## What is in a Name,

Those pious souls who would justify the hideous massacre of the Philippines the plunder of their homes, the desecration of their temples and their altars and the violation of their women assure us that this is not imperialism. It is only "expansion." So mote it be brother. We will not quarrel over a name. When we speak of "imperialism," which you call "expansion" we are both of one mind. We both mean those acts that an invading army are committing in those islands in the name of the United States and by order of President McKinley. Will any special pleader for the accused please say in what regard the sway of President McKinley over the Philippine islands differs from the relation of Queen Victoria to the Indian empire, except in the trifling particular of title? She is empress of India by the power of the sword and he is emperor of the Philippine Islands by the same claim and method. This is imperialism, call it by whatever name you will--North-Western (Sioux City, Ia.) Catholic.

## Our Popular Candidate.

Hon. Charles F. Coffey, an honored citizen of our county was nominated for representative of the 3rd Legislative district by the Democratic and Populist conventions at Crawford, a week ago today. Charles, as every body addresses him up in this neck-o'-woods, has never aspired to any official position that is in the gift of the people of the state, but by determined and persistent urging by his many friends both in the Populist and Democrat ranks he very reluctantly permitted them to use his name before the two conventions which resulted in his unanimous nomination. Charles F. Coffey was born at Independence, Mo. in 1847, when a small boy, he with his emigrated to Georgetown, Tex., where he lived until 1873, when he emigrated to Nebraska and Wyoming, dividing his residence between the two states, the last twelve years being spent continuously in this county.

Mr. Coffey has been engaged in the stock business since '73 and at present owns several thousand head of cattle. He is also interested in the Commercial Bank of Harrison, and the Chadron National Bank and, while he and his estimable family are cultured and able so far as this world's goods are concerned, to live in affluence and grandeur every body whether rich or poor are their friends, and neighbors and associates.

The "American Law Review" pretty nearly if not quite voices the sentiments of president McKinley and his party, if judged by his official acts as president of the United States of America. The following pretty clearly indicates a pro-British secret alliance between president McKinley and Lord Salisbury read it: "Many of us feel that she is in a sense our queen; and whenever she wants the American boys to fight for her honor, or even for her political rights they will embark or cross the Canadian frontier for that purpose in such numbers as will tax British resources to arm and equip them--every one of them 'spoiling for a fight,' and they will acquit themselves as gallantly as their Canadian cousins have done in South Africa."--American Law Review.

Chairman Dick of the Ohio, republican central committee, admits that his state is in the doubtful column this fall. And then, ex-president Harrison has made the public statement that his own state Indiana is unsafe for the g. o. p. this year.

Senator Wellington, of Delaware, has dropped and will take the "Stump" for Hon. William J. Bryan this fall. It is the Webster-Davies congressman Johnson and senator Wellingtons that are making the winking ring for Bryan & Stevenson.

Stockmen having use for a bank at this point may rely on us to handle their entire Banking business.

We are prepared to take care of our trade at all times.

The stockmen of North-west Nebraska will have a representative in the state legislature down at Lincoln, next winter, in the person of Hon. Charles F. Coffey of this county, who is one of the largest stockmen in the state.

Mr. Coffey did not seek the office which he has been nominated for, and to which without doubt, he'll be elected November 3th. It is an instance of the office seeking the candidate.

Another star is darkened another fountain of sweetness and light has gone dry. Mr. Godkin--E. L. Godkin late of the New York Evening post--once the apostle of righteousness is now utterly lost and self-consigned to perdition. Mr. Godkin has allied to "William McKinley and the men who surround and act with him" as "a set of the most dangerous scoundrels by which any civilized country was beset." Ergo Godkin is anathema. Away with him!

According to a test vote of Manhattan Island, New York city made by the N. Y. Journal July 29 Hon. William J. Bryan will sweep greater New York city at the November election by 89,996 plurality. Out of a total vote 4,358 only 89 who had no vote for McKinley this year 295 indicate their intentions on signed blanks to vote for William J. Bryan. If the total vote of greater New York is as large as it was in '96 there will be 519,296 votes cast and if the Journal's forecast of the vote is as near correct as it was in the Mayoralty election two years ago, William J. Bryan will receive 304,616 and William McKinley will receive 214,680.

The nomination of Hon. Charles F. Coffey, for representative of this 3rd legislative district, by the democratic and populist at Crawford last Thursday, means the utter rout of defeat of Hon. A. G. Fisher, his opponent.

Report comes through the daily papers that the republican party, either through their state or national committees have bought up the Lincoln Free press the leading German paper of the state also the Poltrok the Bohemian paper at Omaha which are to be run on republican principles.

Webster Davis is today deservedly honored by all his countrymen who admire moral courage and manly American character and the glorious example he has set his republican fellow citizens will have far reaching results in the coming conflict between American ideas and traditions and the cold blooded slavery and barbarism of imported imperialism. It is well for the nation and the coming generations that we yet have Davises and Townes--men who will sacrifice everything they possess even life itself before they will tamely yield up the birthright bequeathed to them by the heroes of Valley Forge.

On the strength of his being a german. Candidate Dietrich, is straining every nerve to pull some german votes but alas! alas! our german voters will not vote for him on the score of his being a german. They understand only too well what imperialism means, to support any candidate whose sole aim will be if elected to bind the shackles of imperialism, around the tolling masses and our german people read and are too enlightened for anyone of Deidrich's stripes to draw them aside from their duty to their home and family. Vote for the fusion nominees from governor down to county attorney, dont make a mark at anyone's name, vote it straight.

The democratic policy with reference to the Philippines is plainly stated in the Kansas City platform:

We favor an immediate declaration of the nations purpose to give the Philippines first a stable form of government; second, independence, third protection from outside interference.

If this policy had been proclaimed by the Hanna administration at the start, there would have been no Philippine war with its attendant corruption and loss of life and treasure we should have had a powerful friend on the threshold of China, ready to lend aid in such an emergency as the present, instead of requiring the presence of United States troops to preserve the forms of peace.

We are quite confident that candidate Dietrich, will be elected this fall--to stay at home. The people of Nebraska want a man for governor, who will be as dignified as the office he seeks to fill. Keep him making a personal canvass and he will be elected to stay at home.

To put it bluntly the g. o. p. prefer the evils of the McKinley regime of imperialism to the sacrifice of the gold standard. We favor the abandonment of the Philippines and the other island acquisitions, but not at the expense of free-silver coinage or a financial panic and a collapse of "prosperity"--From "the progress of the world," in the American monthly Review of Reviews.

Housework is automatic and does not supply the needed amount and kind of exercise women require. It is automatic and usually but one set of muscles are brought into action. The housewife should seek the fresh air and sunshine and take such exercise as will compel deep but not laborious breathing--August Ladies Home Journal.

The only bad trusts, is the tin-plate trust, according to would-be governor Dietrich, the republican candidate and that is over in Europe. However, Mr. Dietrich admits there are about 509 Monopolies in the United States, 80 of which receives special privileges as a result of the tariff.

The republican candidate for Governor is fairly good looking, but he has that peculiar look about the eyes which indicates a lack of principle, and that the possessor while not absolutely dishonest is a man who will take advantage of any mean circumstance that presents itself to defeat or "get even" with an adversary. And the talks that Dietrich put up! They were unspeakable; aside from vulgar stories he seemed to rely most on telling how much he did to defeat prohibition in 1890. On questions of importance we have heard of no opinion expressed by him while here.--Ainsworth Herald.

### DIETRICH.

A more jolly and contented lot of democrats and populists cannot be found than those in Ainsworth since the visit of Dietrich, the rip-up-again candidate for governor. Prior to his much advertised visit, we were all a little bit worried, and feared he would injure our cause, but now we are hoping he will come again and stay a week--a visit of that length would insure a majority of at least a hundred for the fusionists. We learned by his visit that instead of being a finely-bred gentleman, Dietrich is really coarse; instead of statesmen, he is a common politician; we learned that he is lacking in respect for others, because he started for the saloon while in company with a prominent anti-saloon-man; we learned he is selfish, because after being introduced to the "boys" he drank alone we learned that he is lacking in morals, because he told vulgar stories which had not even the merit of wit to make them acceptable.

We dislike very much to publish so plain a statement of facts, but the duty we owe our readers demands it, and so does our conscience. We have said not hing untrue, and nothing which cannot be corroborated, and by republicans, too. Dietrich asked that we say what we thought of him, and we have done so, mildly and in sorrow. It is a pity the republican party can offer no better candidate for governor than he is. As the head of his party, he is a reflection on the whole party, and the great majority of republicans are too good to deserve the reflection.--Ainsworth Herald.
