Press-Journal

THURSDAY, Febr. 6, 1902.

Geo. A. Phipps, Editor.

ENTERED IN THE POST-OFFICE AT HARRISON NEBR. AS SECOND CLASS MATTER

OFFICIAL PAPER OF SIOUX COUNTY.

One Dollar Per Year.

If necessary, the PRESS-JOURNAL will volunteer to pass the hat for the managers of Lusk dances in the future to raise money for the printing of bills.

Senator Bacon of Georgia has an excellent article in the the last Saturday Evening Post on "The real attitude of the Filipinos." It is quite a relief to read a plain logical statement of facts after a siege of Beveridge flowery mishaps.

A meeting of the Nebraska Stock Breeders Association is called to meet at Alliance Feb. 18th to discuss the government's action in regard to pulling down fences and also the land leasing bill. In view of the fact that this bill was framed at Lincoln in an underhand way, it might be well for stock breeders in this section to attend that meeting and make it a point to see that this bill is not endorsed. This is one way of demonstrating the real opinion of the people.

President Schwab of the steel federation, confesses that he left Monte Carlo to escape the telegraph boys. They brought him eighty cablegrams in one day from his good friends in the United States, warning him that he must quit breaking the Bank or he would lose face in America. He was very indignant about those foolish stories of his gambling exploits and departed for Vienna to visit the emperor of Austria. The steel magnate is a great toast in Europe and is everywhere greeted as "your serene highness." He spends money lavishly and is consequently considered of princely rank, or even as a king, traveling incog.—Nebraska State Journal.

The above illustrates how little it really takes to gain recognition in Europe as a "serene highness." It proves conclusively how easy it is to have a king or two in our own country for exhibition purposes. All they need is the "price."

PRO-BOER PETITIONS

Copies of two Boer petitions have been received by W. H. Marsteller during the past week. One of these petitions asks the governor of this state to issue a proclamation setting forth the condition of reconcentrado camps in South Africa where the death rate for women and children has been so appalling, and to appoint a committee of citizens to receive contributions for these people.

The other is to the congressional representatives to favor a resolution which will express the sympathy of the American people for the struggling Republics of South Africa and deplore the war of extermination there. The petitions can be found at the post offices at Glen, Marsland, Carey and at Marsteller Bros. and Gerlach's store and at the Press-Journal office. It is desired that the petitions be finished soon and it is therefore necessary to get as many of signers as soon as possible. It is an appeal to which every American citizen ought to be proud to respond. Let us have a goodly number of Sioux county signers.

ALMOST TIME TO FLOP

There is a whole lot of pop newspapers talking about the renomination of Governor Savage at the hands of the Republican State Convention. These fellows know a great deal more than the real voters in the political drama on the screen.

We don't pretend to know what the next Republican Convention will do but we can scarcely be brought to think they will be so idiotic as to renominate a man discredited by a decided majority of both state and press people. We have absolutely no doubt as to our attitude, and that is one of undying hostility to a nonentity sentiment interfering with the administration of justice and wife's home, we have the president holding precisely the same views as the Recorder, when he was referred to in the matter of pardoning the bank wrecker Raines of Neligh. There is not enough stress laid on the enormity of dishonesty in the country.—Rushville Recorder.

In view of the fact that Gov. Savage has already announced that he is a candidate for Governer, it seems quite apparent that the "pop" newspapers referred to in the above may have known quite as much as the Republican machine tools who will come around nicely and support the machine just as they always have done, when the time comes. Of course the Recorder doesn't belong to that class, but if Gov. Savage is nominated what an interesting exhibition these papers will give in their "flopper" act.

MORE TRUTH THAN POETRY

If the class of men represented by the Pioneer Grip had stood loyally by the party in 1896 and 1900 there would have been no defeat for W. J. Bryan. Their loud clamor now for all democrats to get together under their views for a success in 1901 is ill timed and out of place and coming from the men who proved traitors to the democratic party by voting or talking Palmer and Buckner slate entitle them to no place in democratic ranks until they show a willingness to accept the decision of the national convention and work in harmony for those candidates. This getting milky and going away back on every little detail is not complied with according to your fancy then the democratic party has no use for the pouting politician. There is a right and a wrong and always expect honest democrats to oppose, and find it convenient to differ a little side show of their own, but when it comes to a question of two opposing parties. Whatever their individuality there will never entitle them to be known as democrats. Democracy is only a matter of principle and not of men. If the democratic party is going to be a success it must be by a large majority of voters who believe it to be party principle and not men. Democrats who are not willing to stand by the party in its hour of misfortune and failing show it plainly enough to all that they are not a part of the party and place no hope of success in such democrats. Democrats who are not willing to vote with the party during defeat, are not entitled to public confidence. Those fellows could not be depended upon to vote with the party in any thing. They are the first to attempt to swing the democratic party and only occupy the place of knockers or get into the republican party that the real fight and its opponents. We have refrained from making similar charges against these knockers before, hoping that there might be some plank in which they might reach the great democratic heart. If the democratic party should look upon them as its common enemy and fight them as republicans they would place the proper estimate upon their value.—Valentine Republican.

PET DOGS ARE TATTOOED.

Fashionable Fad That Will Doubtless Be Extensively Followed.

A decidedly novel occupation which has of late been noticed in that of tattooing the names of their owners upon dogs, says the Baltimore American. Several months ago there appeared in northwest Baltimore a woman who is engaged in that pursuit and during the time he remained here he did a good business. Among the dogs which underwent the operation is a pretty little fox terrier belonging to Charles F. Wehrus, which responds to the name of Rodes, and a fine bull terrier, Jip, the property of the Chesapeake Brewing Company. Both animals bear upon their breast where the hair grows thinnest, the names of their respective owners. Contrary to the belief of some that the operation is a cruel, painful one those who have seen it performed declare that the animals apparently experienced very little pain. The operation lasts about fifteen minutes. The animal is usually held by two men, one having hold of the fore feet and the other holds the head. With a set of very fine needles the tattooer then goes to work, deftly pricking the letters into the skin, just deep enough to draw a few drops of blood. This he rubs the India ink all over the wounds or, rather, scratches, as the operation is over. In a few weeks the parts are completely healed and the animal bears during the remainder of its existence as indelible mark of identification. The price of the operation is 50 cents.

When you lack energy, do not rub it your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by J. E. Phinney.

Fairy Tales Becoming Realities.

The century is beginning with the great achievement of wireless telegraphy. With what is will and power the imagination of man is pressing into the secrets and resources of nature continue at the same rate. We have already realized in common things life some of the wonders of the ancient fairy tales.—Baltimore American.

Progress in Ocean Travel.

In 1840 the Cunard steamship Britannia, built of wood, propelled by paddle wheels, maintained a sea speed of about 8½ knots. Her steam pressure was 12 pounds per inch. She was 207 feet long, about 2,000 tons displacement, her engines developed about 740-horse power, and her coal consumption was about 40 tons a day, or about five pounds of coal per indicated horse power per day. She carried a full spread of sail. In sixty years speed has been increased from 8¼ knots to twenty-three knots; the time on the voyage has been reduced to about one-third of what it was in 1840.

In the last century geese were raised in Russia and Poland in vast flocks, almost entirely for the sake of their quills.

Reminder for Forgetful Persons

Conspicuously posted near the exit of a Rumford Falls (Me.) dry goods store, is the query in bold print, "Have you forgotten anything?" In the odd dozen odd years that the sign has hung there it has saved innumerable return trips for forgotten parcels and done away with months of worry on the part of customers with short memories.

Marsteller Bros.

Are now prepared to show AN ELEGANT LINE OF

SELZ School Shoes

Ask for Selz "Liberty Bell" Selz "Rambler," Selz "Ri—"

It is a problem solved in Sioux County with a handsome balance at the end of the year when Selz school shoes are purchased exclusively for the children. No manufacturer in the world builds a line of shoes as extensive—durable—handsome and low priced as the Selz Children's Shoes this year.

Look for the sign of "Selz." It marks the Popular Dealer.

Selz Shoes for Men, Women and Children are Satisfactory Shoes—Price—Quality—Comfort—Style.

Chinese Superstitions Regarding Milk.

The Chinese have the idea that milk revives the youthful powers, and that it has special virtue as winter food for old people. Pictures and characters illustrating this idea, as well as the value of it for baby food, would without doubt increase the sale of American milk in China, as one of the consuls suggests.
