"Eree Homes For All in The Grandest Climate on Earth."

Do You Want a Town Lot in Palm Springs, California? You Can Secure it in Five Minutes Work.

Every person who sends the names of five respectable, intelligent ladies or gentlemen to "SUNSHINE," Palm Springs, Cal., (where the sun shines 365 days in the year) will receive a TOWN LOT absolutely free. The reader will no doubt wonder how a newspaper can afford to give away town lots. To enlighten you, we will merely state that the owner of a large section of land in and surrounding Palm Springs has taken this novel method of locating the town, believing that by interesting other persons throughout the Country, and practically building up his town on the co-opperative system, he will more than double the value of the town lots which he reserves for himself.

It is needless to say that the owner of his land intends to make Palm Springs one of the greatest health resorts in the world. The climatic conditions and scenic surroundings will make this comparatively easy.

These lots have been placed with the "Sunshine" with instructions to distribute them only to respectable persons, that is why you should be particular to select intelligent people.

The "SUNSHINE" will be pleased to send a descriptive pamphlet, giving a full description of Palm Spring, of its fruit resources and glorious climate.

We will also give full outline of just what the owner of this land proposes to do. The next issue of the "SUNSHINE" will also contain a full description of Palm Springs, and much other useful information, as well as many interesting stories.

We believe that if each person who owns a lot in Palm Springs is kept posted through the columns of the "SUNSHINE" of the growth and progress of Palm Springs, they will naturally assist us in building up a city that will rival Los Angeles in size and surpass it in other features.

Therefore the only condition of this proposition is that each person to whom we give one of these lots shall send us $2.50 in payment of one year's subscription to "SUNSHINE." The paper is worth fully the amount asked, and each and every subscriber shall receive promptly, upon receipt of his or her subscription, a warranty deed of a town lot in Palm Springs, California, with taxes paid six months in advance.

If further information is desired it will be cheefully furnished upon application by mail.

Address all communications to "SUNSHINE" Co., Palm Springs, Riverside County, California.

Chamberlains Cough Remedy.

This remedy is intended especially for cougis, colds, croup, whooping cough or influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerour consequences. It is especially prized by mothers for their children as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies as it contains nothing injurous. Sold by Dr. J. E. Phinney.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh. Elgar, Germantown, Cal. For sale by Dr. J. E. Phinney.

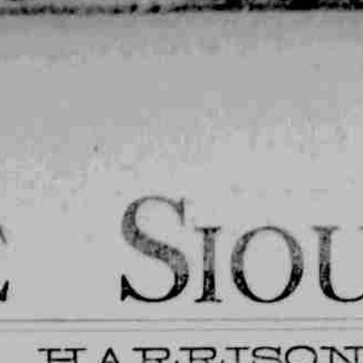
OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.



Congressman, William L. Green who represented this big sixth district, died of heart disease in Omaha last Saturday at 7 o'clock, while on his way to the Burlington depot to take the train for his home in Kearney.

Let us simply try to do the right thing and be cheerful. Do right and be fearless. The man who means to do right can be as fearless as the man who has done right.—Rev. Myron W. Reed.

The Pipe Organ trust has formed in New York city with a capitalization $50,000,000.

The Utah legislature has adjourned sine die without electing a senator to succed Hon. Frank J. Cannon, whose term expired the 4th of this month.

Straws usually indicate which way the wind blows, thus it can be easily seen that Col. W. J. Bryan, will without doubt be the Democratic nominee for president in 1900.

Gomez, the old Cuban war-General has been impeached and deprived of his epulets by the cubans for what they call dereliction in his duty because he accepted the $3,000,000 from the United States without authority from his countrymen.

If as stated in Saturday's Omaha, World-Herald that the state supreme court Commissioners and judges of this state have appropriated $48,000 of the peoples money into their own pockets, Auditor Cornell is an angel of light in comparrison. The republican papers are, so far saying little about it, neither are they making any stiff denial.

The fifty-fifth congress which closed one week ago last Saturday, 13 U. S. Senators and 107 Representatives were retired to private life.

Following are Senators by name and from the diffirents:

Gray	Democratic	Del,
Gorman	"	Md,
Murphy	"	N. Y.,
Smith	"	N. J.,

In speaking of the gigantic trusts and combines which have been so rapidly forming, since the commencement of president McKinley's administration, Senator Chandler of New Hamshier says of them and their authors:

"The influences of such aggregations are not only powerful industrially, but omnipotent politically. These enormous

COMBINATIONS OF CAPITAL

Control the politics of the country, nominate the candidates, then furnish the means to carry the elections, and later direct all legislation, state and national, and dominate the use of all executive power.

"Yet I fear that we shall not get such a victory if the party does not promtly take ground in state and national conventions against the enormous trusts and monopolies that are being formed in every direction and in connection with every great industry.

Mrs. Cordelia Poirer, of St Scholastique, Quebec, who was hanged last Friday for the murder of her husband sang and played her own death service, and went to the gallows without little fear or trembling while her paramour was almost dead with fright when the drop fell, which ushered them both into eternity.

In the death of congressman Green, it devolves upon the Governor—it is discretionary however, under certain circumstances—to order a special election in the district for the election of a successor to the deceased representative. Following is the law regarding the calling of a special election.

"At the death of a representative of a state to congress the United States constitution provides in section six article one, as follows: "When vacancies happen in the representation in any state the executive authority thereof shall issue writs of election to fill such vacancies."

"When a vacancy occures in the office of representative in congress or members of the legislature and the body in which such vacancy exists will convene prior to the next general election, the governor shall order a special election to fill such vacancy at the earliest practicable time, an ten days' notice of such election shall be given."

During January and February, there were no less than 43 trusts formed in the United States, with a capitalization aggregating $1,106,300,000. The trusts forming with such rapid progress in two months, what will the class of 1900 disclose to the wealth producing class of these United States? It means more than $6,000,000,000 or more than three times the circulating medium of the United States. What a concentration of wealth, and what centralization of power?

A professor in the state University of Missouri, little over three months ago made the startling statement that 1,000 men owned something like seven-tenths of the wealth of this country. But, what will the result be at the end of the present administration, if the formation of trusts and combines continue to increase during the next two years as they have in the past two only just closed. What will the end be? Do the people realize what is taking place today? The people have sown the wind and they are to reap in the whirlwind. The golden calf, which the people have set up to worship must and shall be broken in pieces, but, it will be done by the people under the guidance of Him, who rules the destinies of nations and the lives of men. The people ought to study the signes of the times and the public questions that they will be called upon to decide in 1900.

GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a fixture, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Buell Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at $1,500,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent. and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.

Delaware, after a most stormy debate adjourned sine die without electing a U. S. senator.

In reply to the repeated Republican assertion that the Democratic party is dead, some unknown Hickory Democrat has put into verse the conditions under which, and the time when Democracy will die:

When the lion eats grass like an ox,
And the fishworm swallows the whale;
When the terrapins knit woolen socks,
And the hare is out-run by the snail:
When serpents walks upright like men,
And double lugs travel like frogs;
When the grasshopper feeds on the hen,
And feathers are found on hogs;
When Thomas cats swim in the air,
And Elephants roosts upon trees:
When insects in summer are rare,
And sunfl never makese people sneeze:
When fish creep over dry land,
And mules on velocipedes rides:
When foxes lay eggs in the sand,
An' women in dress take no pride:
When dutchmen no longer drink beer,
And girls get to preaching on time;
When the billy goat butts from the rear,
And treason no longer is crime;
When the humming bird brays like an ass,
And limberger smells like cologne;
When plow shares are made out of glass,
And hearts of Illinoisans are stone;
When sense grows in Republican heads,
And wool on the hydraulic ram;
Then the Democratic party will be dead,
And this country not worth a d—n.

E. D. Saterlee for Mayor.

CHADRON, Neb., March 12. (—Special.)—E. D. Saterlee, well known throughout all Nebraska as the proprietor of the Blaine hotel in this city, was nominated for mayor last night in the citizens' caucus after a most intresting and exciting contest, his opponent being Judge C. Dana Sayers. It was a marked token of the popularity of Mr. Saterlee. Heretofore a caucus nomination has always been equivalent to an election and there is little doubt of Mr. Satterlee being Chadron's next mayor. Other officers nominated were: Treasurer, Charles C. Jameson; clerk, A. Rockwell; engineer, James Cobb; members of the board of education, A. R. Julian, Mrs. Mary SmithHayward Capt. Allen G. Fisher; councilmen, W. S. Gillam, Charles Torgesen, William Agnew. The caucus was largely attended and was presided over by Hon. A. W. Crites, as chairman and E. W. Julian, secretary

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney troub'e. The hollow cheeks, the sunken eyes, the dark puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it: if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present no time should be lost in removing the cause.

Delay may lead to gravle, catarrh of the bladder, inflammation, causing stoppage and sometimes raquiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention THE SIOUX COUNTY JOURNAL and write to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle and book telling all about it, both sent absolutely free by mail.
