OFFICIAL PAPER OF SIOUX COUNTY.

Gen. D. Canon, - - - Editor.

Entered at the Harrison post office as second class matter.

According to special dispatches to the daily press, Jan. 1st, the Boers were defeated by the British forces at Colesburg, under command of Genl. French.

If there were ever any doubt relative to the value of the silver dollar after its demonetization in 1873 that doubt will be removed when President McKinley will have signed the gold standard bill so soon to pass the U. S. senate, which will be concurred in by the house.

The future of Cuba and Porto Rico, the Philippine question, financial legislation in the new Congress, Secretary Root's report, the British reverses in South Africa, and the recent progress of American municipalities are some of the topics editorially treated in the January Review of Reviews.

The pirate war now inaugurated by the British navy on the high seas, in holding up foreign merchant marine vessels, is creating great consternation in Germany, Russia, France and the United States, and is liable to create serious trouble if not complete disruption, between these four nations.

Sec. Gage of the U. S. Treasury in an official act ordering the war revenue fund of a million dollars a day to be deposited in J. P. Morgan and Rockefeller's bank, the City National of New York, ought to be a crime sufficient in itself for impeachment proceedings. But as time progresses, with the republican party in control of every branch of the government, the money power becomes more and more emboldened.

The subject of the Review of Reviews character sketch for January is Secretary John Hay, who by reason of the death of Vice-President Hobart becomes the successor apparent to the Presidency. The writer of the sketch is Mr. Henry Macfarland, the well-known Washington correspondent, who makes it clear that few men in public life to-day have had so good a training for the presidency as Mr. Hay has received in the thirty-nine years that have passed since he became Lincoln's private secretary.

The number of New Jersey trust companies to date are 94, with a total capitalization of \$4,108,410,000, or an average capitalization of \$43,673,287.

Under a recent legislative Law of Delaware, 66 trust concerns have incorporated in that state with an average capitalization of \$6,130,147.

Thus, one can readily see, that the money power, together with a large standing army, foreign expansion, the single gold standard, there is a pretty gloomy out-look for the future.

How ungrateful, some people become after they have been picked up and made what they never could have even dreamed of, had it not been for the dear people. An instance of this kind seems to us to be Hon. J. C. Dahman and Mr. Laws, two members of the state board of transportation, at a salary of \$3,000 a year. How when the people who are about to be held up by the transportation companies for another freight steal, and the secretaries are importuned to do everything in their power to right the wrong, both Mr. Laws and Dahman turn to the people and say as much as to say in reply "the people be damned" Mr. Dahman goes further and makes a personal matter out of it by smearing editor Hitchcock because he had the ambition to become U. S. Senator. If the Board were doing their duty certainly the people would find no fault.

## SECRETARY GAGE HELPS OUT NATIONAL BANKS.

New York, December 21.—The Journal says: Wall street drew a great breath of astonishment yesterday when it figured up just what Secretary Gage had done for the national City Bank of this city. The whole internal revenues of the Government of the nation are to be deposited with this bank. These average about \$5,000,000 a week.

This vast sum can be loaned out by the bank at the best rate it can get. If 6 per cent is realized it will be an addition of \$300,000 a week to the income of the bank.

Figured yearly, it amounts to \$15,000,000.

Even men who are wont to calculate in millions, and form and promote combinations whose capital would have astounded the world a generation ago, were staggered at these figures.

How did it all come about? What influences could have raked such a plum as this out of the National Treasury?

These questions are being asked on every hand today.

An analysis of the personnel of the national City Bank Directorate shows that it is an aggregation of the trust kings and railway barons of the country.

LIST OF THE TRUST KINGS.

Robert Bacon, representing J. Pierpont Morgan.

Henry O. Havemeyer, representing the Sugar trust.

Jacob H. Schiff, representing Kuhn, Loeb & Co., the head of the Union Pacific syndicate.

John A. McCall representing the New York Life Insurance company.

H. C. Taylor chief heir of Moses C. Taylor.

Samuel Sloane, representing Delaware and Lackawanna and other railroad interests.

This great alliance of financial interests is the greatest in the country, if not in the world.

It is a trust of trusts.

Into such hands has Secretary Gage turned the internal revenues of the United States Government.

Now what does the Government get in exchange?—Cincinnati Enquirer.

## EXPECTS PEOPLE WILL CONDEMN ADMINISTRATION.

ST. PAUL, Dec. 26.—Senator J. K. Jones, chairman of the Democratic national Committee, ex-Vice President Stevenson and General P. Watt Harlin of Kentucky, were here today and this afternoon met a large gathering of local Democratic leaders. After greeting Senator Jones spoke at some length announcing his views of current political issues. He said:

"I believe that every people have a right to govern themselves in their own way. The American people will rise up as one man and condemn the course of the administration as criminal aggression. The next Democratic convention will reaffirm the Chicago platform and nominate Bryan. It will declare against trusts. It will declare in favor of establishing freedom everywhere. What our fathers believe in we believe in, and I

week past, and news has come indirectly to the effect that Maber and co-workers in nearly every county in Nebraska have upwards of eight hundred and fifty, mostly Irish, pledged to enlist.

The plan is to go under the direction of the head-movers in the matter in New York, who are raising money from popular subscriptions to fare the men as civilians to Africa, where they will be organized and equipped for service. It is positively known that Maber has proffered a majority to Captain Fisher who is now in Omaha or Lincoln.—Chadron News.

## It's up to the People.

Less than a year remains in which to gather facts, and information that will influence your vote for the next president of the United States.

That grievous wrongs have been committed, and grave errors allowed to exist without effort at correction, is evidenced by the speech, writings, and comments of eminent statesmen and jurists; congressmen and leading men of business; professors and clergymen in every state.

Party affiliations have been ignored in the outcry against thrusting aside the safeguards of our fathers and pulling into the affairs of Europe. The situation is a deplorable one if not alarming; as is also our domestic affairs dominated by gigantic trusts.

The evils are not of spontaneous growth. They are the result of years of labor and expenditure of millions of dollars. Beginning with the displacement of American silver for English gold, the cunning of England's diplomacy in shaping the destiny of our Republic is apparent to any ordinary observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently called attention to each and every move as it was transpiring, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and startling.

No fair-minded American, be he Republican, Democrat or of other political faith, can afford at this critical time to ignore the truth. Partisan prejudice, with the trusts as dictators, is a far more degrading slavery than that which existed previous to the Civil War of 61-65.

Trusts in the United States alone have a representative capital greater than all the gold and silver in the world. These will spend many more millions of dollars to suppress truth and facts and mislead all who fail to look beyond their plausible deceptions. Read the Enquirer and you will be able to discern the truth and combat falsehood. A victory for trusts and the McKinley Administration in 1900 will end the era of gray-headed to greatest number.

Watch carefully the Cincinnati Enquirer

Institute last week.

Rev. Frady and Rice came over from Cottonwood, last Friday to conduct a Bible Institute. Mr. Frady led Thursday noon. Mr. Rice conducted the lesson Thursday night, and we have heard nothing but praise for the able manner in which he handled the subject. Those who heard him thought it was a rare treat. Rev. Wright returned to Cottonwood with Rev. Rice on last Friday.

We are rather late about gathering some items that ought to have been in a couple of weeks ago. A little daughter lately arrived at the home of J. B. Bradley.
