Mrs. Betty and her son and daughter Miss Katie were in town the first of the week on business. We acknowledge a pleasant call from Miss Betty, while in town. She also added her name to our list of readers.

Mr. Holtsfelder, of Kirtley, Wyo., took the train here on last Monday evening for Hot Springs, S. Dak., where he had been summoned to appear as a witness in a civil case which is being tried in the circuit court there this week. He will be absent one week at least.

Jesse, and his brother Santiago Crawford, the hero of the battleship Maine, informed us that the Bodarc Lyceum was progressing nicely, in a literary and instructive sense thus far during its conception period. Following was the subject for debate last evening: Resolved, that Filipinos are entitled to the same rights and privileges, relative to self government as the Cubans. Santiago Crawford, will lead, on the affirmative, assisted by two able speakers, while Jesse will lead the charge on the negative with two of Bodarc's best informed gentlemen to substantiate his argument.

Father McNamara was here yesterday, for the last time as pastor of our little mission, we will be attended from Monday hereafter. Father McNamara, has during his periodical visits among us made a host of friends among all our people, catholic and non-catholic alike, and all will regret to learn that we are to lose him. But to have had eighteen missions to attend and the labor while it was of love for the "Mission" yet because of health is limited, hence the Bodarc Lyceum the western mission from then on will still attend the entire mission and will continue in route of Chadron.

Ed. Lyons new house, is now under headway and will be enclosed by the end of the week. Oh, no Ed, we doubt your building that house to rest. Of course that will do to tell, you have to have some kind of an excuse and a poor excuse is better than none.

It is high time the town board were putting in a new pump in the town cistern, or have the old one repaired, so it can be used. If there is no money in the treasury to buy one to replace the old one, then a collection should be taken up and repair the watering place, so that when one went for a pail of water they would be sure to get it.

Rev. Warren, of the M. E. church of this place and Rev. Father McNamara of Chadron, were the guests of honor at the Woodmen of the World, supper last night. Father Mac, as he is familiarly called, invoked the divine blessing upon the sumptuous repast that is annually prepared for the regaling of the inner man of its Sovereigns and their families.

The Woodmen of the World Entertain.

The annual banquet, and oyster supper held by the Woodmen of the World, was given to the members, their families, and a very few invited guests, at Andrews Hall, on last evening, a most delightful repast was served with the candid sovereigns in full charge, from "cheff" down. Games of various were enjoyed. Right here we wish to say that in the art of table waiting, the Sovereigns are without a peer. The champion dishwasher of the camp, is our good natured friend Sovereign Charles Bielle, who will yield his office to no one he is always assisted by a corps of trained attendants. These annual banquets are looked forward to with a great deal of pleasure, as their special object is to further promote sociability among the Sovereigns. The lodge has for its prime object, the care and protection of its members during time of sickness and after death it looks after widows and orphans, or other beneficiaries, as the case may be, by the insurance it is always willing and ready to pay, and last, but not least the organization places at the grave of all its deceased Sovereigns a costly monument to mark their final resting place. Are not these facts worthy of consideration by all men, and particularly by the man who has a family and has not very bright prospects of leaving their family comfortable should he be called away suddenly.

Camp dues are insignificant, when the benefits to be received are considered.

A Few Gem Thoughts From the Trenchent Pen of Clio.

"Why don't you write for the paper", is the query propounded so often in our letters coming from home, that I will take up my pen again. Guess the last items I sent went astray as they did not appear.

We get the PRESS-JOURNAL on Saturday night and we all want it at once, so eager are we to bear from home.

We extend congratulations to our old friend Charly and hereafter will distinguish him, as is his due, by saying Honorable C. F. Coffee.

We presume the old and young school-boys of Sioux county are rejoicing as never before since the Wasserburger boys shipped their horses to Wis., as they promised when they came back last year that if they ever went back again they would bring back a car load of marriageable maidens.

Mr. Newlin, was lucky for once that he did not loose half of his team. I doubt if the horses here could have done any better, and they never saw a pro-people either.

Emstel, when you get all the cranes killed off up yonder, there is a good chance here to try your skill at wild

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and lagrippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." Just Saved His Life. It was a thrilling escape that Charles Davis of Bowerston, O., lately had from a frightful death. We hope the Bodarc items wont be "snowed under" very often as they are always eagerly looked for. We are sorry to hear of so much sickness and of Mr. Rio's continued illness. The weather has been as fine as any sane man need ask for. Enough snow to cover the ground once but only lasted a day or two. Perfectly lovely Thanksgiving day, and the union services in the town was greeted by a crowded house, after which we helped "Grandpa" Hockell's dispose of a fine turkey.

We want our friends to know that we are now settled in our new home, and ready to give a hearty welcome to any of them passing this way. Our name is such a hard one any body on the college section can direct you to the Knott corner. Mrs. Fred Kaopt.
