Congressman Burke, of Texas, received the following letter, it is said, from one of his constituents:
"Please send me some tobacco seed. I prefer Battle Ax, but if you haven't got that send Star."—The Hillsboro, Tex. People's Searchlight.

THEY ARE BEHIND THE TIMES.
As usual the Rhode Island Democrats are behind the times. They are reaffirming the declaration of independence. They couldn't have read Mr. Lodge's masterly demonstration that the declaration was a little confidence game put up by Thomas Jefferson and a few kindred spirits upon a worshipping posterity.—Springfield Republican.

The New York Journal furnishes the following figures showing the great profits earned by the Standard Oil trust, showing how the dividends have jumped in size from 1893:

1891	\$12,000,000
1892	12,000,000
1893	12,000,000
1894	12,000,000
1895	14,000,000
1896	31,000,000
1897	32,000,000
1898	29,000,000
1899	36,000,000
1900 (estimated)	30,000,000

When D. Clem Deaver was steward at the Institute for Leaf and Tessa Deaver draw pay as matron, and the whole family lived at the Institute's rent and board free, D. Clem looked upon fusion as a divine institution, and never had a kind word for Southern Populists. But it is different now. As a prominent Populist of Omaha said the other day: "I believe in harmony and fusion; Deaver believes in hell and confusion." However, at \$50 per week, cash on the spot every Saturday night, it is much better to be an editor of a mid-road paper than to be steward of a state institution, even with rent and board, and wife on the pay roll to boot.—The Hillsboro, Tex. People's Searchlight.

But, watch them go flippity flop like president McKinley did.

Millions Given Away.
It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured the isands of hopeless cases. Asthma, Bronchitis, LaGrippe, and all Throat, Chest and Lung diseases are surely cured by it. Call on J. E. PHARMY Druggist and get a free trial bottle. Retail size 50c and \$1.00. Every bottle guaranteed.

Sunday, the Boers made a flank movement on the British near Bloemfontein and captured between 4 and 5 hundred British soldiers besides taking eight or ten of the English field guns.

The Porto Rican bill, which carries 15 percent of the McKinley law on all goods imported into this country from Porto Rico, has passed the senate. The vote was 49 for passage and 41 against it.

Webster Davis, assistant secretary of the Interior department, declares he will resign his position if the administration did not change its pro-English administration relative to the Transvaal war.

It is now said that a great surplus is piling up in the National treasury as a result of the war revenue tax. Both republicans and democrats in the national congress, are just now contemplating the repeal of the war revenue law.

It now seems almost certain, Russia will engage in a general mix-up with Turkey and Japan. If she does, she will have her hands about as full as England has with the two south African republics.

The republican organs have made a great deal of fun of Attorney General Smyth and his railroad suits. Neither the organs nor the railroads are doing any laughing now. The attorney general has been beaten by both the supreme court of the state and Judge Mangler of the federal court. A few more successes like these and the president will have to send a military force into this district to keep the people from sending Constantine J. Smyth to the next congress.—The Non-Conformist.

German Americans will Vote for Col. Bryan.

NEW YORK, March 31.—Oswald Ottendorfer, editor of the Staats Zeitung, and one of the most influential German-Americans of this city, was interviewed today on the political issues of the day and the prospects of the coming national campaign.

"The belief is general," said the reporter, "that a large percentage of the German-American citizens who supported McKinley in 1896 are opposed to his reelection."

"I think that is true," replied Mr. Ottendorfer, "and it is likely they have made up their minds that McKinley and his administration stand for imperialism and militarism. German-Americans abhor and fear imperialism and militarism."

"Are not German Americans also opposed to Bryan?"

"They voted almost solidly against Bryan four years ago."

"As between McKinley and Bryan, who would be your choice?"

"Personally, and speaking only for myself," replied Mr. Ottendorfer, "I would prefer Bryan's election to Mr. McKinley's reelection."

"There is no doubt that Mr. Ottendorfer's opinion will formulate the policy of the New York Staats Zeitung, the largest and most influential German newspaper in America, as he owns that paper."—Sunday Rocky Mountain News.

Anti-Imperialists will Support Col. Bryan.

BOSTON, Mass., April 2.—The anti-imperialists of New England have decided to support Bryan for the presidency. The question of the choice of a candidate for the party was gone over at recent meeting in Boston. At that time it was definitely announced that the anti-imperialists would not exert their influence for McKinley or any other Republican candidate. There was talk, however, of nominating a man upon an anti-imperialist platform.

To-night Edwin Winslow, the secretary of the anti-imperialist league and its leading spirit, gave an interview warmly endorsing Bryan and saying:

"I have no hesitations that the Democratic party will come out definitely in opposition to the imperialist principles of the Republicans. Mr. Bryan has at

The above is property in large sizes—for the trusts, though.

Growers, dry goods and provisions have raised in about the same proportion, in the interest of the trusts, not the consumer. That's McKinley's prosperity, see?

Verdict was not Guilty

W. C. RAUM GIVEN HIS LIBERTY AT BLACKFOOT, IDA.

Acquitted of the Charge of Murdering Fred Sinclair at Hector Last Christmas Day.

Blackfoot, Ida., March 22.—The jury in the case of W. C. Raum, charged with the murder of Fred Sinclair at Hector on last Christmas day, this afternoon rendered a Verdict of not guilty after fifteen minutes deliberation.

No case in the history of southeastern Idaho has created the attention of the people to the extent that this has. The defense has worked assiduously. The case was fought stubbornly from the outset. County Attorney Clark did his duty in a most conscientious manner. He showed no prejudice, but simply performed his obligation honestly and thoroughly.

The defense have reason to feel elated at the verdict. Every instruction they offered was rejected, and every instruction offered by the prosecution was allowed by the court, but the jury took but one ballot.

Judge Rich said that in his opinion the jury could have not arrived at any other conclusion under the evidence. The consensus of opinion, as expressed tonight, is that the jury did right. While Sinclair was a good-hearted fellow when sober, it was beyond dispute that he was of a cold and revengeful nature when drinking.

The defendant is running the parties of congratulations this evening, and Worth Clark, B. J. Briggs and W. H. Holton, his attorneys, are being more than flattered on the result. The majority of the witnesses and spectators are leaving.—Special to the Salt Lake (Utah) Herald.

Spreads Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best-selling Bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, in case of numerous ailments. It builds up the entire system. Put new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. E. PHARMY Druggist.

GREENBACKS or Government Money.

At close of our Civil War in 1865, there appeared in the London Times the following:

"If that mischievous financial policy which has been pursued in the North American Republic during the late Civil War in this country, should become indurated down to a future, then that government will furnish its money without cost. It will have all the money that is necessary to carry on its trade and commerce. It will become prodigious beyond precedent in the history of civilized nations of the world. The brain and wealth of all countries will go to North America. THAT GOVERNMENT MUST BE DESTROYED OR IT WILL DESTROY EVERY MONARCHY ON THIS GLOBE."

The famous Hazard circular, to capitalists in New York, and the Bull stock circular to United States Bankers, both emanating from London, and the hideous corruption fund raised in England and Germany, estimated at \$1,000,000, were the agencies that secured the closing of our mines against silver.

The "walk into my parlor" policy of England, during and the Bull stock circular, is the best evidence of English Diplomacy in slapping the destiny of the United States Government.

Notwithstanding the famine price of wheat, the Spanish War, and fabulous expenditures of money by our government during the past year, gold has increased in value eleven per cent, and all other values decreased in the same proportion.

For a thorough understanding of the money question, or silver issue, the Cincinnati Enquirer has uniformly given evidence of its ability to teach, explain and produce all facts and truth. It is a paper that ought and can be read by all classes with pleasure and profit.
