NEGROES AGAINST THE PRESIDENT.

Boston, Mass., July 15.—The post will say tomorrow:

"An uprising of the colored race against the administration at Washington is being organized in Boston. This is the seat of the movement that is proposed wherever the colored people are populous.

"The instigators assert that it will mean the downfall of McKinley, imperialism and the republican party.

"The object of this organization is a revolt at the ballot box. But there are those among its supporters who would willingly take part in an armed uprising and who were it possible would offer their strength to aid their strength to aid the philippinos in their struggle for independence.

"On Monday evening the first meeting of the Boston colored auxiliary of the National Anti-imperialism league will be held in St. Pauls Baptist church, Tremont and Camden streets. Dr. Jerome W. Wylie of Washington, D. C., a writer on negro sufferings and a president of the auxiliary movement came from the seat of government came from the seat of government last week and had several conference with Edward A. Kinson and Irving Winslow preparatory to the work of organization. It has now been decided to establish these branches all over the land. It is said that the support of almost the entire colored population will be given to the movement.—World-Herald.

HE CORRECTS AN ERROR.

ATLANTA Ga., July 15.—The friends of Wm. J. Bryan in Georgia and Alabama are worried about the attitude of Senator John T. Morgan of Alabama who declares that he objects to Mr. Bryan seriously, because the Nebraskan wants congress to order the withdrawal of all troops from the Philippines, a proposition which, Senator Morgan says, "would be against all the laws of humanity and which would bring disorder and disgrace to this country from which it would not recover in one hundred years."

To bring about a better understanding between Bryan and Morgan editor Clark Howell, Democratic national committeeman, urged Mr. Bryan to clearly set forth his position on the Philippine subject and that Mr. Bryan has wired as follows from Humphreys, Neb., which is given out by Mr. Howell as Mr. Bryan's denial of Senator Morgan's statement.

"I favor the Bacon resolution, which promised the Filipinos independence as soon as a stable government could be established. I believe further, that our nation should protect the Philippine republic from outside interference while it works out its own destiny; in other words I believe we should treat the Filipinos as we have treated the people of Mexico and the people of South and Central America. Monarchies are founded upon force, but republics are founded upon consent.

"The declaration of independence asserts that governments derive their just powers from the consent of the governed. If the declaration is sound, we can not rightfully acquire title by conquest or by purchase from alien monarch, whose title we disputed when we furnished arms to the Filipinos.

"If the administration had given the Filipinos the assurance of independence which was given the Cubans there would have been no bloodshed. If that assurance is given now, hostilities will cease. No one proposes to withdraw the soldiers until a stable government is established, but it will be easy to establish a stable government when it is known that our occupation of the Philippine islands is only temporary.

"Forcible annexation would be criminal and contrary to our code of morality W. J. BRYAN.—In Daily Rocky Mountain News.

Hundreds turning From McKinley to Bryan

"Mr. Bryan is very much stronger in Nebraska than three years ago," says Mr. Luikhart of Norfolk this Nebraska.

Mr. Luikhart is a bank examiner under the present state administration and as such he has special advantages in learning the sentiment of the people. He says the German people in 1896 feared the silver question and voted for Mr. McKinley. They no longer fear the silver question believing that if free silver was to prevail in this country that it would not effect them disastrously. But above all they are opposed to militarism and imperialism. They left Germany to get rid of McKinley in militarism for themselves and their sons. Hundreds of them who voted 1896 will vote against him next year because of militarism and foreign expansion.

And it is not in Nebraska alone that the Germans feel this way but all over the west. There are twelve German newspapers in Iowa which opposed Bryan three years ago. Recently I sounded the editors of these papers and found that nine of them would support Bryan next year regardless of the money question because of the position he has taken against imperialism and militarism and two of the others said they would support him if the money question was not made too important. Bryan is steadily gaining all over the country and a number of the states carried by McKinley three years ago will go for Bryan next year.—Sunday Rocky Mountain News.

Hon. W. J. Bryan has accepted an invitation to speak in Chicago July 20 when the national committee meets. Other national celebrities will be present at the same time who will assist in the political organization.

There will be a ball game in the afternoon of Aug. 2, 1899 and also a dance in the evening at Harrison, Neb. Every body is cordially invited to come.

By order of committee.
—The Democratic National Committee will meet in Chicago, July 20th, and in all probability will transact very important business so far as the future presidential campaign of the party will be carried on.

—Outside Doctors and Dentists seems to find a good field in Harrison to ply their profession. Professional men out side of our county who make a living from their profession should not forget to patronize the Journal when they come to this village to do business.

—In conversation with Mrs. B. F. Thomas, at the court house yesterday, she informed us that her brother, Doug. Hamlin, our old time citizen and friend, who left here for Brayton, Ia., couple of years ago, where with his family he is permanently located, will make the race for county Treasurer of Audubon Co. Ia., on the Democrat ticket. Our acquaintance with Doug, was limited, but in our opinion no more honest conscientious man could be named for the position, and above all democracy cannot be questioned. Mr. Hamlin's many friends in Sioux county will be pleased to hear of the honor the democratic party has bestowed on him and will hope to hear of his election in November.
