ENTERED AT THE HARRISON POST OFFICE AS SECOND CLASS MATTER.

A Dastardly Outrage.

Notice has been received at the county clerk's office to the effect that a contest has been filed by Allen G. Fisher against Charles Coffee, representative for the 53rd, district on the face of the returns by over 300 votes, This is a dastardly outrage, and just what might have been expected of Fisher. This paper does not stand for, nor countenance wrong in the republicann party more than any other. Fisher alleges that Coffee is a national bank director, has expended over $100 in election expenses (the amount allowed for 5,000 voters), that beer and cigars were bought as bribes for voters, and a lot of other tomfoolery which was resorted to by Mr. Fisher just as much as the other. The whole secret of the matter is that Fisher hopes the republican majority in the legislature will oust Coffee and seat him. We do not believe they will do it, and if they do the republican party will pay the penalty thereof by losing the confidence of a large number of voters. This paper condems such methods, and does not propose to be mealy-mouthed about it for Fisher or any other republican.— Alliance Times, (rep).

Don't use any of the counterfeits of DeWitt's Witch Hazel salve. Most of them are worthless or liable to cause injury. The original DeWitt's Witch Hazel Salve is a certain cure for piles, eczema, cuts, scalds, burns, sores and skin diseases.—J. E. PHINNEY.

In his message to Congress, President McKinley is very much interested in recommending legislation for the purpose of irrigation in the Hawaiin islands, but note the fact, not a word does he utter, with regard to legislating in the interest of irrigation of 72,000,000 acres af arid lands in the United States.

The time seems fully ripe for the west to take a firm and decided stand on the question of national irrigation and something great my be accomplished at once. Why not? It is as right that congress should appropriate money for storage reservoirs as for river and harbor improvements. The building of storage reservoirs would obviate the necessity of much river expenditure and would help navigation, and the home building area of the United States would be vastly increased. And now if the west makes this demand the East will back it up, for the benefit would not be local.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and lagrippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominenent retail druggists in that city, in in speaking of this, says: "We recommend Chamberlain's Cough remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by J. E. PHINNEY.

George W. Peck, auther of Peck's Bad Boy" and governor of the great state of Wisconsin from 1891 to 1894, inclusive, has again taken up his pen, the instrument said to be, "mightier than the sword," and will engage in the newspaper work once more. As the newspaper is an educator of public necessity, Mr. Peck no doubt concludes his usefulness as a journalist has not been completed. He has accepted a position on the New York Sunday World. He will during the mean time, write and publish the book entitled, "Peck's Bad Boy Grows Up," and by the way, if it meets with as large and phenominal sales as the other comic works of his versitile pen, it will be something enormous and will tax the capacity of his publishers ability to supply the demand for the book.

Rough Material.

Young people often think, "If I only had a chance—if I could choose what I would like I could amount to something

A little incident from lifes experience, makes plain the truth, that all that is required of anyone is to do the best he can under the conditions by which he is surrounded.

"You are building a good wall there," said a passer-by, stopping to look at a workman by the roadside. "Some of your material looks rather poor to work with, too," and he glanced at a pile of rough jagged stones.

"I aint pickin, my materials," the man answered simply. What I'm here for is to build as good a wall as I can with the material that's brought me."

The same is true of the life we are building. We can seldom choose our material. Circumstances we cannot control bring us this happening or that, bring disappointment instead of the joy we looked for, weakness instead of the strength with which we meant to do so much. Many a rough and unexpected thing befals, many an occurrence which we did not only did not desire, but against which we cry out in bitter protest. Still it comes to us—material that some way, for good or ill, must find its place in our building. We cannot choose our material, but we can choose what we will do with it and what it shall do for us.—whether it shall weaken or strengthen the character we are formiug.

Help is needed at once when a person's life is in danger,. A neglected cough or cold may soon become serious and should be stopped at once. One Minute Cough Cure quickly cures coughs and colds and the worst cases of croup, bronchitis, grippe gnd other throat and lung troubles,—J. E. PHINNEY.

Attorney General, C. J. Smyth, has finally succeded in obtaining a decission from the Supreme Court of the state compelling the Standard Oil Co., to bring their books into court and make a showing, whether or not it has violated the anti-trust law of the state. In a resent decision rendered by our state Supreme Court, it has dealt a severe, body blow to all trust companies doing busi- in the state of Nebraska. If the new Attorney General elect will, during his term of office be as earnest and industrious in the effect to destroy the trust and their influence in this state as Attorney General Smyth has been during his term of office, he certainly will receive the plaudits of a trust ridden people.

Just Saved His Life.

It was a thrilling escape that Charles Davis of Bowerston, O., lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of Consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years, proven it's power to cure all Threat, Chest and Lung troubles. Price 50c and $1.00. Every bottle guaranteed. Trial bottles free at J. E. PHINNEYS drug store.

Hon. Charles A. Towne, of Minnesota, has been appointed U. S. Senator to succeed the late senator Cushman K. Davis, who passed away a couple of weeks ago as a result of blood poisoning. Mr. Towne will fill the position until March 4th next. as the state legislature, in all probability will elect a republican to succeed Mr. Town, as he is a Democrat and the state legislature of Minnesota is republican. However, Gov. Lind could have made no better selection if he had looked the state over from one end to the other.

The Iril R. Hicks 1901 Amanac.

Whatever may be said of the scientific causes upon which the Rev. Irl R. Hicks bases his yearly forecasts of storm and weather, it is a remarkable fact that specific warnings of every great storm, flood, cold wave and drouth, have been plainly printed in his now famous Almanac for many years. The latest startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 almanac, as one of disaster by storm along the gulf coasts. The 1901 Almanac, by far the finest, most complete and beautiful yet published, is now ready. This remarkable book of nearly two hundred pages, splendidly illustrated with charts and half tone engravings, goes as a premium to every subscriber who pays one dollar a year for Prof, Hicks' journal, WORD AND WORKS. The Almanic alone is sent prepaid for only 25c. Order from WORD AND WORKS Publishing Company 2201 Locust Street, St Louis, Mo.

Of course Mrs. Knott, knows our record as a local nimrod, anp invites us to try our skill on wild geese near Central City. We would like to accept but it is not safe, as some amateur sportsman there might take us for an Ardea Virescens and fill our anatomy with No. 4 shot.

A letter from Misss Winnie Kline, of West Chester, Pa. informs us that she attended the state convention of the Christian Endeavor, held in Philadelphia a few days ago. She was sent a delegate and was there 3½ days. The convention was held in the largest church and armory in the city. There were present over 18,000 C. E's.
