Witt, who has been looking after some of the affairs of his relatives here, during the past few weeks, left for his home in Evanston, Ill., on last Thursday evening. He took with him one of his voices, who will attend school. -The season for patent medicine advertisers seems to have arrived. During the past week, ye editor has also received the appalling offer of \$5.00 per year for about half a column of reading matter re-set monthly. However, as we are not in the printing business for our health, we declined the proposition. Editors stand together on this particular point. -The latest of our Sioux county bachelor's, to write his name among the "benedicts" is our friend Andrew Knori, Mr. and Mrs. Andrew Knori, arrived here from their wedding trip on last Saturday noon. The fracture was about half way between the knee and the ankle joint on the right leg. It was a long and tedious ride for a person with a broken limb from Rawhide to Harrison. -On last Saturday morning Miss Cotman, who teaches in school house No. 19, was somewhat discommoded by floating her school house floating down stream, and realizing that something must be done at once, if at all, to save the building, the plucky little school Mam, nothing daunted jumped into the water and hitched a horse to the building and held the animals head above the water, in order to prevent its drowning, at the same time she dispatched some of her pupils for help, which came as quickly as possible. Miss Cotman and the faithful horse were almost benumbed, with cold from having stood in the freezing water so long, but her heroic action saved the school house, and she should be rewarded. -Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy. -Mr. T. E. Housemar, Nantoway, Pa. -J. E. PHINNEY.

-Banker Clark and several other around town have been suffering with the gripp this week. -Hon. Tom L. If not you had better get to work at once, as the time is limited and the capacity of a small boys stomach is supposed to be without limit. -The Village election, here on last Tuesday, passed off very quietly, there being but two trustees and a marshal to be elected. B. L. Smuck was elected Marshal and J. E. Marsteller and Geo. D. Canon were elected as Village trustees. By the way, aren't they a tough set? Ha, ha, ha, ha, ha. -Mr. John Bieser, who with his wife was here about two weeks ago, with a view to locating in our town, and who left here expecting to return here long, has purchased the Grandpa Wright house of its present owner, Mr. Warocka. Mr. Bieser with his family will return to Harrison in a very short.

-Last season, the grasshoppers were very bad in the north and east part of the county and as a natural consequence, millions upon millions of hopper eggs were laid in the ground last fall, for this season's hatching, but the weather during February and the first part of March, was so warm and balmy, that millions of the little pests were hatched and ready for business when grasshopper start, but the past two weeks of cold weather and the recent blizzard, has probably destroyed all hatched which means thousands of dollar to the stockmen of the county.

Offered for sale there. The boys went to Harrison on Wednesday to receive a couple of thorough bred Hereford bulls which Andrew had purchased of, Chas Unit some time ago. As next Sunday is Easter look out for the small boy with his hat full of stale eggs, taken from the nest of a setting hen belonging to a near neighbor. IN MEMORY OF LITTLE LAURA. Darling Laura, gone to rest, With little hands upon her breast, A bud to us she came to bloom; But her morning sun went down ere noon. Sleep on, Sleep on, little cherished bud, You a dainty message direct from God We adopted you on earth to bloom; But for a wiser purpose God called (thee home). Friends nor physicians could not save, That darling from the grave Nor can the grave contain it there, When Christ shall it to appear. There's many an empty cradle There's many an empty bed, There's many lonely bosom, Whose joy and life have fled. For think in every grave yard The little hillocks lie, And every hillock represents, An angel in the sky. A. P.

Caught a Dreadful Cold. Marion Kooske, manager for T. M. Thompson, a large importer of fine military at 1639 Milwaukee Avenue Chicago, says: "During the late severe weather, I took a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I thought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by J. E. PHINNEY.

Over in Wyoming. Little Fern Hamlin is very sick, and at last accounts there were but little hopes of her recovery. This is sad for the family as they just buried a six months old child week ago last Tuesday. The snow, which fell during the blizzard of last week, is still very deep in places, but the chinook wind on last Tuesday was cutting into the drifts and causing the water to flow in little rivulets down the hillsides. The old saying, "that an early easter denotes an early spring" is a lack number this year we fear. The grass is starting and beginning to show green, between the snow drifts, but the meadow larks, with their spring-of-the-year" have not put in their appearance as yet. At a meeting of the school board, on Wednesday of last week, Miss Amy Christian was engaged to teach the spring term in the west school, but the teacher for the east school was not engaged. A resolution was passed prohibiting school being held on Saturdays except on certain conditions. Ye scribe and family have been in the grip of LaGrippis for some time, besides being snow bound; therefore items are not plentiful in this issue. Andrew Christian went to Crawford the first of the week to look at a stallion
