OBITUARY

DECEASED at her home with her grandchildren, Mr. and Mrs. Seaman, Grandma Rogers, aged 75 years, 6 months and 17 days. Deceased was born in Pickenburg, Canada, in 1826. She was the mother of eleven children, five of whom are living. Three sons and two daughters, her two sons David and James for unavoidable reasons were not present. Grandma has seemed to be failing for the past year and has often talked in loving terms of her sons who were at a distance, always wishing for their welfare and praying for their salvation in God's own time and way and with a mother's love reaching out after her children and their families, she has plead with God to care for them.

She suddenly felt a numbness in the face and one hand like paralysis which passed away. Later she was taken with pain in the head and seemed to have another slight shock after which she could talk very little. When her two daughters came she smiled and pronounced their names and later when Walter came she showed that she recognized him by reaching out her hand to him. After this she slept continually, apparently not realizing her surroundings and quietly passing away April 13 about 8 p. m.

She has always lived a pure, clean life and stood for the right in the face of opposing wrong and for this she was appreciated by those who knew her best. The families and friends left the home of Mr. Seaman at 8 o'clock Monday morning to follow the remains to the church in Harrison where the funeral would take place and were overtaken by a severe snow storm, arriving in Harrison about 11 o'clock where they were kindly met by friends who assumed all care and responsibility until the hour of service, 2 p. m.

Through some kind, loving friend flowers were provided. The services were held in the M. E. Church of which the deceased was a member. Rev. Youngman officiated. The choir closed with the beautiful hymn, "We'll Never Say Good-bye in Heaven." The remains were laid in the Harrison cemetery. We will miss our mother and grandmother.

Cards of Thanks

To the Valley friends who so faithfully stood by and helped us in our mother's and grandmother's last sickness, and to the Harrison friends who met us with their love and sympathy, we express our heartfelt thanks.

CHILDREN AND GRANDCHILDREN OF THE DECEASED, Mrs. M. H. ROGERS.

Mr. and Mrs. W. H. Zimmerman were Harrison visitors last Saturday.

Now if all these things are true, which we are constantly told, about the justice and generosity and chivalry of men toward women if motherhood is a crown of glory, the highest privilege in the world, something which entitles its possessors to all possible devotion and service why, then, is it necessary for 50,000 women to go on their knees to a body of men praying that they may share in the guardianship of the beloved children whom they have brought into being at the risk of their own lives?—New York Sun.

The Massachusetts Legislative Committee on Probate and Chancery has just given a hearing to the representatives of those who are petitioners that the mother may have equal rights with the father in guardianship of their children. The father now has absolute control over their persons, education property. This measure is supported by the Woman Suffrage Association, the Federation of Woman's Relief Corps, the Children's Friends Society and other organizations, representing 50,000 women of the state. The first-named body has been asking a half century for this right, which has been steadily denied.

A hard proposition presents itself to the board of trustees of the M. E. church of Harrison. There is no question but what the church building is in bad condition and will either have to be repaired or build a new one. The board have not yet decided what to do but will in all probability repair the old one. There is not one dollar in the treasury, for building purposes so the board meets a double embarrassment here, but we feel sure the citizens of Harrison and surrounding country will rally to the support of the board when called upon to do so. There being only one church building in the town it makes the interest more centralized and we feel that our people desire the house of God to be equally as comfortable and attractive as our own residences.

THE EVANGELISTS

Rev. Jamison and Prof. E. E. Crandall the evangelists who have been in our city the past two weeks conducting revival services in the Presbyterian and M. E. churches somewhat on the Moody and Sankey system, have made for themselves a reputation in Valentine. Rev. Jamison is a clear thinker an intelligent reasoner and knows how to tell what he has learned from observation so that his hearers are interested to the extent of gaining experience from his logical methods of right living contrasted with wrong. Prof. Crandall is a professional in stronger terms in the eyes of our people than the name ordinarily implies. He has at once the faculty of organizing a chorus, of holding them together and keeping them harmonious as in song. The instruction to our singers has been appreciated and Prof. Crandall will be remembered as an earnest, active and efficient instructor and leader of the largest chorus that has sung in our churches. Mr. Crandall told the writer that he had only words of commendation for those who have sung in the chorus choir. It is a feat realized by the people of Valentine that there has not been enough attention given to music but that there is talent can be easily seen by those who have observed the progress and noted the improvement in the singing in the past two weeks. When a chorus of 20 or 40 voices can be gotten together for a series of meetings like these it is evident that there is a love of music. The work done by the chorus has been a labor of pleasure and help to others and of pleasure and profit to those who took part.

The revival lectures given by Rev. Jamison will close with the Sunday evening service. By that time Mr. Jamison will have given 13 sermons and addresses.—Valentine Democrat.

BREEZES FROM CENTAL CITY

This is a busy world and the wind has done its best to make the dust fly this spring.

Farmers are busy and we have some garden made. We shall not crow this year till the crop is harvested.

It is getting quite dry here but F. W. reports it still drier in Cedar county. Iowa but land has been so high there people can live on the raise of land for a while at least.

Ester morning it snowed a very little and the wind blew hard all day. We missed several good Easter services just because we could only be in one place at a time. The one we attended was very good and the decorations quite pretty. From reports all the rest were as good.

This country can wear the blue ribbon for its fair maidens in numbers at least. The girls were invited to a party last week and only forty accepted the invitation and the crowd was all boys but thirty-two. It being the close of the winter term many of the students had gone home which partly accounted for the scarcity of the boys.

March 31 the juniors at the college gave an entertainment, "An Evening with Nebraska Poets" which was fine. There are twelve in the class and they introduced themselves by giving the college yell, the first the students have been able to raise and I guess it will not soon be forgotten. It is surprising how many gifted poets our state can claim as her own. And what an enjoyable evening the students and one of our most gifted poets gave us. J. Edward Morgan lives in our city and wrote the "Nebraska Song" for the class. Two surprises were sprung on the class. The seniors discovered the juniors had a yell so they prepared one and at the close as the president was making some announcements they cut him off with a yell that would have done a band of Sioux Indians credit. Then the president and professor treated the crowd to lemonade, oranges and candy.

Adalia Items.

Mr. T. P. Moody is very busily engaged at the present shearing sheep.

Company's D and B camped at Adalia last Sunday while on their way to Fort Meade.

Robert Harrison and N. P. Rosenberg visited A. P. Rosenberg & Co. detour cattle Monday.

Mr. P. P. Raben, while helping his son P. L. move some barb wire last week met with an accident in which he got his hands cut quite badly.

Howard Smith is now working on the section for Elmer Mischart but it is hard to tell how long he will remain as he likes a change of residence quite often.

I wonder if cattle are going to be a pretty good price this fall. It seems as though some people of this neighborhood are joy helping others out by giving some of them in turn.

Annie Johnson accompanied by Hilda Rosenberg went to Ardmore Friday eve where the former gives music lessons. While there they attended the dance, report having a fine time and returned home Saturday eve on the train.

We have our chronic kicker with us again now but he does not seem to have much influence on the people as they uphold the right in all things, some people know when they have a good thing while another is always kicking and would not be satisfied if he was entitled to Heaven with a golden fence around it.

The Adalia section men are again battling, and seem to enjoy it very much as one plays old woman and the other old man but the old women does not always succeed in having the meals on time when you ought to see the old man get mad and make things fly. That is right boys just practice so you will be prepared by July 4 or around that time provided the girl does not change her mind and say no. James Nelson was deboning cattle last week. Ed Felton and Mike Curran was helping him punish the poor animals. GREENHORN.

In Wyoming.

Mrs. Bovies has been quite sick but at last accounts was better.

Mr. Murphy began work for Andrew Christian a couple of weeks ago.

Supt. Burks was the guest of Mr. and Mrs. C. L. Christian Saturday evening.

Miss Amy Christian was confined to her bed a few days last week with the grip.

Florence Christian is teaching a five month term in the Lusk school six miles north-east of Lusk.

Francis and Albert Duell got through to Casper in good time considering the bad weather they had to contend with.

Everybody is busy seeding and the soil is beginning to take on a sad look as it is being dressed in mourning.

Hial Church is building sheds and corrals on his farm and is sure fixing up to stay. His place seems quite homelike now.

Rev. Youngman was able to fill his appointment at the West school house on last Sunday. We are glad to note that his eyes are greatly improved.

Rev. Warren of "Hurry Town" was the guest of Mr. and Mrs. A. Christian a week ago Saturday night. He held services in the West school house next day.

With shouts of great joy Fred Duell announces the arrival of a little girl at his home on last Thursday night. To say that Mamma and Papa Duell are the happiest couple on the Ridge is putting it too mild. "It is said that Fred climbed a tree, waved his hat and shouted, "Yes we have a girl and my name is Dad" but we don't believe he did as there is no tree within four miles of him. It was the wind mill tower he climbed. ZEKIEL.
