W. H. Davis went to Omaha last Friday night to meet his mother on her return from Minnesota. As the doctor advised Mrs. Davis to remain there a few days for treatment, Will returned Tuesday alone.

We learn that E. L. Roffenberg, of Anita, Iowa, is selling a bunch of 100 Shorthorn bulls at Crawford, coming two year old, registered and the papers with every one. They are acclimated and the price is right.

We have sent out sample copies of the Press-Journal so if any one that is not a subscriber receives one, don't be afraid to take it from the office, for it will not come but a few times unless you order us to put your name on our list.

Louis Sherrill was accidentally shot in the thigh last week, by his brother Elery Dr. Phinney finally secured the bullet after much probing.

Boys you should be more careful for it is a very easy matter to do something you will regret all the days of your life.

Andrew Kner sold his cattle this week to Otto Tietze. We did not learn yet what Andrew is going to do, we hope though, he will conclude to stay with us, as he has made a good citizen and we don't like to part with such people.

Mr. and Mrs. J. H. Newlin and children were in town this week. Mr. Newlin is one of Sioux County's old teachers, as was Mrs. Newlin. We always enjoy a call from them, and hope they may drop in more often in the future.

News from Rev. J. F. Youngman, who went to the M. E. hospital, Omaha, last week is to the effect that the condition of his eyes is improving, though it may require many weeks before a permanent cure is effected. Dr. Gifford is the treating oculist.

Mrs. Sarah E. Davis, who has been spending the winter with relatives in Minnesota, is now at Clarkson Hospital in Omaha, receiving treatment for her eyes which had grown considerably worse in the past few weeks. She is expected home in about a week.

K. Blake, of Omaha, one of the stock holders of the Deep Creek Live Stock Co., was doing business at the county seat, and getting acquainted with the county officials. The Press-Journal man found him a nice quiet gentleman and hopes he may visit our town more frequently.

Otto Tietze has purchased the Wilcox land located in War Bonnet precinct. We did not learn what the consideration was but we know Mr. Tietze has some idea of possession of a valuable piece of property, and if there is a man in Sioux County that deserves property of this kind, it is Mr. Tietze.

Wm. J. Richard was a Harrison visitor last Saturday and made the Journal man smile by plunking down a car wheel to pay for the Press-Journal for one year.

Bill, as he is commonly called, is one of Sioux County's oldest residents, having come to this county in the early 80's. He is now foreman of the VON ranch located on Runningwater, and owned by Mrs. Lizzie Coffey, and we know that Mrs. Coffey's interest will be looked after as long as Bill is at the helm.

A crank came running into this office and said that a man swallowed a two-foot rubber and died by inches. The editor started out at once to learn further particulars of the death and, meeting Dr. Wilson, told him about the case. He said that's nothing; that he had a patient once who swallowed a thermometer and died by degrees. A couple of bystanders just then dropped in. One of them said it reminded him of a fellow down in Kansas who swallowed a pistol and went off easy. The other one said he had a friend in Topeka who took a quart of applejack and died in good spirits.

It was the writer's pleasure to take a visit to Pleasant Ridge last Saturday and to partake of the hospitality of the residents of that place.

We have often heard of the geniality of these people, and are truly glad to say that there has been no misrepresentation along this line. Any one that has never visited this part of the county, can not form any idea as to so great a change in so short a distance. Every one we met seemed to be happy, and well they might be, for if there is any one thing that would tend to make any one happy is to have full granaries and good health. We are not envious but we only wish we had settled there when we first came to the county sixteen years ago. The Press-Journal extends best wishes to this kind and hospitable people and trust we may be granted the privilege of visiting them again at some future date.

Clubbing Offers. While you are thinking of subscribing or your yearly reading matter, remember that the Press-Journal will take subscriptions to any paper on earth and save postage and time for you.

Ardmore Items.

Miss Maggie Wallace of Ardmore, known to a great many Sioux county people left March 9th for Thurmond, Iowa to attend the high school of that place. She expects to be gone a year.

Mrs. Mary Christensen, of Montrose, has given up life on the ranch for some time and is now employed in the service of Mrs. Dave Anderson of Ardmore.

August Meier is at present greatly interested in breaking a pair of broncos. It seems Mr. Meier has not the greatest confidence in his own ability as a "bronco buster" for he has solicited the aid of his brother-in-law, Robt. Gieser, who has had considerable experience in that line.

The citizens of Ardmore are planning on another basket social to take place at the school house March 28th. The proceeds will be invested in a "town organ" to be used on all public occasions.

Teachers Take Notice.

Some time ago I promised some of the teachers to write to Prof. Oberkotter, of the Chadron Academy, to see if we couldn't arrange for a summer school, but I have not made much success. I had a letter from County Supt. Fisher, of Dawes county, saying that they would make the spring term to suit the work of the teachers, but there are so many teachers that have schools that won't be out until it is too late to attend this. The spring term begins April 1st and ends June 12th 1902.

"I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so I bought a bottle of it and before using two thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since." NYE & BUCHANAN CO.

FOR REV. W. R. WARREN, RUSHVILLE, NEB.

To my Friends and Acquaintances at Harrison: Grace and peace be unto you as you press on to the conflict enervated by that immortal Pyramid faith, the secret of endurance, which you will find reared in the 11th, ch. of Hebrews: Endurance as seeing Him who is invisible, when tried we shall receive the crown of life.

There lived in a village a girl who was persecuted in her own home because she was a Christian, she struggled bravely on seeking strength from God. At length her sufferings were at an end, she was translated. When they came to take off her clothes from her poor dead body they found a piece of paper sewn inside her dress and on it was written, "I gladly endured it all for Jesus sake."

I tell you dear friends Gettysburg, nor Waterloo ever witnessed such true heroism and fidelity to the cause of right which is right.

A sore-eyed Spartan enlisted as a soldier, they said to him: "Poor man, in thy condition, what wilt thou do in a fight?" He answered: "If I can do nothing else I shall bludge the enemies sword."

Courage, Endurance, and Heroism are needed now as much as in Daniel's time.

So hath took grand old Moses through till his face shone, as he talked with God upon the mount.

We need men today whose consciences are as steady as the needle to the pole, men who can look the devil and the world in the eye and not blink, men who do not let bribery or bait or bludge, men who will neither swerve nor flinch nor long nor run, who have courage without whistling for it, men of the world's applause but careful of God's honor, men who know their message and take it, who know their place and fill it, who know their duty and do it, men who mind their own business, that is if they have any, men who will not lie, are not too lazy to work, nor too proud to be poor, men who keep awake in church and sleep at home, men who can not endure to see their wives chop wood nor to catch the team, men who are not simply good in spots, but all over, men who are not only unblinded by spells, but who have an exalted ideal and ambition that is stamped with perpetuity and saved by the invincible power of the most high God.

Ye men whose feet touch the road and who know in whom they have believed and in whom the current of everlasting life runs clear, deep, and strong, men of faith and of endurance, men that will tarry by the staff, and men who will have such power of spiritual endurance that the gates of hell will crumble before their victorious and conquering tread. I pray God that we all may endure to the end for such shall receive the crown.

The above was printed at the request of the Epworth League of Harrison, and Mr. Warren also sends his regards and best wishes to all his friends.

Got What She Expected.

Florence Jewell, the young English woman who created more or less of sensation a year ago by marrying a Kafir prince who was on exhibition in a London show, is now suing for divorce on the ground that her husband beats her with an assegai. When asked by the judge if she did not expect such treatment from a savage the plaintiff answered "Yes."

Horseshoe in the Orient.

The type of horseshoe common in the Orient is a plate fitted so as to cover the entire bottom of the hoof, with a perforation in the center. The weight of the average horseshoe is three fourths of a pound. The native smith usually cuts these plates from sheets of wrought iron and rudely shapes them for the purpose in view.

Mexico, the Hindu, showed in town this week, and from what I can learn it is one of the biggest lakes that ever struck Harrison.

I believe in shows, or entertainments that have some good thought or part that will lead the mind to something elevating, but when it comes to such lakes as this we only wish there was a law that would prohibit them from imposing on people.

The free show that was to have come off at 3 o'clock Monday evening, almost broke up the school, for some parents had their children excused, and I learn that some children wrote out excuses for others, and those that had no excuses were almost in open rebellion, so parents you see the position that our teachers are placed in, in trying to control and educate our children.

Mr. Myers wrote me the ruling of what to do in this matter, and all that I could say was that if the parents wished to have their children excused, the teachers authority ceased, but the ones that had not been excused were yet under his control.

I say again parents be careful about your excuses for we as parents some times find it hard to decide what is best in our own families, and we should remember the school teacher is laboring with all of our children and one thought of mistake will cause a great commotion in the school room. The school room should be looked upon as one of the most sacred places for a great deal depends there of what our children will be in years to come, so let us cooperate more with the teacher and always stop and think before we have our children excused, what effect it will have on both teacher and school.

I do not wish to dictate to any, but as I have been set apart to look after the educational work of this county, and your children as well as my own, I wrote these words in all kindness, and trust they will be received in the same spirit.

Respectfully, J. B. BURKE, Co. Supt.

A school teacher in Newark, N. J., received the other day the following letter from the father of a pupil: "Dear Teacher—Please don't teach Johnny any more about his insides. It makes him sassy." It seems that Johnny had become critical concerning the family bill of fare.
