VOL. XIV.

HARRISON, NEBRASKA, THURSDAY, AUGUST 15, 1901.

NO. 7

THE LOCAL NEWS.

Mrs. F. W. Clark and her sister, left Saturday night for Hot Springs S. D.

Word has been received that Bodarc Post Office will be discontinued today.

John Anderson and Thos. Bell shipped a crowd of cattle from Coffey's siding last Sunday.

Lucy Moravek was taken quite sick Sunday and was confined to her bed for a few days but is now much improved.

O. O. Buck, Baird, Ark., says: I was troubled with constipation until I bought DeWitt's Little Early Risers. Since then have been entirely cured of my old complaint. I recommend them.—J. E. Phinney.

E. J. Wright returned Thursday night from Douglas and is now working at Dickmann and Lacy's Livery barn.

After a considerable legal discussion, John Herman was released at Chadron on a \$500 bond to appear Aug. 22 for trial.

Mrs. E. Rohwer returned Tuesday from Andrews where she has been visiting her sister Mrs. Christensen.

Mrs. Jameson and Miss Mabel Dargan of Chadron, arrived Friday and visited a few days at the home of the Bourret's.

If the action of your bowels is not easy and regular serious complications must be the final result. DeWitt's Little Early Risers will remove this danger. Safe, pleasant and effective.—J. E. Phinney.

Monday evening, Miss Zimmerman of Bodarc left for South Dakota where she will visit for awhile before she enters Chadron Academy.

The dance on Friday night was pronounced a decided success. Everyone was pleased with the music and enjoyed a first class time.

Mrs. Hays, wife of editor Hays of the Casper Derrick was a passenger on the west bound Elkhorn train Tuesday. She was returning home after a visit to Tekamah.

James White, Bryantville, Ind., says DeWitt's Witch Hazel Salve healed running sores on both legs. He had suffered 8 years. Doctors failed to help him. Get DeWitt's. Accept no imitations.—J. E. Phinney.

Frank Currie and Jas. Owens were passengers on the west bound Elkhorn train Friday and stopped over in Harrison in the interests of their respective commission firms of South Omaha.

Do you need a new suit for the Boy? If so consult your best interests by calling at Bartell's. Another invoice just received and will be sold right. Come and see. Yours for business, J. H. Bartell.

A. Fisher, and Geo. Palmer of Chadron arrived in Harrison Friday. Mr. Fisher assisted in the Sunday School services at the Methodist church Sunday morning and Mr. Palmer was a guest of G. W. Hester.

Ernest Bunge, foreman of one of Mrs. Lizzie Coffey's ranches was a pleasant caller at the Press-Journal head quarters and owing to the fact that Saturday was the day his subscription expired, he left a dollar for another year of it.

Eruptions, cuts, burns, scalds and sores of all kinds quickly healed by DeWitt's Witch Hazel Salve. Certain cure for piles. Beware of counterfeits. Be sure you get the original—DeWitt's—J. E. Phinney.

J. Lever, whom all the stockmen on the Elkhorn system know to be a royal good fellow, was in the city the last of the week and while here left two plunks with the Press-Journal in payment for the paper a year and the insertion of his brand advertisement.

If you want to see a wagon which is a beauty and which is at the same time strong enough for all kinds of service, take a look at the Mitchell mountain wagon, which stands in front of L. Gerlach's store and which was ordered for Joe Stachow.

Prof. Myers, who is a close observer and an eminent authority on clean floors, called at the Press-Journal head quarters one day last week and was heard to declare very emphatically that the floor had been scrubbed. For fear of losing our standing with the profession we desire to announce that this is entirely a mistake.

S. Crawford had a narrow escape from a falling tree last week. He had been riding in his hayrack and had just dismounted when a large tree fell, lighting in the same spot where he had been. The rack was quite badly wrecked and Mr. Crawford indulged in a few reflections on "what might have been".

Mrs. S. H. Allport, Johnstown, Pa., says: "Our little girl almost strangled to death with croup. The doctors said she couldn't live but she was instantly relieved by One Minute Cough Cure.—J. E. Phinney.

Principal L. M. Oberkotter, of Chadron Academy came up from Chadron Friday morning and spent a couple of days in the city in the interests of the Academy. This is a very deserving institution and should have a number of students from Sioux County.

Geo. L. Towne, editor of The Nebraska Teacher, published at Lincoln, was in Harrison between trains last Friday. After visiting the Institute, he was taken for a drive up some of our beautiful canyons, by the Purviance Bros. and the Press-Journal man. His enthusiastic praise of the scenery was unbounded.

The Press-Journal man grew desperate last week and had the back yard cleaned up to the time of going to press there has been no fatalities as the result of the rash act although the town cows have ceased to stop on their way up the alley. Probably it is because they did not recognize the place.

Mrs. Holly and her children left Monday night for Stuart where they will make their future home. Mrs. Holly has purchased a millinery stock at that place. Her many friends in Harrison wish her the best of success in her new home and will congratulate the citizens of Stuart in obtaining a worthy citizen.

In cases of cough or croup give the little one One Minute Cough Cure. Then rest easy and have no fear. The child will be all right in a little while. It never fails. Pleasant to take, always safe, sure and almost instantaneous in effect.—J. E. Phinney.

The Press-Journal received this week the first copy of the Fremont County News, of St. Anthony Idaho, under the management of Geo. D. Canon. Among other things of interest to Sioux County citizens is the announcement of the arrival of a 9 lb. boy at the home of Mr. Canon. Judging from the appearance of the paper, Mr. Canon will start out with a patronage which will be a "joy forever".

Principal Oberkotter of Chadron Academy left Tuesday for Douglas on the lookout for more students. The Misses Anna Miller, Maggie Hunter, and Lily Zimmerman of Bodarc, the Misses Mabel Thayer and May Lewis, of Harrison, and Miss Iva Spence of Carey; will attend from Sioux County at Chadron Academy. Others are thinking of going but these named above are practically sure to go. This is a first class preparatory school and should receive a large number of students from Sioux County.

Two excursions to the Badlands Saturday was the occasion of considerable enjoyment to parties concerned. The first party was composed of the Purviance Brothers, Prof. Oberkotter, Prof. Hyde, Prof. Myers, Henry Moravek, and the Press-Journal man. They ransacked the Badlands and carried away specimens of various sizes and descriptions. The other party was composed of school teachers in attendance at the Institute. It is a glorious outing and worth coming many miles to participate in.

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently relieves and completely cures this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good.—J. E. Phinney.

INSTITUTE NOTES.

Geo. Williams is on the sick list. Examinations Thursday afternoon, Friday and Saturday.

Three have registered since our last issue, Mrs. Mason, Miss Raines and Miss Hunter.

Mr. Fisher, of Chadron, and well known here on account of his musical ability and his earnest work in the interests of the Sunday School led the singing Monday morning and again at noon and then in place of Didactics at four he led the teachers in a spirited half hour's singing from Uncle Sam's Song book. Rev. Rice of Carey presided at the organ for this occasion.

Two parties of the teachers and instructors went out to the bad lands Sunday afternoon and enjoyed themselves hugely, and though it is rumored that that a chaperon was needed with one of the parties, and that search was made by some of the members of that party hoping to find a straggler from the party farther down the valley, none was found while the members of the latter party claimed to have sighted the wanderers and to have signalled them to come back without avail. So many conditions leaves the whole matter in doubt and a new trial will likely be granted.

Prof. Oberkotter of the Chadron Academy was present and conducted the devotional exercises Monday morning. He spoke of the immensity of the solar system and of the fact that some of the stars are so very distant from the earth that it takes many years for their light to get to the earth.

R. H. Pollock of Lincoln and Field Secretary for the Sunday Schools of this state was also present at the opening exercises Monday and he also spoke briefly to the teachers on the importance of their work and compared past with present conditions in school work.

Prof. Hyde spoke on the subject of mensuration Tuesday at four o'clock. Monday evening at the church he talked to the teachers and patrons present on the products etc. of the U. S.

Tuesday evening Prof. Purviance spoke on the "Mission of the Teacher" in a very pleasing and interesting manner.

Edwin Guthrie met with a slight accident and was forced to be absent from his classes Tuesday.

Miss Fitzgerald visited the classes in the Institute Monday.

The Physics and Botany classes are enjoying their experiment studies. Seeing a believing with them.

A Rich Field.
Mr. Peterson, who has been in this locality all season collecting specimens for the Carnegie Museum of Pittsburgh; Pa. was in the city Saturday and again Monday. They have moved their camp to the locality of Sugar Loaf. Mr. Peterson when interviewed by a Press-Journal representative expressed himself well satisfied with the seasons work. He has spent 18 years in the work having been twice to South America in that time and his experience has been that it was a good season's work for a whole party to get one complete skeleton of an animal which has lived in former ages and whose bones have petrified. This season Mr. Peterson and his brother have collected 4 or 5 complete and almost perfect skeletons of these animals which lived ages ago.

A Disastrous Hailstorm.

Friday a hailstorm which did great damage passed to the North West and North East of Harrison doing considerable damage to the corn and range in places. Co. Clerk Raum visited at home Sunday and reports the damage done there as considerable. John Miller was raking hay and his team became frightened and ran throwing him in front of the rake teeth. He would have undoubtedly been killed if the team had not run over a shock of hay and thus dumping the rake and letting him out. He was considerably battered up by hail. On Cottonwood the hail was accompanied by heavy rains and this caused all the bridges to be swept away. The corn in that section was completely destroyed.

Notice For Presentation Of Claims

IN THE COUNTY COURT OF SIOUX COUNTY, NEBRASKA.
In the matter of the Estate of Fred J. J. Witt, deceased.
Notice is given to all persons having claims or demands against Fred J. J. Witt, late of Sioux County, deceased, that the time fixed for filing claims against said estate is six months from the 9th day of August 1901, all persons having such claims are required to present the same with the vouchers therefor, to the County Judge of said County, at his office therein on or before the 9th day of February 1902, and claims so filed will be heard on the first Monday in September 1901 and thereafter on the first day of each regular term of said court during the time limited for filing claims as aforesaid.
John H. Bartell, County Judge.

ANDREWS HAPPENINGS.

Mrs. Eggert Rohwer, of Harrison, spent Sunday and Monday in Andrews, the guest of her sister, Mrs. Chris Christensen.

Roadmaster Hasbroug stopped over at Andrews, Wednesday, and superintended the erection of a new switch stand at the east end of the yards.

Mrs. Bassett, accompanied by Mrs. Weir, the sweet singer of Chadron, left for the east Saturday evening. These ladies are engaged in religious and charitable work.

Mrs. Chris Christensen, accompanied by her little daughters Clara and Mable visited with relatives in Harrison Friday and Saturday.

Misses Clara Christensen and Julia Madson will be weekly visitors to Harrison hereafter where they are to receive musical instruction at the hands of Mrs. Guthrie. They are bright little girls and will prove exceedingly apt pupils.

Miss Mary Madson, who is employed as a domestic at the home of Mrs. J. H. Cook, fifteen miles south was a Sunday visitor to her parents here.

Geo. Hill, acknowledge to be the most expert "Broncho buster" in North-west Nebraska, and whose friends would have sworn was invincible, was thrown three times in one day, recently, by the same animal. It was a kind of a new cork screw "buck", a la Fitzsimmons that did the business for George.

The discriminating powers of some people are so dimutive that they are unable to discern the difference between a truthful news item and an untruthful one. This remark is occasioned by the "Doubting Thomases" who insinuate that Free Lance's snake story was a fake.

Local happenings are few and far between this week, but the writer has lassoed everything that had the slightest semblance of news.

Free Lance.

Carey Items.

It rains on the just and unjust but it doesn't hail on everybody just alike.

This section of the country was visited by a severe hail storm last Friday which damaged crops considerable. It was a veritable deluge. It is said the hail drifted in the canyons in places 8 ft. deep. The water came down the creek with a mighty rush taking out bridges and destroying gardens. Cottonwood was never known to be so high before.

The father, mother and sister of Geo. Davis arrived from the eastern part of the state, last week. They expect to stay some time for the benefit of their son who came two weeks ago, he is very much improved in health being able to ride to Crawford and back, on Friday.

Abc Greenwood was home and made a short visit with his family. He then returned to his work in Wyoming.

Mrs. D. A. Pabelow is assisting Mrs. R. Z. Stuart with her work at present.

Chas. Saxton and family were visiting in this locality on Sunday.

L. C. Hoff is able to be about again.

A. Procuonier is building himself a very convenient peddler wagon, now I suppose we will see a line assortment of goods.

Proverb: Happy is the man who had his grain harvested and stacked before last Friday.

Thro' Yellowstone Park Personally Conducted.

A personally conducted excursion party leaves Omaha, Tuesday, Aug. 20, for a 10-day trip to and through Yellowstone Park.

The cost will be less than \$100. That amount covers every expense of the trip—railroad fare, sleepers both ways, meals en route, hotels and stage through Park.

Booklet giving full information mailed on request.

J. FRANCIS, General Passenger Agent, Omaha, Neb.

Close application in childhood, and careless parents, have placed glasses upon the noses of many people for life. It is not pleasant to contemplate going through life ornamented by glasses, but it is lots better than "going blind". Call on Dr. Seymour & Williams and have your eyes properly fitted. 7-1

BODARC GLEANINGS.

Crowded out last week.

Irven Zimmerman came home from old Woman creek last week to help his father put up hay. His brother Cleve has gone to look after the cattle during Irven's absence and will have a chance to learn how lovely the life of a bachelor must be.

A good shower visited this locality last Friday afternoon and evening which brightened up the gardens somewhat but did not materially benefit the water supply. A good heavy rain is needed.

Garden produce is rather backward this year. Matt Hall seems to be ahead of us all as he picked his first sweet corn July 31st. Now Zinkel we expect to hear you crow.

Hon. C. F. Coffey accompanied by a gentleman from Texas was visiting the several ranches last week. He returned to Chadron last Saturday.

Mrs. Lizzie Coffey and children are visiting at the old home ranch, now in charge of Earnest Bunge.

E. W. Uffinger was over from Running Water Sunday and made a few calls in the Valley.

Joseph Montgomery after vainly trying to get someone to put up his hay to his satisfaction has attempted to put it up himself without help and is meeting with the usual luck of hay makers. A tipped over wagon and a broken wheel caused him a trip to town on Tuesday.

We believe the hot wave is at last broken here. There is a marked change in the days, and the nights are delightfully cool.

Snow Storms In August

Are unusual but not unknown in Yellowstone Park.

That shows you how cool it is. It could hardly be otherwise; 8,000 feet above the level of the sea and completely surrounded by snow capped peaks, Yellowstone Park is as cool as cool can be.

An equal opportunity of visiting it is offered by the Burlington's personally conducted Yellowstone Park excursion, which leaves Omaha, Tuesday, Aug. 20. Only nine days for the trip there and back. The expense is less than \$100 for everything.

Write for booklet containing itinerary and full information.
