Over in Wyoming.

Our last week's items failed to appear in the JOURNAL. What is the matter Bro. Canon, tired of our squibs? If so let us know and we'll quit.

Andrew Christian had, a serious runaway on last Saturday evening. It seems that a colt that he is working got scared and started to run while hitched with three other horses to the drill. In their course they struck the windmill tower and were all piled up in a heap. We have not learned the results.

Miss Amy Christian is teaching school in the Streeter district near Lusk.

Andrew and Chris Christian have rented Laney Sutton's windmill and tanks, near Van Tassel Springs, for the season.

Chas. Glazs of Crawford placed a neat tomb stone at little Dewey McDermott's grave, in Pleasant Ridge cemetery, on Thursday of last week.

Andrew Christian bought two Herford bulls of John Herman of Indian creek last week.

J. J. Zumbren is kept, at odd times sharpening plows for his neighbors. It is very convenient to have a smith in our community as it often saves a long trip to town.

The city of Baltimore, in the recent municipal election went Democratic by 8,641 majority or a gain of 16,000 over the preceding election. It proves conclusively that the gold democrats are returning to their first love. There is nothing much more sure than that Maryland Kentucky and west Virginia will swing back into the Democratic column in 1900, thus adding 24 more electoral votes to the democratic candidate chances for president.

LEWIS GERLACH, Administrator.

At Salt Lake, last week, May 11th, the Western Labor Union, and Western Federation of Miners, at a joint convention passed following resolutions:

Opposition to government by injunction. Favors government issuing all money, and opposes National banks of issue.

Indorses Municipal ownership of public utilities, telegraph, telephones railways &c. &c.

Opposition to the retention and annexation of the Philippine islands.

Opposition to trusts of every description.

The Texas legislature only last week passed an anti-trust law, framed something after the Arkansas and Missouri laws. The law absolutely debar any pool or trust from doing business in the state, prevents their goods from being used in the state for the reason that the law clearly specifies that goods bought from any trust or corporation which may prove to be a trust need not be paid for.

The bill provides as follows: That no corporation can fix a price on its goods and force merchants in the state to sell at such a price.

That pooling is strictly prohibited. That corporations giving away its goods, for the purposes of crushing out competition, shall be adjudged a member of a trust and shall be debarred from doing business in the state.
