We often wonder if our republican friends ever think how degraded an emblem of freedom and purity the American flag has become under the reign of Imperial McKinley?

Jefferson took territory to avoid war. McKinley is making war to take territory.

Jefferson took contiguous territory to do justice and avoid the provocations of war in the future.

McKinley is taking useless and remote territory, which if he succeeds in subduing, will cause future contests without number.

Jefferson took territory to incorporate into union of states and extend over it the beneficial influences of our constitution and the glory of our flag.

McKinley is seizing territory, not to expand our constitutional government over it, but to turn it over to filibusterers to be exploited and plundered by syndicates and favorites.

(From Bourke Cockran's recent Chicago speech.)

In a speech last week Mr. Hanna said that Bryan was a hypocrite. Hanna knows a hypocrite when he sees one—he has had much experience in that kind of cattle—for four years—he has had a splendid chance to study the breed. There is only one chance for Mr. Bryan to escape from the dreadful charge and that is that Hanna is a greater liar than Ananias.—Non-Conformist.

Fusion voters, remember that Mark Hanna's hooded liar is abroad in the land, even in Sioux county, they are vainly striving to create discord and dissension among the fusion voters, and those who are foremost in this contemptible work are doing so out of envy and jealousy, simply because their own grovelling ambitions were not realized in the past.

In the Campaign of 1896 Hanna, said all we needed was confidence, in this year of our Lord 1900, Hanna says over confidence will defeat us, so he must think too much of a good thing is bad.

Dr. Taggart, of Chadron, a life long republican, and at one time a member of the Wisconsin republican legislature has openly repudiated the republican party of billious McKinley, and has come out for Bryan. He says his party has left him and the democrat party principles as expounded by Jefferson and Jackson has come to him, and he could not resist the voice of conscience.

Imperialism is at once the paramount and the immediate issue. Major McKinley, with all his shiftiness and all his smug hypocrisy, cannot dodge or obscure it. The flag is being trailed in the dust of his ignoble ambition, and the blood of our late allies, perfidiously betrayed, stains its folds.

The Philadelphia Times, which worked so ardent for McKinley's election in 1896, has recently deserted the imperial party of McMillan, and declared openly for Bryan. Still they come.

### It's up to the People.

Less than a year remains in which to gather facts, and information that will influence your vote for the next president of the United States. That grievous wrongs have been committed, and grave errors allowed to exist without effort at correction, is evidenced by the speech, writings, and comments of eminent statesmen and jurists; congressmen and leading men of business; professors and clergymen in every state.

Party affiliations have been ignored in the outcry against thrusting aside the safeguards of our fathers and leading pell-mell into the affairs of Europe. The situation is a deplorable one if not alarming; as is also our domestic affairs dominated by gigantic trusts.

The evils are not of spontaneous growth! They are the result of years of labor and expenditure of millions of dollars! Beginning with the displacement of American silver for English gold, the cunning of England's diplomacy in shaping the destiny of our Republic is apparent to any ordinary observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently called attention to each and every move as it was transpiring, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and startling.

No fair-minded American, be he Republican, Democrat or of other political faith, can afford at this critical time to ignore the truth. Partisan prejudice, with the Trusts as dictators, is a far more degrading slavery than that which existed previous to the Civil War of '63-64.

Trusts in the United States alone have a representative capital greater than all the gold and silver in the world. These will spend many more millions of dollars to suppress truth and facts and mislead all who fail to look beyond their plausible deceptions. Read the Enquirer and you will be able to discern the truth and combat falsehood. A victory for Trusts and the McKinley Administration in 1900 will end the era of greatest good to greatest number.

Watch carefully the Cincinnati Enquirer

The progressive nations of the world are the great food consuming nations. Good food well digested gives strength. If you cannot digest all you eat, you need Kodol Dyspepsia Cure. It digests what you eat. You need not diet yourself. It contains all of the digestants combined with the best known tonics and reconstructives. It will even digest all classes of foods in a bottle. No other preparation will do this. It instantly relieves and quickly cures all stomach troubles.—J. E. PHINNEY

Large sun spots, astronomers say, caused the extreme heat this summer, and doctors declare nearly all the prostrations were induced by disorders of the stomach. Good health follows good digestion. Kodol Dyspepsia Cure digests what you eat. If you have indigestion or dyspepsia it will quickly relieve and permanently cure you.—J. E. PHINNEY.

Poisonous toadstools resembling mushrooms have caused frequent deaths this year. Be sure to use only the genuine. Observe the same care when you ask for DeWitt's Witch Hazel Salve. There are poisonous counterfeits. DeWitt's is the only original Witch Hazel Salve. It is a safe and certain cure for piles and all skin diseases.—J. E. PHINNEY.
