### THE SIOUX COUNTY JOURNAL

THURSDAY, June 1st, 1899.

Sec. D. Canon, Editor and Prop.

F. E. M. V. R. R. time table, Going West, Going East, No. 5, mixed, No. 6, mixed.

**North-Western LINE**  
F. E. M. V. R. R. is the best to and from the **BLACK HILLS,** DEADWOOD AND HOT SPRINGS, SOUTH DAKOTA.

The citizens of Harrison, are hereby requested to meet at Andrews Hall, Friday evening, June 2, 1899, to consider the advisability of making preparations to celebrate in Harrison on the 4th of July. Respectfully,  
**H. A. Priddy.**

The Best Advertising Medium in North-West Nebraska, is THE SIOUX COUNTY JOURNAL.

M. J. Blewett, went down to Crawford on last Saturday evening on business and returned Monday noon.

With this issue Mr. Thayer of Bodare, will inscribe his name among the JOURNAL readers. All should read the official paper of the county.

W. J. A. Raun, assessor for Cottonwood precinct, was in town Monday to turn his books over to county clerk, Blewett. He also informs us that he expects to make another trip to South Dakota within a few days with a bunch of horses.

W. C. Cavin, who is "all things to all men" as St. Paul says, has so adjusted his politics, that the governor of this great commonwealth has been importuned to appoint him as a member of the brands and mark commission which was created by late lamented legislature.

Miss Marley made a pleasant call at this office on last Monday and ordered the JOURNAL sent to her home during her vacation. We hope to see Miss Marley back again as teacher in our school, as we do not know if a better teacher could be procured. Miss Marley left for her home at Inman Neb. on last Monday evening.

Mr. P. Ketchum of Pike City, Cal., says: "During my brother's late sickness from rheumatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this treatment affords. For sale by Dr. J. E. Phinney.

M. J. O'Connell has been spending a few days in the valley this week.

Mr. J. W. Ostrander, of Ardmore, was a visitor at the county seat on last Friday.

Jess Crawford who with his brother owns and operates a saw mill on Spring creek while in town Tuesday said that two gray wolves crossed Dr. Polinney's place last Sunday in search of some young calves, but assisted by his dog forced the foragers to retreat.

Like nearly all other people the JOURNAL family enjoys cake and especially wedding cake, and our taste in that line was satisfied to our utmost content. Mrs. Perry Kirkpatrick remembered us very generously on the occasion of her daughter's marriage. Many thank's kind friend though we did not dream as we deemed it unnecessary, our dye being cast.

Miss Katie and Gertie Bourette returned from Chadron, on yesterday noon. They were accompanied by Master Jameson of Chadron their little nephew. Miss Gertie has attended the public school at Chadron during the past nine months, but Miss Katie has been visiting her sister and friends during the past week.

In justice to Judge Westover relative to not being able to convene court here on the 22nd of May as ordered by his honor, he informed us while here that court at Rushville did not adjourn until 24th, and besides court on Saturday before had extended over into the sabbath, in order to try and reach here on time as announced by the court's order, the first of the year.

Next week, will appear one of the most interesting letters we have yet published of Harry Christensen's. Watch for it as you will enjoy reading it.

Mr. John Bevins, editor of the Press Anthon, Iowa, says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for fifteen years, have recommended it to hundreds of others, and have never known it to fail in a single instance. For sale by Dr. J. E. Phinney."

It would seem to us that it would be doing about the right thing if our town board would go to work and put in a watering tank down at the pump house, so that the stock that are constantly in the streets and on the sidewalk on main street could be stopped. The time of the year is at hand again when every business house will be full of flies as a result of stock on the streets from morning till night, besides people coming in from the country cannot leave a team on the streets with feed in their wagons, but they are obliged to head the stock away or if they have groceries in their wagons they're liable to be destroyed if the wagon is not watched every moment of the time. No doubt every business man in the town would be willing to appropriate a little out of their private funds for the purpose. It would be but a short time after the change was made that the cattle and horses would get used to going to the new watering place. We do not believe the change would discommodate anybody.

J. T. Mason, of Glen was a visitor at the Hub last Monday.

W. S. Johnson, of Glen, was doing business at the Hub on last Monday.

W. R. Smith of this village, last Monday sold to J. T. Mason, of Glen, a fine stable horse we did not hear what the price received was.

McCall's Magazine for June is a marvel of beauty and in regard to style and correctness of dress, it far exceeds all previous editions we have yet received. The June number of the Review of Reviews has an illustrated article on summer reading, giving a rapid survey of the important books just issued from the various publishers houses.

In the Review of Reviews for June Mrs. Lesmore Beck tells describes the recent progress in agricultural methods made by the Southern States, as illustrated in the work of the Georgia experiment station.

John DeBeno and son of Ardmore, S. D., passed through town Monday on their way to Gering, where they expect to find work on the new railroad, now being built through that country by the B. & M. people.

We are requested to announce that Rev. Kendall will preach the funeral sermon of Mr. Grimm's little one, who died in the south, just before the family came north last spring. The sermon will be preached at the Bodare school on next Sunday afternoon.

Roy Wright, who has been local editor in the Press office, during the past eight months, severed his connection with that institution on last Saturday. Roy's many friends will be pleased to know that he has entered the employ of Marsteller Bros., and will work out at their ranch.

A couple of weeks ago the JOURNAL clipped a local notice from the Alliance Grip which we failed to give proper credit which we should have done but the proof sheet was read by our other half and not knowing it was clipped of course did not make that correction and hence the fault rests between the compositor's, the article in question was relative to taking government land by putting a reservoir on same. We beg pardon from editor Grip.

Relative to a local notice two weeks ago about parties taking an additional claim under what is termed the Reserve act on government land, Attorney Grant Guthrie has received a pamphlet from the secretary of the Interior and Mr. Guthrie informs us that it is of no benefit to us as the expense of building a reservoir and maintaining it after it is built is too expensive to warrant the undertaking, with no show of ever acquiring a title to the land, as the land cannot be fenced and besides the reservoir is for the benefit of the public.

**Masonic News.**  
J. T. Mason, and his better half were up from Glen Monday making a transfer of their home place, which J. T. has sold to John Blomberg, the consideration being \$600. While here Mr. Mason informed the quill pusher of the JOURNAL that he was building a new house on the school section near where the saw mill

is now located and that it will be but a few days until it will be completed when he will move his family into it. Also, he informed us that his son Fred, has taken a homestead adjoining the school section North-west of Glen and would assist his father in getting out logs for making lumber filling a government contract for 400 cords of wood he had only just been awarded a day or two ago. Mr. M. gave us to understand that Mr. Blomberg, who bought his place will take Fred Blomberg's cattle to care for this summer and which will range near the place.

Incidentally, we learned through Mr. Mason, that Charley Kalstrom has a new wild cat up on his place which Charley purchased of J. Blomberg last winter.

J. T. Mason, took cattle for his land sold to Blomberg.

#### Bill-Kirkpatrick Nuptials.

**MARRIED**—At the residence of the bride's parents in Highland precinct, Sunday May 28, 1899, at high noon, Miss Alice B. Kirkpatrick and Albert F. Hill, of Bodare precinct this county, aged respectively 17 and 31 years. His honor Judge Wilson performing the ceremony. The immediate friends of the high contracting parties were present to witness the solemn ceremony and partake of the elegant and delicious repast which of course was an after consideration. We are personally acquainted with the bride who is a daughter of Mr. and Mrs. Perry Kirkpatrick of Highland precinct, respected citizens of whom any neighbor can feel proud Mrs. Hill nee Kirkpatrick is an estimable young lady and without doubt will be a help meet, indeed, to the companion of her choice.

Relative to our acquaintance with the groom, we are only slightly acquainted with him, but it is safe to say he is a gentleman in every respect, worthy of the loving affection of his spouse and will be an honor to her through life.

The JOURNAL extends hearty congratulations to the newly wedded couple Mr. and Mrs. Hill, and that nothing may arise through life to mar their peace and happiness and as the years go by, may new joys and blessings be added and that the last days of their lives may be their happiest days.

#### A President's Grave Unmarked.

Two pages of pictures in the June Ladies' Home Journal, giving views of the places "Where Our Presidents are Buried" recall the fact that four of the first five of our Chief Executives sleep in the soil of Old Virginia. The picture shows that the grave of President John Tyler, at Richmond, Virginia, is absolutely unmarked—even by a small headstone. Visitors to Hollywood Cemetery are shown a scarcely perceptible mound, over which a magnolia tree spreads its shade in summer, as the resting place of our tenth President. The burial places of the others are marked by monuments or tombs, except those of the two Adamses, who are buried under the portico of the First Church at Quincy, Massachusetts.

Preaching every other Sabbath at 11 o'clock a. m., and every Sabbath evening at 8 o'clock at the M. E. church. Every body invited to attend.  
Rev. J. L. KENDALL, Pastor.

**J. E. PHINNEY, M. D.**

The Dominion Co. 517, 3rd Floor Carlton Bldg., Chicago.

Lieutenant Charles O. Zollars, Co. E. 1st Colorado volunteers, in an interview in the Daily Rocky News says:  
It will take 100,000 soldiers to whip the Philippines and that our volunteers are liable to remain in the Philippine Islands perhaps another year.  
It is safe to say that Lieutenant Zollars comes pretty near knowing what he is talking about as he has only just returned from the island.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I gave this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully,  
Mrs. Mary A. Beard, Claremore, Ark.  
For sale by Dr. J. E. Phinney.
