Fisher is using all his tactics and they are many, in vainly trying to catch a few stray votes, from his opponent, Hon. Chas. F. Coffee, in like manner VanBoskirk is circulating every imaginable kind of fabrication trying if possible to deter votes from casting their ballots for Hon. W. F. Hayward. But alas! all of D. E. Thompson's and Detrich's strickers, with Fisher's and VanBoskirk's daily campaigning thrown in, cannot sway the tide, of public sentiment against the multi-millionaire, and VanBoskirk and Fisher alike, Fishers name like that of "Aunt Hanna" has become an anathema.

Voters will please note on the national ticket the word Mid Road Populist and not confound it with the fusion nominees of the peoples Independent party.

This campaign of the republicans will go down into history as "the campaign of denial." Billions McKinley and his cabal have not the courage of their convictions to win them followers.

They have been accused of imperialism. They deny it. They have been accused of militarism. They deny it. They even go further and deny the trusts.

McKinley says there is no such thing as imperialism in this country. Everybody who thinks knows better. Imperialism means the government of others without their consent. McKinley is governing Porto Rico today without the consent and against the will of the Porto Ricans. This is imperialism. He is trying to govern the Filipinos by military force. This is imperialism. Mc. denies. "Aunt Hanna" sneers at militarism. In 1898 the regular army was limited to 25,000 men. In point of fact it was not so large. Today the army numbers 100,000. In 1898 the army cost about \$23,000,000 annually; the cost of the army this year is \$135,000,000. But we are told that there are not soldiers enough. What does this great increase in two years mean if not militarism?

"Aunt Hanna" says there are no trusts he lies, and he knows he lies. He is at this very moment ducking with a gigantic trust to stop the coal strike to save his puppets at Washington. He himself is in control of the Bessemer Ore Producers' Association, one of the most iniquitous of trusts, which has succeeded in doubling the price of Bessemer ore since 1895. The "campaign of denial" does not deny. Its attempted evasion is simply a confession of weakness.

Wool, since last March has fallen from 17c per pound to 12c and bids fair to fall still lower, besides, sheep is falling in a corresponding ratio. McKinley prosperity does not seem to compare with the party howl, the only issue they are making a fight on this year.

Gov. Poynter & Hon. W. D. Oldham,
 Will address the voters of Sioux county, at the Court House in Harrison, on Friday, Oct. 26, at 2 o'clock in the afternoon. Come one. Come all.
 Come and listen to that which is of vital importance to everyone.

Another of the conspirators, to the murder of the late Governor Geibel, of Kentucky, has been found guilty, and sentenced to life imprisonment. The human life is too sacred, for a political hireling to dare take at will. Too bad Taylor, the instigator of the plot is not among those already convicted, but as he is indicted, he will in due time be brought to justice. Governor Mount, will not always be able to shield a murderer.

The official Associated Press statements declare that Bryan and Stevenson will surely carry the state of New York at the November election, which of course insures the election of the Democratic ticket.

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. Only 25 cents at J. E. PHINNEY'S drug store.

Hon. W. J. Bryan delivered addresses to more than half a million people on his campaign tour through the empire state of New York last week, which in all probability has taken the state out of the doubtful column and placed it in the sure democratic column.

Voter drop your ballot in the box and take your choice. When you have done so you become responsible for the man you elect.

Hon. John Sherman, prominent in public life during a period of 49 years, passed to the great beyond on last Monday morning. The funeral will be held on today at Mansfield, Ohio.

A. G. FISHER'S.

Record Of Misrepresentation.

A voter writing to editor Korus, of the Chadron News, relative to A. G. Fisher's official acts while misrepresenting the people of this representative district in the state legislature two years ago this winter elicited the following public reply of editor Korus:

On examination of the official record I find that Mr. Fisher introduced a resolution calling for the dismissal of Colonel Stotsberg from the command of the First Nebraska Regiment and his trial on charges preferred against him.

That on January 17, 1899 as shown on page 313 he voted "yes" on Joe Burns' resolution to lay on table for the investigation of the Supreme Court.

On January 29th, 1899 he voted to lay on the table resolution introduced by Representative Grell declaring the sense of the house to be that any foreign alliance by the United States is repugnant to the spirit of the American institutions.

On January 31, 1899, he voted against the resolution offered by McKinley to get a reduction of railroad rates on grain, live stock, coal and lumber.

On February 16th, 1899 he voted to indefinitely postpone House Roll 16, forbidding free passes to public officials and on the same day voted to indefinitely postpone House Roll 84 forbidding special corporation favors from express, telegraph, sleeping cars or railway companies to public officials.

On February 19th, 1899, he voted to unseat Nels Anderson populist elect from Fillmore county although three republicans had the courage to rise above partisanship and vote against his unseating.

On February 21, 1899, he voted against a bill providing the First Nebraska Regiment then at Manila, with cash funds and a fund to return the dead bodies of Nebraska soldiers.

On February 21, 1899, he voted to indefinitely postpone House Roll 238 providing for extension of referendum to laws of the people.

On March 31, 1899, he voted against the minority report censuring the Supreme Court for disregarding the laws.

On March 9, 1899 he voted against the passage of House Roll 100 providing for Boards of Arbitration to settle labor disputes.

The Work of The Trusts.

Competition among producers is the one bulwark of the consumer. Monopoly spells flat pauperism for him. Competition means to the consumer, lower price and better quality. Trusts which poison competition and kill it out of the way mean higher price and poorer quality. And today "prices" are "up." There isn't a commodity that hasn't clamored. Here is a list built on what is purchased for the home. The poorer as well as the rich must have these things. Read; you may thus learn what, under trust rule, is taking place in your pocket.

No one may cavil at these figures. They were fixed and offered by salesmen who handle the articles. And the above is only a partial list of instances. The roll of those commodities the price of which within a year has had arbitrary trust advancement, with no reason save, the loot reason that moves a burglar or gives impulse to a foot pad, would swell to thousands.—The (N. Y.) Verdict.

Poisonous toadstools resembling mushrooms have caused frequent deaths this year. Be sure to use only the genuine. Observe the same care when you ask for DeWitt's Witch Hazel Salve. There are poisonous counterfeits. DeWitt's is the only original Witch Hazel Salve. It is a safe and certain cure for piles and all skin diseases.—J. E. PHINNEY.

Mark Hanna and Billious McKinley are having to fight their campaign this time without the help of ex-president Harrison, Mat Quay, William E. Mason, Senator Davis, of Minnesota, Governor Pingree of Michigan, and R. A. Alger too, and hundreds of other prominent republicans who were a part of the head push for them in 1896. Watch the result.

The chances are growing brighter daily for the fusion ticket winning both in the nation and state alike. No man who has the duty of home and family at heart, will vote for Detrich, if they inform themselves about the candidate. One noted fact about him, is that all of the christian ministers of his home city are bitterly opposed to him, and doing all they can to defeat him.

Everything looks quite favorable for Bryan and Stevenson to carry the state of Ohio, November 6th. In our opinion Mr. Bryan's chances for carrying Ohio, this year are excellent, with chances just as good for carrying Michigan.

Among the latest additions to the Bryan ranks are the Hastings Weekly News and the Republican of the same city, also the Herman Weekly. They give as their reasons for this move, that the oldship is lacking, and duty to conscience and country alike has urged them to take this step. They say toward without hesitancy, that any party which have placed such a man as Detrich, on the gubernatorial ticket, cannot hope to prosper in this or any other state. His name they declare in no wise city, is synonymous of all that is ungentlemanly, deluding, and vulgar. They further state that republicans by the score are deserting him in his home city.

King George and King William.

When the American colonies were in revolt against Great Britain, George III, then king, issued a proclamation as follows:

"I am desirous of restoring to them (the American colonies), the blessings of law, which they have fatally and desperately exchanged for the calamities of war, and the arbitrary tyranny of their chiefs."—George III. of England, in 1778.

So too while the forces of the United States were chasing the patriotic Filipinos from their burning homes, President McKinley assured them of his kind purposes as follows:

"That Congress will provide for them (the Filipinos), a government which will bring them blessings, which will promote their material interests, as well as advance their people in the paths of civilization for enslaving the men of another race, it is all the same old serpent."—Lincoln's Complete Works, Vol. 1 page 259.

"Let it be remembered," said the continental congress in addressing the states at the end of the revolution, "that it has ever been the pride and boast of America that the rights for which she contended were the rights of human nature."

"True statesmen as they were," said Lincoln, "they knew the tendency of prosperity to breed tyrants, so they established these self-evident truths, that when, in the distant future, some men some faction some interest should set up the doctrine that none but rich men or none but white men, or none but Anglo-Saxon white men, were entitled to life liberty and the pursuit of happiness, their posterity might look up again to the declaration of independence and take courage to renew the battle which their fathers began; so that truth, justice and mercy and all the humane and christian virtues might not be extinguished from the land; so that no man would hereafter dare to limit and circumscribe the great principles on which the temple of liberty was being built."

 A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. I know they robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed at J. E. PHINNEY'S drug store.
