OFFICIAL PAPER OF SIOUX COUNTY.

Geo. D. Canon, Editor.

Entered at the Harrison post office as second class matter.

The warship, Charleston is a wreck on the coral reef of the North coast of Luzon Island. The crew and marines were all landed safely.

Governor-elect George K. Nash of Ohio is a minority governor by 75,000 votes. Not much consolation in that for president McKinley and Boss Hanna.

The election, Nov. 8th, without doubt decided for certain that Hon. William J. Bryan, and president McKinley will again be the standard bearers of their respective parties for president in 1900.

Trusts, capitalized to the enormous amount of \$5,000,000,000, have materialized since the advent of William McKinley into the White House at Washington. Good record for the money power.

Should the republicans succeed in gaining the state election in Kentucky by fair or foul means, the governor elect, like Judge Nash of Ohio will be a minority governor and will grant little consolation to the national administration.

We see by the World-Herald 14th inst that Judge Westover and J. K. Alder, Republican candidate of this 15th judicial district in their post election expense accounts, filed with the Sec. of State are respectively \$24.40 and \$27.95. Not so expensive.

The Boers are still bombarding Ladysmith, with some show of a successful capture of the city and the British soldiers that now occupy it. God grant that the Boers may succeed in routing the entire British army from the whole of South Africa.

The latest report is, that Congressman elect Neville has carried the "Big" 6th district by 4,000 majority. Wherever the campaign was made on national issues and the Chicago Platform, there it was that the people got the victory or made great gains.

South Dakota and Iowa are the only two States holding state elections this fall that have made any gains in the republican party, while New York, Pennsylvania, Kentucky, Ohio, Massachusetts, Colorado, Maryland, West Virginia and Nebraska made great Democratic gains.

The Agitation of the Transvaal and this loyal subjects, like the Philippine Agitation and his people are fighting for a principal, but the Queen, like president McKinley proposes to rob them of their freedom or show down every mother's son of "em" not only that, but the government of these two great nations are guilty of the death of every soldier who has laid down his life in opposition to a people fighting for freedom. President McKinley and his cabinet are also guilty of leaving tributes from the people of this nation, to carry on an un-Godly war against a liberty loving people in the orient.

Following are a few of the names of gentlemen of national reputation in the councils of the Democratic party, who sent congratulatory telegrams to Hon. William Jennings Bryan, over the successful result of the election in Nebraska: Chairman Danforth, of State Democracy of N. Y., Richard Croker N. Y. city Cong. Sulzer, N. Y. city. Norman E. Mack, Buffalo, N. Y., Clark Howell, Atlanta, Ga. Editor Daniels, same place; Mayor Piollan, San Francisco; J. C. S. Blackburn, Ky.; Rodgers and Ryan, Wis.; O. E. Belmont, N. Y.; McKnight of Mich.; J. B. Wetmore, St. Louis; Alfred of California; Callahan of Massachusetts; Shattelford of Kentucky; John R. McLean, Ohio; Cato Sells, Iowa; N. Y. World and N. Y. Journal and others.

## GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which had its origin in the North American Republic during the late Civil War in that country, should become indurated down to a fixture, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prosperous beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazzard circular, to capitalists in New York, and the Buell Bank circular to United States Bankers, both emanating from London, and the fabulous corruption fund raised in England and Germany, estimated at \$1,500,000, were the agents that secured the closing of our mints against silver.

The "walk into my parlor" policy of England, during and since the Spanish War, is the latest evidence of English Diplomacy in shaping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent, and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.

\*F. No Election was held in Snake Creek precinct—at least no returns have been made.  
\*Total Vote cast in Sioux County at the Poll November 8, 1899, were 326, or 92 more votes than were cast in 1898.

J. Sterotype Morton, of the Conservative Nebraska city, who since, the ponderous Grover left the White House for the duck swamps of New Jersey, has with the republican party in Nebraska gone into obscurity. It is safe to say that J. Sterotype, the Omaha Bee and the Lincoln State Journal will not care to resurrect any more of those Bryan private letters to carry on a national campaign, either in Nebraska or Ohio.

The fusionists made a gain of three additional district Judges in Nebraska and one of them was made in this 15th district. With the Supreme court out of the hands of corporations and trusts, and placed in the hands of honest and competent Judges there is't any doubt about honest decisions being rendered in behalf of right and against wrong. One more effort next fall will clean out the g. o. p., in the state administration of the law from cellar to garret.

Looking at the recent glorious victory in a general way, the whole credit is due to the voters of Nebraska, for the noble achievements won for American principals, yet we must not forget the precinct workers, who without pecuniary reward devoted so many days to perfecting a most concise organization and brought to the polls every negligent voter. All honor to the precinct workers. But we should keep ever before our minds eye, the tireless energy of our noble and matchless leader Hon. William Jennings Bryan, for wherever heard his magic eloquence aroused all lethargic voters from their slumbers and infused into them renewed vigor.

The democratic gains made in the various state elections this fall will crush president McKinley in 1900. The republican party sustained a loss of over 50,000 votes while Democracy made gains, Ohio shows a republican loss of 80,000 votes giving the republican party a minority governor. New York state shows a republican loss of 7,000 short of Gov. Roosevelt's vote; Massachusetts republican vote over the vote for governor two years ago indicates a decrease of 80,000; Maryland vote Nov 8th, indicates a loss to the republicans of that state 17,000; Gov. Bradley, two years ago carried Kentucky by 12,000, if the republicans carried it it will be by less than one thousand votes, and not that. If the Democracy had not been divided, thus showing a republican loss of near 11,000, Democracy every where should be jubilant, and should renew her efforts in 1899 with redoubled vigour.
