Members of Erie County Court Prepare for Murder Case at Buffalo.

He is Not Incane—The Acceptin is Not to Be Defended Along the Line of an

BUFFALO, Sept. 23 .- The most important development in the Czolgosz case yesterday was the announcement lantry. that no poison had been found on the bullets or on the revolver with which the anarchist assassinated the president. Chemical and bacteriological examinations were made and both showed that no poison was used. Another examination to determine the mental condition of the prisoner was made in the Erie county jail by Dr. Carlos F. McDonald of New York, who was brought here by the Erie County Bar association, and Dr. W. F. Hurd, superintendent of the Buffalo State hospital. The alienists were with the assassin for one hour and a half and when they left both declined to dis-

District Attorney Penney and his entire staff spent all of Sunday at the released. city hall preparing for the trial of Czolgosz, which will begin before Juscourt this morning.

Mr. Penney had conferences with the alienists and with City Chemist Herbert M. Hill, who submitted his report upon an examination of the bullets and revolver.

Immediately after the death of the president one of the staff of physiclans in attendance on the president expressed the opinion that the bullets may have been poisoned. District Attorney Penney, who had possession of the assassin's revolver, ordered careful and thorough examinations made. Dr. Hill was directed to make a chemical examination of the bullets and the chambers and barrel of the revolver, and Dr. Herman G. Matzinger, one of the surgeons who performed the autopsy upon the president's body. was ordered to make a bacteriological examination. This afternoon Dr. Hill reported to the district attorney that his work showed that no poison had been used.

He also presented a written report, but it will not be used on the trial, as that question is now eliminated from the case. Dr. Matzinger has finished his bacteriological examination and his work also revealed the absence of any poison. The district attorney has urated by Mr. McKinley will be conbeen informed to that effect, although toe formal report has not been sub mitted. Authorities on this question state that the two examinations form a complete test and that the slighest the Paris correspondent of the Times trace of poison would have been re-

Dr. McDonald and Dr. Heard, allenists for the defense, called upon District Attorney Penney shortly before 3 o'clock this afternoon and remained with him until 3:15, when they were escorted to the jail by Detective Solomon. The insanity experts went into Czolgosz's cell, in murderer's row, and were locked up with him until 4:05 o'clock, when they returned to the city hall and held another conference with the district attorney. Fifteen minutes later Dr. James W. Putnam. a local alienist, appeared and joined the conference. Although great secrecy was maintained at the district attorney's office, it was learned that Dr. Allen McLane Hamilton, one of the most able alienists in the United States, and who was an expert witness in the Guiteau case, was in Buf-

Not a doubt of Czolgosz's sanity exists in the mind of District Attorney Penney, so that it is presumed that Dr. Hamilton is here merely to meet the question of insanity should the defense be determined to make a fight on that ground. Although the defense declines to make any definite statement on the subject pending the final opinion of Dr. McDonald, it is the terested in the case that no insanity Lowis and Titus. Cabinet Gathers Around Council Table of the New Chief Executive.

SECRETARY LONG IS TO RESIGN

Other Members Will Probably Finish Their Terms-Senstors Pay Respects to Mr. Rossovelt -Secretary Cortelyou Remains With Recovereit.

WASHINGTON Sent 21 - After a suspense of three days as a mark of respect to the dead president the business of the government at Washington was resumed yesterday. The train bearing President Roosevelt and his cabinet arrived at the Pennsylvania station at 9:20 o'clock and fifteen minutes lates the president entered the white house and going to the elevator proceeded at once to the cabinet room, where President McKinley was wont to do most of his work. When the new chief executive reached the white house he walked briskly to the big front door, which swung wide open to receive him.

Secretary Long, who soon foined him, informed the president as to the condition of affairs in his office and was asked as to the work of the Schley court of inquiry. With Senator Cullom, President Roosevelt exchanged pleasant greetings and received the assurance of the hearty support of the Illinois senator. With Senator Proctor there was a similar exchange of expressions of good will.

The president's former secretary, Mr. Loeb, jr., will remain with him probably as assistant secretary. Mr. Cortelyou, at the president's earnest request, will retain his position as his

At 11 o'clock all the members of the cabinet had arrived at the white house and soon were seated around the familiar table. President Roosevelt occupled a seat at the head and in the chair long occupied by his predecessor. It all seemed strange to these devoted advisers of the dead president, to sit at the table without him at its head, and the gloom and solemnity which characterized the meeting was not unbefitting the occasion. Nearly all the members of the present cabinet are quite sure to remain during Mr. Roosevelt's term, but it is very probable that Secretary Long will retire within the next few months. He feels that he can resign without embarrassment to Mr. Roosevelt and therefore it is thought that within the next few months he will ask the president to

The cabinet was in session about an hour and a half, all of the time being spent in a general review of the more important questions which will require the attention of the new pres-

permit him to retire to private life.

All the members were present except Attorney General Knox, who stopped for a few days in Pittsburg. Each member explained to the president the policy which had been followed in dealing with the matters under consideration and their present status. No new business was taken

Members subsequently expressed themselves as having full confidence in Mr. Roosevelt's ability to give the country a strong, able and conservative administration, and he will have their loyal support to the same degree as they gave it to the late president. It is thought that Tuesdays and Fridays will be selected by the new chief executive as cabinet days, following in this the preference of Mr.

SAN FRANCISCO, Sept. 21 .- United States Senator Charles H. Dietrich of Nebraska, who has been on a visit to the Philippines, returned on the Nippon Maru and immediately started for his home. He left there June 20 on the transport Hancock for Manila, in company with Adjutant General Corbin, General Weston and Congressman Julius Kahn. Soon after reaching the Philippines these officials, with Surgeon General Sternberg, made a circuit of the archipelago on the transport Lawton. All were highly pleased with the progress made under American administration, no dissatisfaction among the Filipinos being apparent. The more southerly ports of the island, of which comparatively little could be heard, were found to be prosperous, with American and Filipinos fraternizing. The future of the Philprines, in the opinion of Senator Distaich, is very promising.

CANTON, O., Sept. 20 .- Nature has been kind in selecting the last resting place for President McKinley. West Lawn cemetery is on a high knoll, overlooking the peaceful valley. with the little city of Canton laid out below. If it were not for an intervening church spire one might get from this elevation a glimpse of the McKinley home. Here the body of William McKinley is laid to rest. The beauty of the grounds here attracted the attention of the country's best landscape gardeners, who have journeved here to study its attractions. Today it was doubly beautiful with the rustling trees giving off their first vellowed leaves of fall and adding a golden touch to the green-clad slopes Just inside the stately entrance stands the gray stone vault, where for a time the casket will repose. Its dreary exterior was today relieved by great masses of flowers, banked all about until the gray walls were shut out from view

But in due time it will be taken from the vault and committed to the little plot of ground lying farther on. This is the McKinley lot and here lie his father, whose name he bore, the mother he guarded so tenderly in life, his brother James, his sister Anna and his two children. And when the time comes a stately shaft of granite will rise above the grave, telling of the civic virtues, the pure life and the martyred death of William McKinley.

Dr. Rixey said late this afternoon; 'Mrs. McKinley is bearing up as well as could be expected under the circumstances. She has been and is still suffering intensely from her bereavement and has frequently given way to sobs and tears, but for all that she has been doing as well as any woman could do under similar circumstances."

Special and Regular Trains Bring Thous ands-The Casket Not Opened in the Home-Berrices at the Church of s Very Simple Character.

CANTON, O., Sept. 20.-The streets of Canton yesterday morning were filled with waving plumes, prancing horses and densely packed bodies of moving men assembling here for the procession which is to escort the remains of the late president from the church to the Westlawn cemetery this afternoon. All night long civic, military and fraternal organizations from the four quarters of the compass had been pouring into the mass of human ity already here, and the early morning trains deposited other thousands. So fast the trains arrived, following on each other's heels, that there appeared to be one continuous string of ars unloading their human freight through the depots into the congested streets beyond. Thirty special trains, in adition to the regular trains, had arived before noon. The biggest crowd in the history of Canton, which was during the campaign of 1896, estimated at over 60,000 was exceeded today.

The people overflowed the sidewalks and literally packed the streets from side to side. The greatest crush, of course, was in East Tuscarawas, the principal thoroughfare, and North Market street, on which the McKinley cottage and the Harter residence are located.

The face of the dead president was seen for the last time when it lay in state yesterday at the court house The casket was not opened after it was removed to the Mckinley residence and the members of the family had no opportunity to look upon the stient features. The casket was seale! before it was borne away.

The decorations of the First Meth odist Episcopal church, where the funeral services were held, were elaborate and impressive. Over 4,000 vards of drapery were used. Over the front interior, as the funeral party entered, covering the organ loft, there was stretched from wall to wall paneled drapery, black as midnight. It was of nun's veiling, fifty-two feet long and fifteen feet high. The panels were formed of white satin ribbons two inches wide. The choir loft railing was richly hung with nun's veiling, arranged in festoons with silk drapery tassels between the festoons The pulpit rostrum was heavily cov passed almost through Pelee's stomach | ered with black cloth and the pulpit and the physicians say he cannot itself was draped with rich silk crepe. ident as fastened to the front of the pulpit and was gracefully draped. The services in the church were simof an organ prelude, Beethoven's funeral march, played by Miss Florence Douds. As the last notes of the preinde were stilled the Euterpean ladies' quartet of Canton sang "The Beautiful Isle of Somewhere." Rev. O. B. Milligan, pastor of the First Presbyterian church of Canton, delivered the invocation.

The ninetieth pealm was read by Dr. John Hall of Trinity Lutheran church of Canton, and that portion of the fifteenth chapter of First Corinthians included between the forty-first and fifty-eighth verses was read by Rev. E. P. Herbrouch of the Trinit. Reformed church of Canton. The favorite hymn of President McKinley. "Lead, Kindly Light," was then rendered by a quartet of two male and two female voices. When this hymn was finished Dr. C. E. Manchester, pastor of the First Methodist church, delivered his address.

At the conclusion of Dr. Manchester's discourse Bishop I. W. Joyce of Minneapolis delivered a short prayer. The hymn, "Nearer, My God, to Thee, was sung by the entire congregation. The people remained standing after the closing of the hymn while the benediction was pronounced by Mgr T. P .Thorpe of Cleveland.

The casket was then borne from the church to the funeral car and the march of the procession to the cemetery began.

CANTON, O., Sept. 21 .- Mrs. Mc-Kin.eys' condition was favorable yesterday, more favorable than at any time since the arrival of the party from Washington. Her condition during the last few days was as good as had been expected and she had considerable rest. After 11 o'clock last night a small military guard mainno noise might disturb her. It is hoped by the friends and attending physicians that she will be able to leave her room today and give attention to some matters calculated to take her mind from the depressing incidents of the last week. To accomplish this is now the chief aim of her attendants. She will be taken for a drive as sible be done to interest her in the affairs of the future to the exclusion

They began with the rendition of Mr. McKinley, and several close Canton relatives having departed during the night or early morning.
