BORN:—To Mr. and Mrs. F. B. Langworthy, one remaining year, a boy—weight about 8 pounds Doctor Phinney at this place, who was the attending physician reports father, mother and child all doing well.

BORN:—To Mr. and Mrs. F. Avery, on Wednesday, June 22, 1899 at 4 o'clock p. m., a girl. All the interested parties are doing nicely, especially Frank. Notwithstanding the good fortune just done to his home, Frank did not cry.

—The annual school meeting and election of Bowen school district No. 7, took place at the school house at 3 o'clock P. M., J. H. Bartell moderator in the chair, and E. Rohwer, as secretary of the meeting.

Meeting called to order and minutes of last annual meeting read and approved after which Mrs. Gerlach made a statement of money collected and disbursed during the year just closed.

The report of the director also was made and approved. On motion the patrons of the school present proceeded to the nomination and election of district treasurer by ballot which resulted in re-election of L. Gerlach for the ensuing three years the vote being:

Gerlach 10

Mrs. Bennett 1

Davis 1

It was found that the valuation of all taxable property in the district was in round numbers \$92,000 and hence a tax levy of 10 mills on the dollar was voted for school purposes for the ensuing year. On motion meeting adjourned and

—Mrs. Gerlach and Mrs. Priddy, also Mrs. Sutton and Mrs. Holly were among those who went to the canyon this week berrying.

—B. E. Brewster arrived from the Bay State, on last Saturday and is looking after his interests at the ranch. He expects to remain about two weeks.

—A very pleasant birthday party, was given at the home of Sheriff and Mrs. Holly on last Monday afternoon the occasion being the 7th birthday of Master Tommie. Nearly all of the little tots in town dressed up in their best frocks and joined in helping Tommie celebrate his birthday. Several presents were offered and all did justice to the good things which Mrs. Holly set before her sons little guests after which they all "spanked" Tommy and gave him an extra hard one to grow on and then left for home.

—Once more the village well has been repaired by pulling the tubing and putting in some new pumping valves and in other ways putting the pumping apparatus in first class order. The wind mill is being remodeled and put in such shape that the town will be swimming in water all her days, if nothing more ever ever breaks down. Every body should have a well of their own anyway.

—Laney Sutton, and family were out at Kirtley—commonly called Pleasant ridge visited with his brother-in-law and family, and his son Sunday, the latter who just recently returned from the Philippine islands where he has been engaged as one of Uncle Sams Naval heroes. Mr. Sutton, brought home from his brother-in-law's, a grain of smokeless powder which his son brought home from the war and also some other war relics, which are curiosities to many of the people in this country. The grain of smokeless powder, to us is the most curious, it being a piece, hexagon in shape one way and about 6 inches and a half thick, and of light brown color. Any body desiring to see the curio will no doubt be accommodated by calling at Mr. Sutton's, who will take great pleasure in explaining all about it.

E. & M. V. Railroad, Mr. and Mrs. Morgansridge will spend a week or ten days visiting with Mr. M's brother-in-law and sister. Mr. and Mrs. James Nolan, who live out in Warbonnet precinct. We learn that Mr. and Mrs. M. will go from here to Omaha, to visit the exposition before returning to their home.

Of all men in the United States at the present moment, probably John Barrett, former United States minister to Siam, is the one best qualified by personal knowledge to discuss the Philippine situation. Mr. Barrett has spent the past five years in the far East. Long before the Spanish war he had traveled over a large portion of Luzon and had visited the islands of other Philippine groups. In May, 1898, after Dewey had annihilated Spain's fleet in Manila Bay, Mr. Barrett returned and remained in the vicinity of Manila for seven months. Finally, after the fighting with the Philippines began in February he came back to the scene of hostilities, and only left to set sail for America in the middle of March. Mr. Barrett contributes to the Review of Reviews for July a summary of his impressions after all these months of experience and observation. The article is highly opportune and significant.

A good rain would not come amiss around here just now.

Quite a hail-storm fell here on Antelope and Squaw Creeks, it is estimated that in some places hail laid six inches, deep and some were as large as good sized hen's eggs.

M. J. Gayhart and H. Konrath, took their cattle to Duck Creek, last week where there is better range.

Miss Ann Gayhart, has returned to her home for a well earned and much needed rest, from the eastern part of the state, after an absence of four years.

Centenary of Camp-Meetings. A writer in the July Ladies Home Journal calls to mind that one hundred years ago—August 1779—the first camp-meeting for religious worship was held in America. The site of this notable gathering is a short distance from Russellville, in the State of Kentucky. The earlier camp meetings, it is shown by the Journal's article, were formerly conducted irrespective of denominational lines, and the form of worship soon became, and has since remained, a Methodist institution.

Good Hay & Stock Ranch for sale. CHARLES SCHILT.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. I gave this certificate without solicitation, simply in appreciation of the gratitude felt for the cure effected.—Respectfully Mrs. Mary A. Beard, Claremore, Ark. For sale by Dr. J. E. Phinney.

Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftness fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by Dr. J. E. Phinney.
