—Go to J. E. PHINNEY's for wall paper.  
—Dr. Hald, The Crawford Dentist, will be in Harrison Monday July 15th.  
—G. W. Hester's reading notice, in our last weeks issue, ought to have read, "should arrive about the 29th."  
—That car of celebrated, Deering Harvesters, Giant 5 foot Mowers, and Matchless Deering Rakes and Deering Twine has arrived. Will be sold right.  
L. GERLACH.  
—Attorney M. J. O'Connell, went to Adelia, Monday to try a case, wherein, A. P. Rosenberg is plaintiff and the B. & M. Co., are defendants, the B. & M. Co. being sued for killing of cattle belonging to plaintiffs.  
—Hay Rakes at Cost. Mowers \$18.00 at G. W. HESTER'S.  
—Mrs. Iverson, sister of Mrs. H. M. Warneke, who came out couple months ago and took a homestead, southwest of town, left for Odebolt, Ia., Monday evening, Mrs. Warneke accompanying her as far as Crawford.  
—Fly Nets for sale at E. Rohwer's Harness Shop.  
—M. J. Weber, called at this office as usual, while in town Tuesday and spent a few moments in pleasant conversation.  
—Set of Teeth \$5.00, and all work at Omaha prices and warranted, 25 years guarantee.  
—Mrs. Downey, a former resident of Harrison but now of Crawford, accompanied by M. J. Weber, of Glen, came in on the train Tuesday noon returning home in the evening.  
—The special train, bearing delegates and members of the stockmen's association held at Douglas, Wyoming, commencing on the 10th inst, passed up the road yesterday. A fairly good crowd were aboard.  
—Has any of our stockmen noticed that sample of bromo grass in Marsteller Bros., store, raised by Herbert Lacy? To us, it looks as if "Bromo Inermus" as a dry country, forage would be one of the howling successes in Sioux County.  
—T. R. Snyder, came in from Sheep creek Monday to get out a warrant for the arrest of George W. Leak, one of his neighbors, for dogging and running his cattle, which Mr. Snyder, declares are not trespassing upon any body and therefore Mr. Leak has no legal right to be interfering with his property rights, whatever.  
—When you want a modern, up-to-date physic, try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at J. E. PHINNEY'S drug Store.  
—We understand that while Mr. Soltenu was languishing in the county Bastle Mrs. Soltenu, Nes Crafts concluded to take time by the forelock, making herself quite busy in removing everything movable, both animate and inanimate from the premises of her liege Lord and Master, to the house belonging to John Marsteller, one half a mile north of town where she probably, concludes she has been located by the county "Dads". But, we learn that Soltenu, now proposes to take out replevin papers and go and re-possess his property, which in all probability will result in a peck of trouble for all concerned.  
—In our last issue we made mention of the fact of a warrant being sworn out, for the arrest of Castine Soltenu for mistreating the woman whom he had lived with for the past ten or twelve years. The case was set for 1 o'clock Tuesday for hearing before Judge Bartell but the plaintiff Mrs. Crafts failed to get in an appearance, thus defaulting, Judge Bartell could do nothing else but dismiss the case and turn the prisoner loose, hence, another expense has been heaped upon the tax payers and seemingly without any good reason. It is getting to easy to throw expense upon the county without any return for the outlay.

—W. B. Marsteller and family, together with his mother, also his wife's mother, Mrs. Goodman took a pleasure trip into the canyons and the valley, Tuesday visiting the Shaefer ranch which is probably one of the best in North-west Nebraska.  
—If you have any horses you want broke to drive to a two wheel cart, apply to V. A. Hester, who is an expert horse trainer in that special feature, some time ago assisted by John Dieckman another specialist in that line.  
—The hot wave which has proved disastrous to human life in some of the eastern cities, now seems to have struck this part of the country, but if the citizens can only keep cool, during this hot time they will not suffer with the heat.

Prof. "Bob" Dunn being the principal artist assisted by L. C. Wright, on the organ. Something like 70 numbers were sold.  
—We are glad to be able to announce to our Sioux county Sporting fraternity that is the Harrison bass ball nine, came away from Lusk, Wyo., on the 4th, the champions, but on account of the Lusk boys having half an inning to play, the prize money was divided. The score stood Harrison 12, Lusk 8.  
—"I am indebted to One Minute Cough Cure for my present good health and my life I was treated in vain by doctors for lung trouble following grippe. I took One Minute Cough cure, and recovered my health." Mr. E. H. Wise, Madison, Ga.—J. E. PHINNEY.

—A handsome steel range, only used a short time, with reversible grate, burns wood or coal. Apply at this office.  
—S. L. Kirtley, of Hot Springs, S. D., came in on Monday noon's west bound train.  
—Just as we predicted in last weeks issue, that we could expect rain on the fourth—and the paper was all printed before there was any indication of rain.  
—The rain on the 4th, put the finishing touch on our already abundant hay crop, and insures plenty of hay for next winter's feeding, even if we do get little or no rain from now on.  
—Did you ever get left? Well, Yes, just ask Fred Langworthy and Chat Unitt, why they did not come home with the rest of the crowd that went to Lusk on the 4th, ha, ha, ha, ha, ha, ha.  
—The 4th, in Harrison, was very quiet and all who did not attend the celebration at Lusk, Wyo., to us, it seemed they enjoyed themselves just as well as if they had gone a thousand miles away to swelter and sweat in the hot sun.  
—Last Friday morning, what might have been a serious conflagration, but for the timely assistance of some of our citizens, occurred at the depot, but which was soon extinguished. The fire originated in the temporary kitchen on the North-east corner of the Depot, but how we are unable to say.  
—Say did any body see Mac, McGinley at work digging post holes and setting posts around the Andrews Hall building. While old Sol was casting its warning influence upon his frigid form last Saturday? No body need to tell us again, for we have seen him working with our own eyes and they never deceive us.  
—Co. Supt. Burke, went to the valley the first of the week where he is engaged in tearing down a log house and moving the same to Harrison, where it is to be repaired and made ready for occupancy upon the piece of land west of town formerly owned by D. H. Griswold, now the property of Mr. Burke.  
—Rev. Warren went to Cheyenne on last Monday evening, to be present at the Chadron, district Epworth League convention, which convened there on last Tuesday evening, and continued yesterday and today, and will close this evening. Rev. Warren, has been assigned to speak on the subject of "social importance".  
—Mrs. R. E. Marsteller, of Hartberg, Penn., mother of John and Will, and Mrs. Goodman of the same locality, mother of Mrs. Will Marsteller, arrived here on the 4th, and will make the boys and their families an extended visit. Without doubt they will enjoy, very much, the healthful and exhilarating climate, that can be found no where else between here and the Atlantic coast.  
—Yesterday, M. C. Doane, and his son Fred, father, and brother of Mrs. Clarence Hollingsworth, arrived overland from Burns, Col., with a herd of cattle which they will range either in Sioux county or just across the line in Wyoming. Mr. Doane and family are old residents of our county and have many friends who will be too glad to hear of their returning here to remain permanently.  
—On Sunday, while playing base ball, M. J. Blewitt was struck on the cheek bone with the ball, fracturing and crushing the bone in such manner that his face will be permanently disfigured unless he succeeds in securing the services of an expert surgeon. He was at bat and struck at the ball, missing it, when the ball struck him. He suffered considerably the first day and night after the accident, but was feeling fairly well on Tuesday evening. He left on Thursday for Grand Island to consult a specialist.  
—Crawford Bulletin.  
—Neighbor J. W. Smith and his most estimable wife and little girl, left over the F. E. & M. V. R. R., last Saturday, for New Whatcoms, Washington, where they will visit for a short time, when they will go to a town called Nooksack, in the same county and where in all probability they will locate. Mr. and Mrs. Smith are old residents of the county and are well known all over the country. At least six or eight years has been spent in Harrison, where, June, as he was always called, has been engaged in the harness and saddletry business, and who was quite successful in that line. Mr. Smith and family have many warm friends in the county, and of course will regret to know of their departure for good, June leaves a father and mother behind them for a short time only, as we understand they too will take their fair-leave of Sioux county, some time this fall.
