

PILES, FISTULA

AND ALL DISEASES OF THE RECTUM, POSITIVELY CURED.

Over twenty years of successful practice confined to the treatment of diseases of the Rectum, gives us confidence in our ability to cure and therefore we not only guarantee to do so, but do not ask for one cent of money until the patient is satisfied that a cure has been effected. We do not ask you to make a deposit in the bank subject to our draft when cured, or sign a note, promising to return it to you if we do not cure you, or to pay a part cash in advance just to pay for the medicine used, but we simply offer to cure you first and then receive our pay after you are satisfied that you are cured. Could anything be more fair?

SEND FOR OUR BOOKS.

Our 104 page book of testimonials (men) will be sent FREE upon request. It contains the names and addresses of over a thousand former patients. (Some of them probably neighbors of yours) whom we have permanently cured. Write or speak to some of these people and see what they will say regarding our ability and methods. We have also issued a 48 page book of lady testimonials which we will be pleased to send post paid to any lady requesting it.

Do not suffer longer nor despair for we can cure you regardless of your condition or former experience. These books contain much valuable information besides the testimonials and are sent absolutely FREE and post paid. Write us at once.

AMERICA'S NAME. WEEKLY MARKET REPORT. CONNUBIALITIES.

This Country Was Not Named After Amerigo Vespucci.

That America derives its name from Amerigo Vespucci has long been regarded as a certainty. Now, however, a historian comes forward and assures us that this is not the case. This historian is Ricardo Palma, director of the national library of Lima, Peru. In a book which has just been published he insists that America was not named after Amerigo Vespucci, but that, on the contrary, America Vespucci was named after America.

Senor Palma, who has studied this subject for years, maintains that Vespucci's first name was Alberico. "The name 'America,'" he says, "is derived from a place in Nicaragua, being the name of a hill in the province of Chanoyles. Furthermore, the penultimate syllable 'ce' is very often found in the words used by the Indians of South America and by the natives of the Antilles. The syllable itself signifies some thing large and lofty, and is found in the names of non-volcanic mountains.

He further points out that Columbus did not use the word "America" in his letters when he referred to the events of his first voyage. "It is more than probable," he continues, "that he learned through one of his attendants of the discovery of gold by some of the natives in a place called America. In this way it is likely that the name gradually became known throughout Europe. At that time the only geographical account of the western hemisphere was the one by Alberico Vespucci, which was published in Latin in 1499, and in German in 1508. Geographers presumably came to the conclusion that Alberico had given the name America not merely to a single hill or mountain, but to the entire country.

"When the first map of the continent, bearing the title 'Province of America,' was published in Barcelona, in 1522, Columbus and his companions were long dead, and there were none to protest against the misuse of the name. Furthermore, there was no one in all Europe who bore the name Amerigo, and, as Vespucci's name was Alberico, geographers and historians would surely have given the new continent this name if they had desired to honor him in this fashion.

"Newly discovered countries were only named after sovereigns, as we see in the case of Georgia, Louisiana, Maryland and the Philippines, and when explorers did give names to countries they selected those of their own families, as we see in the case of Vancouver and Magellan. The origin of such places as Columbia, Columbus and Colon can also be clearly traced."

OMAHA LIVE STOCK MARKET.

Union Stock Yards, Omaha, Friday.

Cattle—There was a liberal run of cattle again today consisting for the most part of corn-fed steers. The quality of the cattle was good. The market opened early and active at an advance of 5¢ per head. Buyers wanted the stuff and they rode for it, so that the most of the cattle changed hands early at the advance noted. Several bunches of cattle were good enough to bring \$3.25, and one lot sold at \$3.30.

Cows and heifers were also in good demand and there were not enough to go the rounds. The market was in consequence active and the most of the offerings changed hands in a very short time after the market opened. The prices paid were high and fully strong as compared with yesterday. All kinds of butchers' stock sold well.

Stockers and feeders were in good demand and thin cattle of good quality were strong sellers. They kept bidding up these thin cattle and the market is as high as it ever was.

Hogs—The market opened this morning with buyers offering prices that were barely steady with yesterday. Sellers, however, were asking steady prices and when trading was once under way it was on the basis of steady prices. Quite a good many hogs sold that way and then the market became a snare strong or under influence of better reports from other markets. While the early sales of good mixed hogs were largely at \$3.20 to \$3.25, the later sales were more generally at \$3.25 to \$3.25. The market at the advance was not particularly active and toward the close became very slow. Sellers all wanted higher prices and buyers did not seem disposed to put on much. At the close buyers seemed to be indifferent and the last few loads were very slow in selling. The market as a whole was a shade higher than yesterday.

The market today was about 12¢ higher than a week ago and the highest of any day since Monday of last week.

Sheep—The receipts of sheep were larger than yesterday, but at the same time there was a good demand and the market was in a good healthy condition. It might be best described as a steady, active market, with practically every thing selling early. Buyers seemed to want supplies and they were out early, so that the trading was soon over with.

Quotations: Clipped wethers, \$3.00 to \$3.10; clipped yearlings, \$3.40 to \$3.50; clipped ewes, good to choice, \$3.60 to \$3.70; fair to good clipped ewes, \$3.20 to \$3.30; Colorado woolled lambs, \$3.00 to \$3.10; good Colorado woolled lambs, \$3.20 to \$3.30; good to choice clipped lambs, \$3.20 to \$3.30; fair to good clipped lambs, \$3.00 to \$3.10.

CHICAGO LIVE STOCK MARKET.

Chicago, Ill.—(Special)—Cattle—Receipts, 13,000 head; market generally steady to strong; good to prime steers, \$5.00 to \$5.10; poor to medium, \$4.50 to \$4.60; stockers and feeders, \$3.25 to \$3.30; canners, \$3.30 to \$3.40; bulls, \$2.80 to \$2.90; calves, \$4.00 to \$4.10; Texas fed steers, \$4.00 to \$4.10; Texas bulls, \$3.25 to \$3.35.

Hogs—Receipts today, 20,000 head; tomorrow, 25,000 head; left over, 1,900 head; market 5¢ to 10¢ higher; top, \$5.75; mixed and butchers, \$5.20 to \$5.30; good to choice heavy, \$5.30 to \$5.40; rough heavy, \$5.20 to \$5.30; light, \$5.10 to \$5.20; bulk of sales, \$5.20 to \$5.30.

Sheep—Receipts, 18,000 head; market slow; lambs, steady; good to choice wethers, \$3.25 to \$3.30; fair to choice mixed, \$3.10 to \$3.20; western sheep, \$3.30 to \$3.40; yearlings, \$3.00 to \$3.10; native lambs, \$3.00 to \$3.10; western lambs, \$3.00 to \$3.10.

TWO SHORT STORIES.

The Telegraph Girl and One Cent Revenue Stamps.

The auburn-haired girl, who sits at the receiver's window in the telegraph office, sighed wearily. "That's the fifth today," she said.

"Fifth what?" demanded the man who handling in a telegram.

"Fifth fight I've had over a cent," she snapped back. "Now the law regarding a revenue stamp on every telegram has been in force for two years and there are people who still fight about it and insist that the company ought to pay the cent. They have got the idea that the company makes something out of it. They think because the company sells the stamps that it must buy them in large quantities and get them cheap and then make money selling them."

She was counting the words in the message in front of her as she talked. He had shoved in a quarter with his ten-cent message. He said, patronizingly, "Well, I pity you. I suppose you do have lots of trouble with them," and he waited to go away.

"He's a minute," she cried after him, "a cent more for a revenue stamp, please," and there was a steely look in her eye as she listened to his, "Oh, I beg pardon, I forgot."

GRAIN AND PRODUCE.

Chicago, Ill.—(Special)—Wheat—The wheat market began the session today with an exhibition of considerable strength and activity. Shorts were fearful of the continued dry weather in the northwest. Besides this, cables were firm, there was fear that too much rain had fallen in the southwest, and unfavorable weather reports were received from England, France and Germany. July opened a shade over yesterday at 97 1/2¢, and under active buying, mostly by shorts, advanced sharply to 98 1/2¢. Local receipts were sixteen cars, none of contract grade. Minneapolis and Duluth reported 175 cars, against 261 last week and 218 a year ago.

Corn—Market was also active and strong, helped by sympathy with wheat, light country offerings, small receipts and firm cables. There was a large trade early. July opened 34 1/2¢, over yesterday at 35 1/2¢, and advanced rapidly to 36 1/2¢. Local receipts were 115 cars.

Oats—Market firm, helped by the strength of other grains, light receipts—eighty-five cars here—and crop reports somewhat less favorable than usual recently. July opened a shade higher at 23 1/2¢ and rallied under a strong demand to 24 1/2¢.

Provisions—Market partook of the general strength. Hogs were higher and Liverpool strong for product. Packers were good buyers of lard and ribs. July pork, 24¢ higher at 72¢ and advanced to 81 1/2¢. July lard began the session 2 1/2¢ higher at 47¢ and July ribs 2¢ higher at 36 1/2¢.

Wheat—Cash; No. 2 red, 77 1/2¢; No. 3 red, 80 1/2¢; No. 2 hard, winter, 65¢; No. 3 hard, winter, 63 1/2¢; No. 1 northern spring, 66 1/2¢; No. 2 spring, 65 1/2¢.

Oats—No. 2, 27 1/2¢; No. 3, 27 1/2¢.

Corn—No. 2, 21 1/2¢; No. 3, 21 1/2¢.

The corn market later developed great strength and activity. Shorts were heavy buyers and there was a better cash demand. July touched 35¢ and closed strong, 1 1/2¢ over yesterday, at 36¢. This market during the latter half of the session was the leader on the floor.

While the crop news continued to the end to form the main support of the wheat strength, the firmness developed by corn was also a help later. There was a broader commission trade and offerings were light. July later advanced to 40¢, losing a bit from that on profit-taking, but closing strong, 1 1/2¢ over yesterday, at 36 1/2¢.

Wheat—Close: May, 65¢; July, 66 1/2¢.

Corn—May, 24¢; July, 26¢.

Oats—May, 24¢; June, 25¢; July, 23 1/2¢.

Pork—May, \$11.75; July, \$11.87 1/2.

Lard—May, \$7.00; July, \$7.07 1/2 to \$7.10; September, \$7.12 1/2.

Ribs—May, \$6.70; July, \$6.72 1/2; September, \$6.75.

Flax—Cash, northwest, \$1.80; southwest, \$1.80; May, \$1.90; September, \$1.20; October, \$1.20 1/2.

Rye—44¢.

Barley—37 1/2¢.

Timothy—42¢.

Butter—Market steady; creameries, 10 1/2¢; 10 1/2¢; 10 1/2¢.

Eggs—Market steady at 19¢.

Poultry—Dressed, market steady; turkeys, 60¢; chickens, 50¢.

CONNUBIALITIES.

A Kansas City man has secured a divorce from his wife because she had formed the habit of breaking dishes over his head.

When the bride and groom set sail in papas' yacht immediately after a fashionable wedding in the east the band on the deck played "I'd Leave My Happy Home for Thee." The fact that the bride had just received a million-dollar check from her fond father would appear, from the bridegroom's point of view, to amply justify the tuneful sacrifice.

Mr. Francis Burton Harrison, son of Mrs. Burton Harrison, and whose engagement to Miss Mary Crocker, the California heiress, was announced recently, is a Yale graduate. He is rather short, blond and very clever. He is a lawyer. The Harrison family is one of the most distinguished in Virginia. In summer the Harrisons live at Ear Harbor, where they have a cottage called Sea Urchins, and where they entertain very handsomely.

There is one curious custom I notice among the Americans, wrote the foreigner in his first letter from this country to his friends in the old home over the sea. "When two young persons of opposite sexes are walking along the streets it is a common thing for the young man to lock his arm in that of the young woman and grasp her by the waist or the hand in a fashion that would not be tolerated by our girls, but the American young women seem to like it. Perhaps it makes them feel certain that the young men will not get away."

John Francis Brice of last year's senator class at Cambridge, son of the late Senator Brice, has announced his marriage to Miss Florence Lucille Ricketts. It took some little time for it to get around that Miss Florence Lucille Ricketts was none other than Florence LaVerne, who a few weeks ago, had been with Dan Daly's company in "The Rounders" at Columbia theater, Boston. Miss Ricketts is an exceptionally pretty girl. She is medium-sized, brunette, with dark hair, which is always turned back in a pompadour. She is petite in figure, with a striking carriage. Her face is oval-shaped, with a delicate chin, a slightly tilted nose, and dark, flashing eyes. She was known everywhere for her beauty, even before the present story came out. Brice is a wealthy young man in his own right.

How To Be Beautiful.

"To look beautiful is a duty which the fair sex owe both to themselves and to the world," said one of the wise men of modern times, "and with the discoveries of modern scientists there is no good reason why they shouldn't perform that duty. Every one should do all in his or her power to supplement nature in adorning the person, and while it is true that a fine complexion is not given to all, yet the work of nature, not always beautiful, may be improved upon in many ways." The many thousands who have been benefited by Dr. F. G. Gauraud's Oriental Cream, or Magical Beautifier, appreciate this, and know its value as a cosmetic. They know that a skin that is freckled, tanned, pimply or moth-patched can be made like the new-born babe's. It has been recommended by physicians for those who will use toilet preparations, and the Board of Health has declared it free from all injurious properties. All druggists and fancy goods stores appreciate its value and keep it for sale. "The Mail and Express, New York, Sept. 8, 1898.
