Parties wishing to invest in real estate, should not fail to read our list of ranches and farms for sale, which will be found in another column of the JOURNAL.

In addition to the outfits now at work on the new railroad of Alliance, there will be 150 teams and men down from the west Monday. The line is to be built from Alliance, by way of Camp Clark, Bayard and Gering, thence to Brush, Colo. A spur is to be built to Hartsville to enable the Iron mine owners to open up their mines. Work is to be pushed until completed. No work has been done down there by the U. P. road as commonly reported.—Alliance Pioneer Grip.

In 1899 my wife went east and was attacked with rheumatism. She received no relief until she tried Chamberlain's Pain Balm. Since that time we have never been without. We find it gives instant relief in cases of burns and scalds and is a good remedy for all rheumatic and neuralgic pains. D. C. Brand, Harrison, Neb. For sale by Dr. J. E.

EGGERT ROHWER.

M. J. Gayhart, of Montrose was in town on business yesterday.

Mr. T. B. Snyder, of Sheep creek was in Harrison this week, on business. Mr. Snyder is very jubilant over the assured success of the new Rail Road going through down in that country.

Goodson and Herbert Lucy left for Casper, Wyo., where they expect to obtain employment at the sheep shearing camps near by, they will probably be gone until about the first of June, may be longer.

Elmer Smith, who with his father has just arrived from Gering, informed the JOURNAL reporter that surveying and grading is now being done on the line from Alliance and also on the U. P. line from Sidney. He thinks without doubt both lines will be built.

A letter from Hon. A. G. Fisher this week informs us that the bill house Roll No. 450, which we published last week, under the caption "How is this" did not pass either house of the legislature, hence, it could not become a law. Therefore, we gladly make the above statement in order to set Mr. Fisher right before the people as he was author of the bill and ought to know whereof he speaks.

W. R. Smith, while about one mile the other side of Running water Tuesday afternoon came near losing his life, caused by the wheels of the wagon dropping into a rut in the road in such a manner as to throw him from the high load which he was sitting on down between the heels of the horses and the wagon and of course was run over by the wagon which bruised him up quite badly, but not seriously. He was brought to town the next morning by Wills Earnest, and John Marsteller, his son-in-law went down and assisted Elmer in getting to town with their loads. Mr. Smith, however, will be all O. K. in a few days, though it is a miracle that his life was not crushed out of him.

### Good Hay & Stock Ranch for sale.

CHARLES SCHILT.

T. O. Williams made a trip to Pleasant Ridge, the first of this week on business.

Miss Ella Will, went to Lusk, on last Tuesday, where she has secured employment at the depot hotel.

R. H. Archerd, left for Casper, Wyo., last Saturday noon where he expects to obtain a job shearing sheep.

Now is the time to purchase that new carpet, cheaper than ever at BARTELL'S, also carpet lining.

Arthur Chiquan, passed through here last Monday on his way from Hat Creek valley, with 500 head of cattle taking them to Mr. Coffey's Rawhide ranch.

Michael Brock who has been up in the vicinity of Douglas, Wyo. during the past year employed as sheep herder came down on last Wednesday evening, to look after his interests here, speaking of his business, during the past winter Mr. B. said he lost but two sheep during the winter, but we understand Mike is a crack herder.

Incidentally we learned that Mrs. Maggie Roscan, who with Mrs. Scott (the latter a sister-in-law of John Finley of Bodare) just recently arrived from Seward will open dressmaking parlors in the corner room of the Andrews block.

We believe a dressmaking establishment if rightly conducted, in this town, will prove to be a success.

W. R. Smith and wife, parents of Mrs. John Marsteller, and Elmer her brother, who have been residents of Scott's Bluffs county for the last year and a half, near Gering returned with all their household goods yesterday and we learn they will doubtless make this their future home again, they having once been honored and respected citizens of this village.

Rich Dunn and family, who used to be residents this county and who moved to Guthrie Wyo., two years ago returned to Sioux county to make their future home Monday, Mrs. Dunn coming by rail and he driving overland by team. Mrs. Dunn is a daughter of Mr. and Mrs. J. W. Sherrill of this place, Mr. and Mrs. Dunn have moved onto their place down in the valley where Mr. D. will doubtless engage in stock and farming industry.

Mr. Joseph Dunn and his bride, came in on the east bound train last Tuesday evening, and were guests at the North-Western hotel over night, and on yesterday they left for their Squaw Creek ranch, where they expect to make their future home. The JOURNAL acknowledges a pleasant call from the newly married couple and it hastens to offer congratulations and wish them health, wealth and prosperity, in their new sphere of life and the crowning glory in the next.

One feature which is an essential necessity in all well regulated families in this neck of the woods, that is the SIOUX COUNTY JOURNAL, and this essential the newly made Benedict did not neglect. We hardly deem it necessary to add, that Jo. is an old Sioux county resident, and a son of M. Dunn, Sr. of Warburton.

Call For Commissioners Meeting.

The County Commissioners of Sioux County, Neb., are hereby called to meet, at the office of the county clerk, on Wednesday April 19th, 1899, for the purpose of drawing a jury, for the May, 1899 term of the district court, and for the purpose of transacting ordinary county business.

Rev. Barleigh of Crawford, was in town this week, Tuesday.

Jack Raffin, was in from Rawhide Tuesday doing business.

Look out for the finest line of millinery, that was ever brought to this town, next week at BARTELL'S.

Sheriff Holly, was out in the vicinity of Cottonwood this week on official business. He returned yesterday.

Thomas Hines, and his brother of Bodare expect to leave for Billings, Mont, about the first of May, to work in the mines for awhile. They have rented their place to John Mack.

Judge Wilson, and his three sons left for Wheatland, Wyo., on last Monday. The boys expect to stay up there and put in a crop, but the Judge after seeing the boys comfortably domiciled will return to Sioux county.

A letter to Grant Guthrie from S. B. Coffey at Georgetown, Tex., last Monday stated that his little boy baby had died a few days ago of croup and was sick but a day or two. This will be sad news to their many friends in Sioux county.

Ed. O'Connor, left for Wyoming, on last Monday evening, where he has spent the past three seasons in the employ of the U. S. cattle company. Ed. is an honest and trustworthy young man, in whom his employers will not place confidence in vain.

Anton Kratz, of Crawford, was up in this neighborhood a day or two this week, trying to find some one who had cattle to sell, as he is anxious to buy some. While in town he did not forget to say a friendly "how" to ye editor and staff.

Perry White, has given up buying a new well drilling outfit. He thinks the railroad company want more for hauling the machine from the factory than it is worth after it gets here. He says the company charges \$150, freight and that, he considers exorbitant.

For ten days the weather has been nothing more than balmy, spring weather, excepting a few drifts here and there, the last of the snow has disappeared and grass is slowly making its appearance, and without doubt by the first of MAY stock will be able to get plenty of new feed.

Frank Lillie and wife, of Castana, Ia. the former a brother-in-law of Frank Johnson of this place, who have been visiting here during the past several months, left for their home on last Monday evening, but expect to return to this country ere many moons to settle permanently.

Ed. Bowker, left for Running Water, on last Sunday evening, and on Monday morning commenced the erection of the Langworthy Bros., mansion, which he expects to push towards completion with all possible speed. Ed. is a first class mechanic, and will doubtless fulfill his part of the contract to the utmost satisfaction of his employers.
