Mrs. Werdeman, was a pleasant caller at the PRESS-JOURNAL, head quarters and produced a good big smile on the new editors face by planting a dollar on subscription.

A bad complexion generally results from inactive liver and bowels. In all such cases, DeWitt's Little Early Risers produce a gratifying result.—J. E. PHINNEY.

On Saturday, a deal was made whereby Fred Leithoff disposed of his landed estate out in Highland, to M. A. Barman & Sons. We did not learn just what the consideration was, but presume it was a fairly good one, as real estate is very much higher than it was a year or so ago.

Some of the citizens who have lived here a number of years, testify that the heat during the past few weeks has been worse than at any time during their stay here. However we have a good deal to be thankful for. If you do not think so, pick up a paper and read the accounts of the sweltering and drouth further east.

A letter from Judge Schilt at Fresno (California), to Mr. Canon, gives some interesting news of the writer. It gives the information that Mr. and Mrs. Chas. Beible, are the parents of a native son about 10 days old. They are all pleased with the country and are enjoying themselves, eating of the abundance of fruit. The judge does not know as yet what he will do.

Our friend, Fred Leithoff, who sold out last week, is now out of a home in Sioux County, and is now out of a home in Sioux County, and is in a quandary just where to go, or look for another location which will be more suitable than the one disposed of. Fred is a good citizen, and no doubt his many friends and acquaintances here will regret to see him and family remove from the county.

I wish to truthfully state to you and the readers of these few lines that your Kodol Dyspepsia Cure is without question, the best and only cure for Dyspepsia that I have ever come in contact with and I have used many other preparations. Over In Wyoming.

BORN—On Friday, June 12, '01 to Mrs. W. W. Tatman a girl, usual weight. The mother is doing well considering her former poor health, and the child is doing nicely. Grandpa Tatman is the happiest man in the settlement.

Charles McDermott is still working in Lusk where he went a few days before the fourth.

C. L. Christian, had the misfortune to lose his pocket book containing \$15 the last of last week.

C. L. Christian purchased a registered Clyde yearling colt of John Storrie, while in Lusk the 4th inst.

Mr. Murphy has the windmill up and the pump at work in the well on his claim. One by one the windmills are going up, and it will not be long ere a mill will be seen on every quarter section of land in the Ridge settlement.

Everybody is making hay and the click of the mower is heard all over the land.

M. C. and Fred Dean passed through here on last Thursday enroute to C. B. Hollingsworth's camp. They left Burns Colorado on June 15 with a bunch of cattle and horses and made it through with the cattle looking first rate.

S. I. Kirtley of Hot Springs, S. D. made a flying trip to the Ridge one day last week.

The hail storm the 4th broke 8 window lights out of the east school house.

Thursday, the 11th was the hottest day of the season. The Thermometer ranged from 92° to 101°. during most of the day, and that on the north side of the building. At 6 o'clock P. M. when the sun had reached the north side, it ran up to 111°, at 7 o'clock it was 90°, and at sun down 82.

Gems From Clio's Pen.

Yes we had a real good soaking rain the 4th also, but we had such hot dry winds for days before and it has been very warm since. The chintz bugs took advantage of the dry weather and did their best to destroy the oat crop, many pieces were not worth the cutting. The rye crop was a good one. The bugs are now after the corn, and in places they are utterly destroying it. "The oldest inhabitants" say they never saw the like before, neither with bugs nor hot winds. There has not been as much damage by the drought, as there has by the wind.

We shall have to do like like the editors of the gales do, take back what we "writ" before. We are persuaded now that it would take something more than the Pine Ridge to make this land a paradise. Don't be surprised if you see us in habit old Sioux County again. There is no telling where we may be two or three years from now. We have had a visit recently from my two brothers and their two wives and my sister from Kansas. They live about 25 miles from Topeka. They drove through and reported crops as looking very fine along the route till they reached Lincoln, from there on this way they were not so good.

They took us by surprise and it was a surprise for I had seen none of them for almost seventeen years. We had a lively time for a week here, I assure you, for they are all jolly and lively, and talkers as well as ye scribe.

We very much rejoice that Mr. Rice has so much improved in health as to be able to meet with his people at Bodarc again, and that the Bodarc people have interesting Sunday school. We shall always be interested in the north-west corner of our state and are glad the hay crop is a good one and hope the hoppers will not become a burden. My health has so much improved during the past three months, that I guess this is the best place for me. The water is surely very healthy for it is my medicine and a pleasure to take it. CLIO. P. S. Say Zekiel I'd hate to have you see that garden now.

An Expression.

I want to thank the loyal people in Harrison and surrounding country who have held up my hands as I have endeavored to hold up Christ. May heaven smile upon all. It is true that there has been a little friction but that is a good omen. When evil is hit it squirms. The alarm clock of truth gives forth unwelcome sounds to its ears. No politicians are needed in Zion's ranks. We need men who are not on the market for sale and men who have consciences as steady as

the needle to the pole. Men who will look the world and the devil right in the eye and men who know their duty and do it, and know their place and fill it—men of God. Pray for me so that I may be a Daniel for good.

W. R. WARREN.

On August 6th, state State Supt. W. K. Fowler, will be with us and I desire to make this school officers, and patrons day, and as he has promised to talk, on matters of importance, I desire, and extend a special invitation to all to be present on that day.

CONTEST NOTICE.

United States Land Office, Alliance - Nebraska, July 19, 1901.

A sufficient contest affidavit having been filed in this office by Claus Christensen, contestant, against Homestead entry No. 169 made October 2nd, 1894, for East half (1/2), south west (1/4), section (6), east (1/2), North West (1/4), section (7), Township (34) north, Range (24) West, by Mary Foote, Contestee, in which it is alleged that, the said Mary Foote has failed to reside on and cultivate said land as required by law in this; that she has failed to build thereon a habitable house; that she has failed entirely to cultivate any of said land at any time; and that she has failed entirely to establish her residence on said land; that said defaults constitute the date of this affidavit and are not nor were not caused by service of the entry summons in the Army Navy or Marine Corps of the United States during the late war with Spain or any other war in which it may have been engaged.

Said parties are hereby notified to appear and offer evidence touching said allegation at 10 o'clock A. M., on August 31st, 1901, before Grant Guthrie, a Notary public at his office in Harrison, Nebraska.

And that final hearing will be held at 10 o'clock, A. M., on September 7th, 1901, before the Register and Receiver at the United States Land Office in Alliance, Nebraska.

The said contestant having, in a proper affidavit, filed July 1st, 1901, set forth facts which show that after due diligence, personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

F. M. DORRINGTON, Register.

"I am indebted to One Minute Cough

Cure for my present good health and my life. I was treated in vain by doctors for lung trouble following Influenza. I took One Minute Cough Cure, and recovered my health." Mr. E. H. Wise, Madison, Ga.—J. E. PHINNEY.

George Davis, of Kirtley, who, has been away looking up a new location near Gillet, Wyo., and also on Powder River returned, a few days ago, and reports he found some good ranch locations where he may remove some time between now and the late fall. George has been absent about five or six weeks.

Bodarc Cleanings.

Grasshoppers are reported in different parts of the valley, and are doing considerable damage in some gardens. J. L. Anderson has finished the first crop of Alfalfa and reports the yield more than double what it was last year.

Mrs. Anderson, while caring for a very sore throat is spending a few days with her mother, Mrs. S. Hill and Jim has once more to try his own cooking.

In the last issue of the Journal Zekiel mentioned a stack of rye put up on Mr. A. Christian's farm. We think that crop of Rye done well but with all due respect to Wyoming, and Zekiel too, we believe Nebraska can't be beaten. Mr. Zimmerman sowed only five acres and stacked 22 good loads. Zekiel will surely get thin again if he tries to find any thing like that in Wyoming.

Miss Lillie Zimmerman, spent last week on Old Woman Creek looking after house hold affairs while her brother Irven dug a well. He obtained good water at a depth of only 15 feet.

Notwithstanding the heat the attendance at the Bodarc church on Sunday was good and the sermon by Rev. Rice was appreciated by all. There will be preaching services again July 28th.

We miss Clio from the ranks. What is the reason? Has she not recovered yet from her fourth of July dissipation, or has she forsaken us altogether.

The weather still continues hot and dry, the creeks are getting very low and the ditches empty. A good rain is very much needed here. M. A. C.

County clerk Raum, received an application yesterday for a hunters permit from C. L. Clifton of Crawford, who will be entitled to hunt and fish in Sioux county during the balance of the season. Who will be the next to comply with the law. This is the first application taken out in our county.
