A CARD OF THANKS.
It is my great desire to express my honest and sincere thanks to all of the good people of Harrison and surrounding country who have so kindly assisted me in my illness in the recent sickness and death of my beloved wife. The kindness shown will be ever cherished.
ANDREW MCKINLEY.

Mr. and Mrs. C. Northrop, from Valentine, Nebraska, came in on the west bound train last Saturday to visit with friends and relatives at Harrison. Mr. Northrop was station agent at this place some years ago and was numbered as one of the most popular agents that has ever been at this place. All the old timers are glad to meet him and no doubt Jim is glad to pay us a visit once in a while.

Cecil Rhodes has passed to the great beyond, and what is in store for him no one can say. Ex-President Kruger when he heard of his death said, "The Lord giveth and the Lord taketh away," blessed be the name of the Lord. There is no question but what Cecil Rhodes could have saved some of the hardships and loss of life in the Transvaal country had he done so, but as he is gone we hope his bones may be allowed to rest in peace.

Harrison, Neb; March, 31, 1902
The County Commissioners of Sioux County, Nebraska are hereby called to meet at the Court house in Harrison, on the 17th day of April, 1902, at 1 o'clock p. m., for the purpose of selecting names to draw a petit jury to serve at the May term District Court A. D. 1902, and to transact such other business as may properly come before them.
Wm. J. A. RAUM,
County Clerk.

Jack Finley dropped into our manometer the other day and was in a very remissive mood and as the conversation drifted to the acts and doings of former editors and how near they came to getting kicked almost wished we were doing something else but as we view the demoralized condition of our office furniture, turned over by our predecessors, we presume they held their own so we pick up our quill again with renewed energy hoping that we may never have to use our chairs for other uses than what they were made for.

There was a fairly large crowd at the Easter dance, and all report having an enjoyable time. After the dancers had danced all they wished, Prof. Dunn held the attention of the crowd by mimicking with his violin, a country orchestra and also the playing of a wooden pump, there were several other mimics which he produced, of which the writer is unable to give the titles, but they were very well imitated, and Prof. Dunn is an expert at the business, and if you don't believe it give him a call and he will make you believe you are at a wooden pump, and watch your lips turn pale white you are waiting for the water to come.

Woodard Lynched at Casper, March 28

"Charles F. Woodard was sentenced to hang on Good Friday and on Good Friday he was hung. Affixed to his shirt, the only garment he wore during his execution, was the following notice:

NOTICE
Process of law is a trifle slow, So this is the way we have to go, Murderers and thieves beware.

PEOPLE'S VERDICT.
The above came out in an extra edition of the Wyoming Derrick last Friday.

We gave our readers, some time ago a short sketch of this case and also of the manner in which he had been protected by the laws of the state of Wyoming, but let us investigate a little farther. In December Charles, Clarence and Bertha Woodard were arrested on a warrant sworn out by Samuel Hanes for grand larceny and the case against Bertha Woodard was dismissed and the two brothers not being able to give bond were committed to jail to await the action of the district court, December 30. The alarm was given of the escape of Charles and Clarence Woodard, J. F. Franklin and F. D. Foot and in the chase that followed Sheriff Ricker was killed and was robbed of his belt and weapon. That the murderer was Woodard there seemed but little doubt and he was not captured until January 24; he was then brought back to Casper, Wyoming, for trial and according to the statement made by the Derrick, had not the jury brought in a verdict of murder in the first degree there would have been no use for Judge Branel to pass sentence or even sum up the evidence, for in that court room were gathered a number of stern faced men whose wills were unanimous.

According to law Charles Woodard was granted a respite for 105 days until the supreme court could go over the evidence in the county and according to law the sheriff of Natrona county should have protected this man as an officer of the law though he had killed 100 men. We fail to see where Casper has done herself proud and while we do not approve of mob law we think Casper would have done the better thing, that is to have hung Woodard when he was first brought back and not make a mock of the law. We are sure the true citizens of Casper would not have been so brutal to a fellow man even though he took the life of their fellow townsman and officer of the law. From the brutality exhibited by these 24 men that hung Woodard we do not think all the murderers and thieves are dead in that part of Wyoming yet.

No doubt Woodard committed a dastardly crime and by him saying he did not intend to do it does not help his case one iota. But when a man confesses he committed the crime and desires a few moments that he might make peace with his Maker such has always been granted to even the most blood-thirsty villain but instead of these moments his request they threw him over the side of the scaffold and his neck would not break from this, when an swang on to his legs that the night help strangle him to death. Such is the history of the case.

Adelia Items.

The Misses Johnson and Rosenberg of Adelia came up to attend the St. Patrick's Ball.

J. J. Wasserburger has returned from his trip to Milwaukee, Wisconsin where he shipped quite a number of horses.

500 sheep were shipped from here March 26, to Abbot, Nebraska, where they are to be fed for three months and then shipped to South Omaha.

The hypnotist who was to appear at Adelia last Saturday evening didn't "show up." Whether it was the condition of the weather which prevented his appearance has not been ascertained.

The basket supper given last Friday evening was well attended considering the weather. Something over seventeen dollars was taken in and great hopes of some possessing a town organ are entertained.

The St. Patrick's Ball was not as largely attended as usual, no doubt owing to the fact that it took place during Lent. All those who attended however report an excellent time. Green ribbons and shamrocks predominated indicating that the people had their hearts in the right place.

A person belonging to the masculine gender very unceremoniously entered the school house of district no. 20 the night of that severe rain storm and stationed himself there for the night. The only indications of his presence the following morning were a broken window pane, a fire in the stove, a profanity of gumbo and the unmistakable odor of tobacco. No property was missing.

In Wyoming.

Harry Deuel was the first to begin farming, having put in his wheat during the good weather of two weeks ago.

Francis and Albert Deuel expect to start for Casper just as soon as the weather warms up. They expect to be gone all summer.

Well, March has gone and everyone seems glad of it. No tears were shed at its departure except those caused by the wind and cold. It roared around quite a while before it left but went out, rather quiet.

Miss Florence Christian closed a five months school in the East school on Good Friday. She gave an entertainment in the evening which was well attended considering the weather. The program consisted of dialogues pantomimes, etc. All present voted it a success.

We heard that there was to be a dance in the neighborhood, and through curiosity, never having seen such a thing, we went. Arriving at the home we found it filled with people, mostly men and women, so we went in and finding a seat, waited with open-mouthed wonder, to see what would take place. Presently Jim Petty came in with a queer looking box which he opened and took out a queer looking thing which resembled a wooden goose with a long neck. He split in its eyes and pulled its ears. When it began to cry quit, quit, quit in several different voices. Then he took a stick and drew it across its stomach, when it let out the most hideous screams we ever heard; all was now confusion. Ernest Flantz jumped up and yelled "I'm all mine left, all run away." Everybody grabbed everybody else mostly women and rushed around the room trying
