Thomas Jefferson and Andrew Jackson, Were Defenders of the "Declaration of Independence" and "Constitution" of the United States of America.

War is hell and he who by tongue or pen leads aid thereto for gain or for glory is an enemy of mankind no matter what station he fills. Yes war is hell and we shall not cease our efforts at making it appear in its true light simply because some party retainer cries rebel or some white necked divinity student says it is a fully wrong to mention that place over which preachers have been shaking people for ages.

Hon. Charles A. Towns, populist nominee on their national ticket for vice president declares he is a candidate before the Kansas city, National Democratic convention for vice president and that he has a larger support already than any other man in the party.

The nomination of Col. Roosevelt for vice president on the republican ticket, will not save New York state to the republican party this year. Mr. Platt and Matt Quay forced Roosevelt onto McKinley and Hanna to get even with them for forcing Quay out of the U. S. Senate.

Since the Chinese "Boxers" have commenced operations in their native country against a combination of international land thieves, the murdering and pillaging going on in the Philippines and the Transvaal country have ceased to excite public attention any longer.

Wheat, the very thing the farmer has not got to sell has advanced about 12c. in as many days. The commodity—Flour—the very staff of life which the people have to live on has jumped 35c. in one day.

Not a word in the platform of the republican national convention, in condemnation of slavery in the Sulu islands, carried on under treaty by his grace, president. McKinley and his cabinet.

### Glorious News.

Comes from D. B. Cargile, of Washita, I. T. He writes: "Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but now her health is excellent." Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poison, helps digestion, builds up the strength. Only 50 cts. Sold by Dr. J. E. PHINNEY druggist.

### Peoples Independent party Representative Convention of the 53rd District.

A delegate convention of the Peoples Independent Party of the 53rd representative district of Nebraska, is hereby called to meet in Crawford, Nebraska, on Thursday, the 26th day of July, 1900, at 2 o'clock p. m. of said day for the purpose of placing in nomination a candidate for representative of said district, to be voted for at the general election, November 6, 1900, and for the transaction of such other business as may properly come before said convention.

The representation of the counties comprising said district is based on the vote cast for Hon. Elias A. Holcomb for Supreme Judge, at the general election of 1898, showing one delegate at large for each county and one delegate for each 100 votes cast or major fraction thereof cast for said candidate in each county, making the following representation:

Box Butte..... 4 Daves..... 4  
Meridian..... 4 Sioux..... 4  
Total..... 16

It is recommended that no proxies be allowed but that the delegates present cast the full vote of the county. W. J. A. RAYM, Chairman

Republican papers never seem to tire of reiterating the old falsehood that Rosey made Holcomb governor for his first term. Why, bless your innocent souls it was the votes of Nebraska farmers and mechanics that made Holcomb governor. Rosey owned only two votes at that time, his own at Clem Deaver's, and there is some doubt as to his own.—Central City Democrat.

The Chinese "boxers" have adopted the McKinley foreign policy and have already assimilated about 1,500 foreigners and the American Marines have been compelled to beat a retreat from before the "boxers" until reinforcements arrived.

It now begins to appear as if our Uncle Samuel was about to engage in some more foreign expansion, this time in China. The Anglo-Saxon Alliance, in the orient is about to work wonders for the accident. It is another step toward a large standing army for this nation, and the carrying out of the republican imperial policy.

Well, it will be president McKinley and Theodore Roosevelt on the republican national ticket this fall. They are both military men, and smacks of militarism, which, defined properly means imperialism. They are both vassalating, and are owned soul and body by the money power.

On next Wednesday, probably, the largest and most important National convention of any party ever held in the United States, will take place at Kansas City, Mo. It is the day too set aside by the American people, as a memorial day of liberty and independence, bought and paid for with the precious blood of American patriots. What more befitting day could the great Democratic party, founded by Thomas Jefferson, have selected to re-affirm its allegiance to the "Declaration of Independence" and the Constitution, which declares that all men are created equal; and that governments derive their just power from the consent of the governed, and as construed by a liberty loving people that the constitution follows the flag, into every nook and corner of the United States and its territories, no matter whether in Porto Rico or New Mexico. We confidently expect that the parties who will meet in Kansas City, will put themselves on record without equivocation, for a government of the people, for the people and by the people.

The expected has happened. The republican national convention sitting at Philadelphia has renominated Hon. William McKinley of Ohio for president of the United States, on a platform essentially antagonistic to the doctrines promulgated by the continental congress sitting in the same city on the 4th of July, 1776.

That platform is significant chiefly for its indorsement of the acts and policies of the administration in its massacre of the Philippines, and in its grasping for world power by the agency of the sword. It is in contradiction and defiance of the central principle upon which our government is founded; a repudiation of the principle that "governments derive their just powers from the consent of the governed," and in as much as this government of ours is the last intrenchment of republican liberty, if the declaration of that platform are to stand, "government of the people, by the people, and for the

people," and must inevitably become a memory. It is a cruel irony of history and of fate that a great national party, conceived in liberty should pronounce the death sentence and inaugurate a revolution to restore the principles of George III. in the very shadow of old independence Hall.—Sioux City North-Western Catholic, (Republican.)

We are on the eve of what promises to be the most hotly contested election America has ever seen. Charges and counter-charges of evil designs and corruption will be made. Much of it will be true. Perhaps over one half will forget to listen to the voice of reason. Do not shun the voice of a statesman, to listen to that of the politician, and always remember "They enslave their children children who make compromise with sin.

If we honestly endeavor to study the problems unbiased by partisan influence; silent though it may be for justice! if we are willing to divorce ourselves from legendary virtue, and grimly face the present issues, I doubt not time will render us the need of heroism. Let us not lose faith in humanity.

"Today is a king in disguise. To-day always looks mean to the thoughtless, in the face of a uniform experience, that all good and great and happy actions are made precisely of these blank today. Let us not be so deceived. Let us unmask the king as he passes. Let us not inhabit times of wonderful promise without divining their tendency. Let us not see the foundations of nations and of a new and better order of things laid with roving eyes and an intention preoccupied with trifles."—Emerson in "Lecture on the Times."
