Choice, Fresh and home cured Meats and home rendered Lard, salt Fish, fine line of Groceries, Tobacco, Cigars and Candies, Nuts and green Apples. Highest price paid for Hides and Produce, at Smith's Red Front.

E. ROHWER, DEALER IN

Lumber, Harness, Saddles, Grain and Feed, Doors and Windows, Heavy Hardware.

Remember to buy Valentine's day. F. J. Witt has been quite poorly the past week. Rev. Warren has been at Pleasant Ridge this week. Jacob Marking and wife were in town Friday doing some trading. The grip is still among us. Several of our people are afflicted with it. Nellie Thornton, is still very weak, but we hope to hear better news soon. One half of February has past away, and comparatively, we have had no winter yet. Messrs. Andrew Johnson, Claus Christensen and Jens C. Meng, were Hub visitors the first of this week. Father McKamara will celebrate mass at the court house in Harrison, on Saturday, March, 9th, 1901. Persons who can not take ordinary pills find it a pleasure to take DeWitt's Little Early Biscuits. They are the best little liver pills ever made. J. E. PERRY.

J. J. Henry, was over from Montreal; this week, and while here dropped in to my a friendly "how" to ye editor, and to renew his allegiance to the Press-Journal. Do you enjoy a good laugh? Then don't miss the Andrews school literary, on next Saturday evening. All present are expected to do everything they can, to make the evening a pleasant one, they must sing, dance, speak a piece or pay a line. Like had dollars, all counterfeits of DeWitt's Little Early Biscuits are worthless. The original quickly cures piles, soreness and all skin diseases. J. E. PERRY.

An exchange says: If stockmen would follow these instructions they would never go to any expense to determine which: Buy a 5-cent stick of potato and when the little horse appears, eat them the couple and that calf will never know that nature intended it to have horns. It is certainly worth trying. Look (Wyo.) Herald. Do you want to get into the horse paper business? If so, and you have the cash, write to me and we will discuss the matter.

Through reliable sources I have learned that about 25,000 calves of horns and possibly the same, are contemplated to be born in this county, after disposing of the worst grade in Sioux county. We would say much that so good a citizen as these wants to have, there are hundreds in this county who feel as we do. If you are a people who are familiar with the name of the Press-Journal and those who are familiar with the name of the Press-Journal, please write to me and we will discuss the matter.

Had To Conquer Or Die. "I was just about given up," writes Mrs. M. M. Johnson, of Pleasant Ridge, N. D., "I had Consumption and had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them. I had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them. I had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them." Mrs. Johnson writes to J. E. Perry.

CARD OF THANKS.

I wish to thank the people in general for their liberal patronage in the past year as our business has been better the last year past than ever before and I will endeavor to merit the same liberal patronage in the future, by selling all goods in our line cheaper for cash than ever before. So come right along and be convinced. Yours Respectfully J. H. BARTELL.

Pneumonia Prevented.

This disease always results from a cold or an attack of the grip and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of LaGrippe of the past few years, and not a single case has ever been reported that did not recover or that resulted in pneumonia, which shows it to be a certain preventative of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cures of colds and grip. For sale by Dr. J. E. PERRY.

—Denver, Colo., has a Luxow committee.

—Mrs. G. W. Hester, has been suffering of grip this week.

—John Herman, was in from Story, this week on business.

—James Nola, was in from his Eckard ranch, this week after supplies.

—Egbert Rohwer, who was quite indisposed a few days last week, is now able to be out again.

—Bill Shatto, was down from Kirtley the first of the week and reports Miss Dora Christian as being very sick.

—The many friends of Hon. Chas. F. Coffey will be much pleased to hear of his receiving 9 votes for U. S. Senator, Hurrah for Charley. He's all right.

—Dr. Richard will be in Harrison, at the Harrison House from February 25th, to March 6th, prepared to do all kinds of Dental work. Extracts teeth without pain.

—While in town last Monday, Andrew Johnson, of Ardmore, purchased a quarter section of land nearby the quarter which he has just acquired by right of contest, of Attorney Guthrie.

—Frank Diester, purchased a carload of young cattle of Virgil Hester, last week, which the latter had just recently purchased at Sioux City. Frank is one of our young stockmen who is rapidly getting to the front.

—On the 7th inst, Hon. C. F. Coffey, introduced a bill in the house, amending the irrigation laws, providing the under secretary's with greater power, and furnishing them with an official seal in their office.

—Mr. Bunge, of Neligh, Neb. who better half has been here during a couple of weeks, the guest of her mother, Mrs. Wedderman, came in on last Thursday noon, and on Friday was driven down in the valley where he will rusticate until his better half decides they had better return to their home.

—Last Tuesday, was the anniversary of the birth of the illustrious Abraham Lincoln, one of the most able and noble presidents of this great republic of ours. We do not believe Washington was even greater, yet unquestionably his peer, yet far be it from us to detract from either of these great heroes of their day and generation. May this nation of ours in its history never be too busy; to halt long enough in their greedy war of conquest, to smother freedom and independence; to pay military tribute to the memory of one of the noblest scions who ever lived.

—About a month ago Will Hough, made a business trip to Pierre City, this state, to look up a business proposition for a hardware store at that place, and since his return home he has finally concluded a deal whereby he becomes the owner of a large hardware store at Pierre. Will and his estimable wife and babe, expect to leave Sioux county for their new home next Saturday. The Press-Journal regrets to announce their departure, but wishes them success in their new home. Without doubt their best of friends in Harrison and vicinity feel as we do, that our country has lost a good citizen and an industrious young man. The Press-Journal will help them to their new home and will keep them posted as to their friends and neighbors in this part of the Lewis and Clark.

Had To Conquer Or Die. "I was just about given up," writes Mrs. M. M. Johnson, of Pleasant Ridge, N. D., "I had Consumption and had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them. I had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them." Mrs. Johnson writes to J. E. Perry.

I had not more than a month, but I began to use Dr. Williams' Pink Pills and was wholly cured by them." Mrs. Johnson writes to J. E. Perry.

Over in Wyoming.

After a two weeks rest will try to write up the Pleasant Ridge news again. S. L. Kirtley, was sojourning in the settlement last week.

Sam Holterfeld has been laid up with the grip for about a month. He is able to be out now.

BORN—To Mr. and Mrs. Olga McDermott, on Feb. 3rd, a girl, weight 12 lbs. A Mr. Price, state organizer for the Woodmen of the World called on ye scribe a few days ago, in the interest of the order.

Dr. Hall of Lusk, held a medical examination for the benefit of candidates for the W. O. W. lodge, at J. J. Zumbro's on last Tuesday night. There were over 20 applicants and he did not get thru until 5 o'clock Wednesday morning.

Every body with their sons joined the W. O. W. lodge, last Wednesday night. Mrs. Eva Christian, is still crippling around with rheumatism in her feet.

L. L. Wilson, received the sad news a few days ago, of the death of a brother-in-law by bright disease in Eddyville, Ia.

A letter from a brother of ye scribe, living in Panora, Ia. of whom mention was made a few weeks ago; states that his family had fully recovered from the Scarlet fever, but were still quarantined. Mrs. Carrie Nation has been making things hum in Dickinson county, Kan. the home of ye scribe from April 1877, to 1881. The town of Enterprise, in which she destroyed two joints and was roughly handled by the jointists, Mrs. William Shook and Mrs. Shilling, was well known to the writer 20 years ago. The town of Hope in which the two jointists Gillette and Lash escorted her to the train was then a country store and post office. Mr. Gillette is a brother of the cattle king and abscorder, Grant Gillette; and was but a small boy during our time there, while Grant was about 16 years of age. H. W. Lash was an old time friend of the writer and at that time was leading the honest life of a farmer, while Mr. and Mrs. Shook lived in the town of Abilene and were honest industrious people.

Rev. Warren came out to the Ridge, the middle of last week for the purpose of holding a series of meetings, but as the weather has been so bad so services until Sunday; after which he went home as he had not been feeling well for several days and was not able to hold protracted meeting.

Mr. and Mrs. Harry Dool, Miss Flucky and Mr. Tatem called to see Dora Christian on last Sunday.

We understand that a lodge was organized with 23 charter members. The society will hold its meetings in the west school house.

Bollie Christian is quite sick at this writing, but we have not learned what the malady is.

Miss Dora Christian has been very low for the past ten days, but at this writing Sunday, is resting easier. For the past ten days she has been confined to her bed almost continuously and is very weak.

Last week was a good one to harvest ice and those who had ice houses made good use of the time.

Well, well: so "Uncle Bab" is still on earth, he has often told us that he did not expect to die, but would just mumble: Wonder if he is a traveling mummy now? ZIMMEL.

Strayed or Stolen. One white saddle horse branded 7 F. One left thigh weight 1000 lbs.

One brown crop eared saddle horse branded on left shoulder; weight about 800 lbs. 5 star in forehead.

One half faced saddle horse white hind feet, peace a little, unbranded, weight about 800, lbs. A liberal reward will be given for any information of their whereabouts, disappeared from my place, three miles north of Harrison, on or about the 6th, or 7th, of February, 1901. Address H. B. HARRIST, Harrison Neb.

Strayed or Stolen. The Primary room, is taught by Miss Stewart, and I am glad to say I found everything in this room, moving right along, but by force, but by love, I not only found in this room book learning, but I found love and character building as well. It has been a good many years since I looked in upon so many bright young folks, all near the same age, and sized, with good will and affection for their teacher, and each other. This is the most important part in a child's life for here the foundation is laid not only of his educational career but whether they are to be mental and moral in years to come. If the little child is taught by force but not by love, the child is taught by love they can be raised by love. The many parents, I am sure to say they see little signs on the child's face indicative of a school room. When this great old world needs to-day in more love, you love, and if the parents of this school will only visit this room, they will see and feel the difference. By doing this you will see and appreciate the love and kindness shown to your own little ones by this teacher and no other person than to make out of them noble, loving, and good men and women.

Annual Report of J. B. Burke, Co. Superintendent Sioux County, Nebraska.

To the Citizens of Sioux County Greeting:

It is my desire, in the brief statement below to give you a true condition of the educational work in the County. I have found it in visiting the different school divisions, and I hope no teacher will take offense to their work being given to the public as it exists or that as I have found it, and as this is my first report I will try and not be too severe on the teacher.

SCHOOL DISTRICT No. 1.

The first term of this District was taught by Miss May Smith Kiras, and I found the school in very good condition, considering the obstacles that both teacher and pupil had to meet and overcome, while much might be said, I think the most is the master needed, some seemed to disagree with Mrs. Kiras on certain things, but I think the majority, will agree with me that Mrs. Kiras is a capable and competent teacher.

DISTRICT No. 2.

The first term of this school was taught by Miss Ella Stuart, and as the school closed before I could visit it, I can report only, as I have received it from the Patrons and the teacher, Miss Stuart. This is not a very large school but has somewhat of a reputation throughout the county, but I am glad to note the fact that the patrons were very well pleased with the management and mode of instruction presented by Miss Stuart.

DISTRICT No. 3.

This school is taught by Miss Gertrude E. Greenwood, and was at one time a large school but at present is small in comparison to former years. While this is Miss Greenwood's first experience as a teacher, she seemed to be getting along very well. I find where schools have been large in former years there does not seem to be the inspiration that there are in small schools that have never had large enrollment; and I am sorry to say, teachers, have this to contend with and should be taken into consideration by both patrons and the board when they come to foot up the qualifications and work of a teacher.

DISTRICT No. 4.

This school was taught by Hartley Saxton, and is a large school. I found the school in very good condition and the attendance was very good and Mr. Saxton, seemed to be getting along very well with only one exception, and I find from looking over the Daily Record, that the ones that were absent had in former years absented themselves from school a great deal. I will say here that Parents can't be too careful about the Education of their children, it is due them and Parents should see that they get it. It is natural for a child to want to stay away from the school room and we have to use a great deal of discretion, or we will offer them encouragement unthoughtfully, so let us be careful that our children receive what justly belongs to them. I will touch upon this subject again in my general remarks.

DISTRICT No. 5.

This school is being taught by George F. Williams, and he seemed to be getting along very well considering, it is his first experience as a teacher. The school is small and the school room is in poor condition and the surroundings do not offer much of an inspiration for pupils to reach out and grasp what they should. Mr. Williams, seemed very much interested in his work, and I am sure if he continues in educational work he will make a success as an Educator.

DISTRICT No. 6.

This school is taught by Miss Grace E. Myers, and has always been one of the largest schools in the county, and has always been considered a hard school to teach. This school is in fair condition to what it was one year ago. This is Miss Myers' first experience as a teacher, therefore, we must not be too severe in our criticism, but here that all will take warning from past experience.

DISTRICT No. 7.

This school is in three rooms, the Principal, George W. Meyers, has the school under good control, and discipline, assisted by Miss Geneva B. West, in the intermediate room, and Miss Maud A. Stewart, in the primary room.

Mr. and Mrs. Myers, a very bright and up to date teacher, and also had his work very thorough. He doubt Mr. Myers, has had some discouragements to meet, but I am glad to say he is equal to the occasion and I find his room a place of work and interest for every pupil, and feel assured if present work continues as it is now, progressing, the school board will never regret the selection of Mr. Myers as the principal for their school.

In the Intermediate room taught by Miss West, I found everything moving along in good order and a very good interest shown by the pupil. Miss West deserves a good deal of praise for her work in this room, for as I understand school work this room receives the pupils from the Primary department, and if the work has not been properly taught or laid down by the Primary teacher it makes a double task on the teacher in this room. As this is Miss West's first experience as a teacher, I take great pleasure in commending her in her work and feel assured that her school work will be crowned with success.

The Primary room, is taught by Miss Stewart, and I am glad to say I found everything in this room, moving right along, but by force, but by love, I not only found in this room book learning, but I found love and character building as well. It has been a good many years since I looked in upon so many bright young folks, all near the same age, and sized, with good will and affection for their teacher, and each other. This is the most important part in a child's life for here the foundation is laid not only of his educational career but whether they are to be mental and moral in years to come. If the little child is taught by force but not by love, the child is taught by love they can be raised by love. The many parents, I am sure to say they see little signs on the child's face indicative of a school room. When this great old world needs to-day in more love, you love, and if the parents of this school will only visit this room, they will see and feel the difference. By doing this you will see and appreciate the love and kindness shown to your own little ones by this teacher and no other person than to make out of them noble, loving, and good men and women.

DISTRICT No. 11.

This is a small school and was taught by Miss Jennie Howard, of DeWitt Co. I did not get to visit this school before it closed, but from information received, from the patrons the teacher gave very good satisfaction.

DISTRICT No. 12.

This is a small school and was taught by Miss Frances Weidinger. This school closed before I got around to visit it, but from reports of some of the patrons, I presume they had a very good school.

J. B. Burke, Co. Superintendent.

(Check and report week.)

THE PIONEER PHARMACY. Drugs, Drugists Sundries, Paints, Oils, Varnishes, BOOKS and STATIONARY. J. E. PHINNEY, Proprietor.

The Commercial Bank. HARRISON, NEBRASKA. DIRECTORS. C. F. COFFEE, President. F. W. CLARKE, Cashier. CHAS. C. JAMESON, H. S. CLARKE, A. MCGINLEY.

We are Smashers Too. While Mrs. Nation is smashing saloons in Kansas, MARSTELLER BROS., are smashing prices in Harrison, Nebraska. When the quality and quantity of our goods are taken into account, all who trade with us do not hesitate to say that our goods of every description are better and cheaper than can be bought any where in town. We are head quarters for Dry Goods & Groceries, Hardware & Tinware, Boots & Shoes, Hats & Caps, Flour & Feed, Salt & Crockery, Lumber &c. &c. Mail orders promptly filled. We can, and do sell goods cheaper than any of our competitors and for a verification of what we say we cordially invite every body who are in need of anything in our line to come in and examine stock of goods and obtain prices before buying elsewhere and be convinced for themselves. Very Respectfully, MARSTELLER BROS.

Professional Cards. GRANT GUTHRIE, Attorney-at-Law. Prompt attention given to all legal matters in Justice, County and District Courts, and before the United States Land Office. Fire Insurance written in reliable companies. Legal papers carefully drawn. HARRISON - NEBRASKA.
