ENTERED AT THE HARRISON POST OFFICE AS SECOND CLASS MATTER.

Mrs. Nation's Renovation.

Mrs. Nation, Mrs. Nation, After much deliberation, but without prostration, You have found your occupation.

And with earnest application To this job of renovation, Without thought of compensation You have regained a reputation.

You have shown determination And a lot of animation, Working for emancipation Of this thirsty generation.

And to increase the complication Jointly with you dejection And their stock depreciation From the very last quotation.

Their keepers view with consternation The awful work of desecration And their only consolation They have had a new vocation.

During your incarceration With ample time for meditation You proposed continuation Of the present agitation.

You know the combination You endorse the proclamation Of this great administration. In benevolent annihilation.

- B. F. OREAR, In Sunday St. Louis Republic.

The billion-dollar steel trust is now a reality.

Wu Ting, the Chinese minister recently refused to sit at the same table with Otis.

Mrs. Nation is now to be backed up by one thousand men of Topeka, in her saloon course.

Working Overtime.

Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, Biliousness, Constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at J. E. PHINNEY'S Drug Store.

The only reigning queen in Europe today is Wilhelmina, the daughter of the late King William III, princess Emma, of Waldeck, who was married on last Thursday, Feb. 7th, at the Hague, in all the style pertaining to royalty. It is said the young queen has the interest of her people only at heart.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it.—J. E. PHINNEY.

Those who are in a position to know, say the Frye-Hanna-Pain ship subsidy bill now before congress takes from 16,000,000 people \$6,000,000 and puts it into four men's pockets, but it can't give one cent for irrigation.

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; either can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good.—J. E. PHINNEY.

On last June, the republican party held a national convention, at the centennial city, Philadelphia and almost if not quite unanimously passed a platform of principles, in which platform there was a plank opposed to trusts especially bad trusts and all the campaign party leaders, who were convicted in their own minds, bowed against the trusts, while others of the party leaders declared there were no trusts. Now that the party were successful and returned to power, not a single move has been made to destroy the trusts, or even restrain them, on the contrary, the republican congress, together with "the immovable administration" president and his cabinet are all without doubt working in collusion for the Frye-Hanna ship subsidy bill, nothing more nor less than a trust measure to give four trust magnates a monopoly of the sea faring business by giving \$6,000,000 out of the people. Yet our national congress cannot possibly do anything for irrigation in the arid regions of the west.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an excellent remedy for all throat and lung troubles and its early use prevents complications. It was made to cure quickly.—J. E. PHINNEY.

Mrs. Mabrick, who eleven years ago was sentenced to life servitude by a criminal court in Liverpool, England, for the murder of her husband by poisoning and who has served 11 years of that sentence, has by the grace of his majesty, been pardoned. Mrs. Mabrick is an American lady and some of the most prominent and influential people of this country have unceasingly interested themselves in her behalf and no doubt it has been largely thru their efforts that she has been pardoned.

The horse play that has been going on down at Lincoln this winter in the selection of two U. S. senators, affords an excellent object lesson in favor of United States senators being elected by direct vote of the people of this nation and we opine ere another decade of years are counted, the national constitution will be amended, so the people will have an opportunity to say who shall represent them in the upper house of congress.

Special dispatches to the daily press of the United States, makes the surprising announcement that Great Britain has asked the Portuguese government to loan her some of the weakling troops in order that she may whip the Boers into submission. If the statements be true, and we have no reason to question them, Lord Kitchener has asked his imperial government for 20,000 more troops, it is pretty good indication that King Edwards kingdom has seen its halcyon days and its darkest era has dawned in the form of the cruel South African war.

Tom L. Johnson's Plans.

Cleveland, O. Jan. 31.—Tom L. Johnson, received the following dispatch from W. J. Bryan of Lincoln, Neb., Wednesday: "Is it true as reported, that you have closed out your business and intend to devote the remainder of your life to social and political reform?" Johnson replied: "It is true that I have retired permanently from business and intend to devote all of my time and energy to social and political questions; preliminary in defence of the principles of equal and exact justice to all and special privileges to none."—Elmira (N. Y.) Gazette.

A Fireman's Close Call. "I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, rundown people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by J. E. PHINNEY. Price 50 cents.

Mayor, Sam'l M. Jones, while addressing the Men's Guild of the Presbyterian church at Rochester, N. Y., last week, was asked his opinion relative to the Philippine war, he said: "I don't believe in murder; we must quit killing." He declared: "We are the only nation on the face of the earth that burn men at the stake. Ohio scored the south, but when we had a lynching in our yard, we drew in our horns, so did Michigan too."

Genl. Christian DeWet, the General Grant of South Africa, has achieved another signal victory, over British troops at Ficksburg mountains. Again the British commander in charge was forced to retire with great loss, being compelled to keep up a running fight in the rear thus enabling the kings forces to make their escape.

LaGrippe Quickly Cured.

"In the winter of 1899 and 1900 I was taken down with a severe attack of what is called LaGrippe," says E. L. Hewatt, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Dr. J. E. PHINNEY.

Ex-Congressman, Judge Maxwell, expired very suddenly at his home in Fremont, Neb., on the 11th inst, of heart failure. Judge Maxwell was 76 years of age and had been in public life almost continuously during his residence in this state where he had lived since 1855 and had much to do with shaping legislation and in conducting the public affairs of this great commonwealth since its entrance into the Union as a state.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kodol Dyspepsia Cure which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised the demand for it has become enormous. It has never failed to cure the very worst cases of indigestion and it always gives instant relief.—J. E. PHINNEY.
