of weeks ago to look after a small bunch of horses which Mr. Ragland was wintering for him, which resulted in the purchase of the ranch. Charley is a citizen of which any community can and ought to feel proud of, and there is lots of room for more just like him.

Harrison has been a dry town since last Saturday, and to help bring matters to a focus, a fire must occur in the interim. Something should be done to avert a recurrence of this evil, fortunately a little of the beautiful lay on the ground otherwise some of our citizens as well as stock would have suffered the penalty of drought.

Dangers of the Grip.

The greatest danger from Lagrippe is of its resulting in pneumonia. If reasonable care is used however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for lagrippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Dr. J. E. Phinney.

Highest cash price paid for hides.

Virgil Hester, is enjoying a visit among relatives and friends back in Iowa.

M. J. Weber, was in town Tuesday to call Dr. Hartwell to the home of Henry Kroeman, near Glen. Mrs. Kroeman is reported sick.—Crawford Bulletin.

The Epworth League, will give a social at the M. E. parsonage on tomorrow (Friday) evening. A cordial invitation is extended to all. A good time is anticipated.

Rosenberg brothers, of Cottonwood precinct were in town over night the first of the week on business, and while here did not forget to say a friendly "how" to our quill pusher.

Miss Claudia Hester who has been attending the Academy at Chadron, during the fall and winter, was obliged, though very reluctantly to abandon her studies for the present, owing to her parents poor health. She came home last Saturday noon.

George Grimm, who with his family left here three or four months for Missouri, with the intention of locating there permanently, reconsidered his resolution and on last Saturday returned to our midst and now expects to make Sioux county his future home.

George Davis of Hat Creek, had the misfortune to freeze two of his fingers on his right hand pretty badly a week ago yesterday, while caring for his cattle. He came in on Saturday to have Dr. Phinney fix them up, but all that was necessary, was some liniment, he thought would finally bring them out all O. K.

Mrs. Samuel Seaman, who has been visiting with relatives and friends in St. Louis during the past four months, returned on last Friday noon. She was accompanied by her father-in-law, who will spend a month or six weeks visiting with his children before returning to his southern home. Mrs. Seaman reports a splendid time while away.

For La Grippe.

Thos. Whitfield & Co., 240 Wabash Av., corner Jackson street one of Chicago's oldest and most prominent druggists recommend Chamberlain's Cough Remedy for lagrippe, as it not only gives a prompt and complete relief, but also counteracts any tendency of lagrippe to result in pneumonia. For sale by Dr. J. E. Phinney.

Grandma Wright was taken with a sinking spell on last Monday afternoon and it was thought for a while it would prove fatal but after some time she rallied and at this writing she is resting quite easy.

During the week just closed we have without any doubt passed over the worst of our winter weather, we had during the three last days some of the snuggest weather any one could wish, the temperature ranged from 20 to 28 degrees below zero.

Mr. Parker, a half brother of Leslie Crane, and who has just been mustered out of uncle Sam's volunteer service, a week or two ago out in Washington, came in over the F. E. & M. V. R. NOTICE:—There will be Lutheran services at the M. E. church Saturday, Feb. 4th, 1899, at 2 o'clock P. M. REV. F. G. WINGES, Pastor.

A Midnight Blaze.

On last Tuesday about 3 o'clock in the morning, the building just north of J. W. Smith's "Candy Soap" was leveled to the ground, with all its contents, by fire. The building was occupied by Superintendent, Miss Elsie Merriam, who had just recently moved in, but as she was away from home that night, on an errand of mercy, assisting in the care of Grandma Wright, who has been sick so long and who was taken very much worse on last Monday, hence Miss Merriam did not learn of her loss until next morning. The first parties to discover the fire we understand were, Mr. and Mrs. Anton Moravek, John Marsteller, Perry White, J. W. Smith, and H. A. Priddy, but as the fire had made such progress before it was discovered, and as there was no water in the town cistern, and very little in others anywhere near the scene of the fire, little could be done except to prevent other buildings in the immediate vicinity from taking fire from flying sparks. So quick and quietly did the surging flames complete its work, that some families living very close to the building did not know of its destruction until the next morning, notwithstanding the fact that those who first discovered the fire yelled at top of their voices, but the night being bitter cold, and the hour so late that everyone was wrapped in the gentle embraces of morpheus, hence they were unconscious of the conflagration in their midst. Miss Merriam informed a reporter of the JOURNAL that her individual loss would reach at least \$300, she saved only the clothes which she wore, and many things lost in the fire she will never be able to replace, but fortunately she says \$10, would pay all she owed on what she lost, everything else being paid for. She feels very thankful that she escaped with her life. Although Miss Merriam has lost all she possessed of this world's goods, yet she makes less fuss over it than many would though they may be worth thousands, she has the sympathy of the entire community in her loss.

A Card of Thanks.

We wish to thank our many friends for their kindness to us, in giving us so freely of their sympathy and assistance, in the shape of kind words, silver coins, and clothing to help us better bear the loss we sustained through the recent fire of Feb. 7th, 1899.

Over In Wyoming.

Hello there! JOURNAL man? Everybody is snowbound out here, how is it with you?

Zekiel has been snowbound for nearly two weeks, therefore news items are scarce.

One thing we do know, is that Mrs. Knott, of Gilchrist, who was stormbound on Pleasant Ridge, braved the cold and went from here to Harrison on Tuesday of last week, but could not get to her home in the valley until the following Thursday.

Ray Whipple made the trip from Kirrley to Lusk, and back the same day on Thursday of last week. It makes a hard drive, considering the depth of the snow.

Andrew Christian, lost two head of cattle last week; cause unknown. If this cold weather and deep snow continues through this month, there will be a great many cattle die of that terrible disease caughtenoughtoativeness.

The sick are all convalescing from what we have been able to learn.

Phillip Friese had a runaway one day last week while hauling straw from Zumburn's, the only casualty was the upsetting of the load.

Superintendent Sherman of Douglas, had intended visiting the schools in this vicinity last week but was deterred by a visit from tzar lagrippe, and after that, state superintendent Tynas called for some work that had to be attended to at once in connection with the legislature, so he got no farther than Lusk. He expects to visit Pleasant Ridge and the valley just as soon as the weather permits.

An Honest Medicine for La Grippe.

George W. Waitt of South Gardner, Me. says: "I have had the worst cough cold, chills and grip and have taken lots of trash of no account but profit to the vender. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grippe have all left me. I congratulate the manufacturer of an honest medicine." For sale by Dr. J. E. Phinney.

Higgen Bros. the popular South Side druggists, corner 68-st. and Wentworth Av., say: "We sell a great deal of Chamberlain's Cough Remedy, and find that it gives the most satisfactory results, especially among children for severe colds and croup." For sale by Dr. J. E. Phinney.
