Charlie Leeling was in town Wednesday, the first since last November. Charlie says he has been busy looking after his stock which have done fine.

Matt Hall purchased the Sarah E. Blunt place last Monday which was sold at Sheriff's Sale. Matt is getting quite a nice body of land together and we wish him success.

The State Journal of April 29 makes the statement that governor Savage is not a candidate for election. His reasons are he does not care to embarrass friends or party. He stands by Bartley pardon.

D. W. Hamaker, assessor of Whistle Creek precinct, was a Harrison visitor last Wednesday. He reports stock getting along fine down in his part of the country. While here he added his name to our list of readers.

Jens Jensen has entered into a 3 year contract with Mrs. Sarah E. Hunter, to look after her ranch at Andrews. Mr. Jensen is a good man and we are sure the interests of Mrs. Hunter will not suffer while Mr. Jensen is in charge.

Earnest Bunge was up from the Valley yesterday and he reports everything moving along all O. K. down his way. He says he pulled everything through but 4 head. Earnest is a careful man and anything in his care will win a yet best of attention.

J. W. Ostrander was doing business at the county seat last Tuesday and remembered the PRESS-JOURNAL man by leaving him \$1.00 to apply on subscription. Mr. Ostrander says there has been but few losses of stock this spring in his part of the county.

There are a great many Warrants in the county clerk's office, uncalled for, so when you are in town call at the clerk's office for them might be one for you. Don't be afraid to ask, for Mr. Baum will only be too glad to see whether there is one for you, or not.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by J. E. Phinney.

A. J. Bogart purchased the Barber shop and outfit from B. L. Smuck Wednesday, and Louis V. Nicholson will do the tonorial act from this time forth, so when you need a shave call at the old stand.

Z. F. Antrim was a caller at our sanctum the other day and he said he would have to live the life of a homesteader again as he had purchased the relinquishment of George Hill for a piece of Uncle Sam's domain.

We are sorry to note that Mrs. J. W. Hunter of Bodarc, is seriously ill. Dr. Meredith of Crawford was called by telegram Tuesday night to consult with Dr. Phinney, we hope she may be spared for years to come as the wife and mother of her home.

Miss May Lewis's school at Andrews will close next Friday. Miss Lewis expects to give an entertainment in the evening for the benefit of her scholars. Miss Lewis has taught one of the most successful terms of school that has been taught in the County.

C. R. Pinneo, solicitor for Guarantee Fund Life Association of Alliance, Nebr. was doing business with our citizens last week and he wrote up several policies for our citizens. Mr. Pinneo is quite a genial young man and not a bore as a great many of our life insurance men are.

Our jolly and good natured merchant, Louis Gerlach made a trip to Douglas Wyoming last Friday returning Tuesday and he reports everything booming out in that part of the country. He says the town is improving and growing rapidly but he says Harrison is good enough for him.

W. H. Davis our genial assistant Bank Cashier was following the plow Wednesday and county Treasurer Davis says will make a pretty good looking farmer. We presume Will has been reading some thing about the man with the hoe, so readers need not be surprised if we should mention later on, of Will bringing in some of his mammoth pumpkins, melons etc. for exhibition at our office.

Jack Cook from Agate, was circulating a petition among our citizens on Monday for the establishment of a mail route from Andrews to Agate. Such a route would be of great benefit to the citizens down in that part of the country, as it now is, it takes five days, so Mr. Cook says, to get any communication from the County Seat, and such being the case we think it no more than right that Mr. Cook and the other residents in that part of the country should have better mail services.

The historical sketch of the Chadron Academy as it appeared in the Envoy of April 18, was read with interest by us, and while the academy is now in a flourishing condition it has had its drawbacks as well as all other institutions. We are glad to note the increase of the attendance for the present year. History only repeats itself with the Chadron Academy as with all other institutions where too many changes prove a detriment to educational work as in all other work. A great many of our young people from this county have taken the benefit of this school and we can say that the work and management of the academy has been very highly spoken of by all the students that we have met and especially the ones that were desirous of securing an education. May long live the Chadron Academy and may its officers and teachers continue to reach out and make this institution one that will long be remembered by our people of the north west as one of the greatest educational institutions of the state. We can say for the teachers that have graduated from this school and that have taught in this county, that we have found them thorough and competent in every respect and we hope this school may make more of a specialty in this line in the future.

Whooping Cough. A woman who has experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSE PINNEY HALL, Springville, Ala. This Remedy is for sale by J. E. Phinney.

The Jamison and Crandall meetings at the church are well attended. The first lecture to men was given Sunday at 3:00 p. m. The attendance was large and the message created no little comment. The second lecture to men only was given on Monday night and dealt with facts that are stubborn. The third lecture to men will be given on Sunday, May 4, at 3:00. Every man and boy should hear this. Sermon for everybody every night. A sermon Sunday at 11:00 a. m. and at 8 p. m. Lecture to men at 3:00 p. m., Prof. Crandall sings a solo at each service. A large chorus choir gives one-half hour to song at the beginning of each meeting.

We hear that Robert Dunn's eyes are improving. We hope they may be completely cured.

Honos Wills left Wednesday evening, for Belle Fourche where he expects to work for the S. O. outfit this summer.

From the number of plows we see in our citizens wagons every day going and coming from the black-smith shop old mother earth is getting an unusual amount of tickling this spring.

Mr. Charles Ling who has been visiting with relatives returned home Saturday.

A. P. and P. P. Rosenberg assisted Robert Harrison in deboning cattle last Saturday.

A. P. Rosenberg lost a fine cow last Thursday, was unable to learn what caused her death.

Mrs. S. Swinbank left Saturday for Billings, where she will visit with her sister for a while.

George Minehart and Johnnie Miller were down to Adelia Sunday visiting with the formers brother.

### In Wyoming.

News is very scarce this week. On last Monday quite a number began farming in earnest.

The annual school meeting will be held in the East school house on Monday, May 5, at 2 o'clock P. M.

The W. O. W. have their hall about ready for the plasterers. It is a large building and will be of great benefit to the community as it is to be used for church purposes when completed.

Mr. Church Sr. and his son Hial has bought out Win McClung, so we hear. They bought all of his stock and his real estate. Win now is ready to go to the land of the "Big red Apples." We understand that he will go to Arkansas.

Miss Oral White of Uva, Wyoming, is visiting her friend Miss Florence Christmas in the east end of the district, while Miss Ada Carnes, who is teaching in Douglas, will teach the West school.

Last week we said that the farmers were busy putting in grain. Well we were a little off, as it began snowing on Monday and no seeding was done. Two heavy snows last week reminded us that winter was lingering in the lap of spring.

On Thursday of last week Mr. and Mrs. Lohr received the news of the death of Mrs. Lohr's father, Mr. Grimes, who lives near the Node ranch, which occurred at 5 o'clock a. m. on that day. ZENITH.

## FINANCIAL STATEMENT OF SIOUX COUNTY

Claims pending unprovided for except from 1901 levy	\$41.40 03
Estimated ordinary expense of county from this date to Jan. 1 1902	3,220.00
Amount necessary to be provided	7,700.03
Estimated valuation 1902 on basis fixed by assessors meeting	69,400.00
85 per cent of 9 mills General fund on above valuation	5,309.10
To which add estimated amount of collections of back taxes that can be transferred	1,155.72
Total resources	6,464.82
Total deficit	1,235.21
Which may possibly be met by transfers from 1902 bridge fund. On old valuation the situation would be as follows:	
Amount necessary to raise as stated above	\$770.03
85 per cent of 9 mill on \$2,9028, 8978 21	
Back collections	1,155.72
Total	\$1,925.75
Deficit	\$285.10

The above estimate of expenses necessary, includes only items that will necessarily occur in the ordinary run of business and nothing for extraordinary expenses, and the estimate of collections of back taxes simply allows for the coming eight months double the actual collections of that character for the last four months. The 1901 fund is exhausted and the county treasurer states that there is nothing available to transfer to the general fund.

And now the little birds have told us of another incident, concerning a citizen of Henningford that pleases us immensely. This time it is none other than a minister of the gospel who wearing of an enforced idleness occasioned by the mandate of the town's board of trustees, which prohibited public gatherings during the supposed prevalence of smallpox in the community, varied the monotony by beginning where he left off, years ago, ere the love of God and all things true and beautiful was implanted in his bosom, and went to carpentering. What is there that Rev. C. E. Connell can't do? As a modest, unassuming, but eloquent preacher he ranks up along toward the top. As a carpenter he doesn't have to lay his square and compass down to many, and when it comes to writing a news item or an editorial paragraph, he can discount many of those who imagine they are specially gifted in this direction. Score one for C. E. Connell—the preacher the carpenter, the upright, whole souled, generous, fair-minded citizen.—Alliance Herald.

Sciatic Rheumatism Cured After Fourteen Years of Suffering. "I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this eminent and get well? It is for sale by J. E. Phinney.

The Bridges Bros. Concert Co. went East last night, they report having very good classes in the different towns they visited out in Wyoming. They will take up a class at Crawford and we can recommend them as being fully competent in the business they are following. Any town or place is profited by them if they desire to learn vocal music.

## JAMISON SAYINGS.

I'd rather make a failure of trying to do right than make a howling success of doing wrong. Our best friends would very naturally prepare to receive us if we were going to their home. Jesus said, "I go to prepare a place for you." It's not best to wait till one feels like doing better before acting better. Do something good and you'll get good, but don't stop at one thing. It would be cruel to the honest man to find no honest way of doing right, to find no beaten path where light lingers. When the blessed Spirit of God comes He comes to guide into all truth. Bits of Jamison Philosophy. A jackass brays but it thinks it enlightens the world. The best place for a man to make a fool of himself is right here. Man differs from the animals in his ability to make a fool of himself. The fellow who thinks he knows everything is just about a well ripened fool. It's no use to quit your meanness without you lay hold of betterness or bestness. The only place in this world where there is no friction and perfect dignity is the graveyard. The best way to get rid of the bad that's in yourself is to take hold of the best that's out of yourself. I'd rather be a plain, lean, Christian headed the right way than a big, fat flourishing sunner headed the wrong way. I'd rather my boy would have the small-pox than "smartness." More fellows suffer from "smartness" than any other disease. "The common people heard him gladly." Our meetings are for common folk such as liked to hear our Master. He'll be there. Come. Every man is in favor of God doing something for him if it is only to keep the cholera from his hogs or the thieves from his chicken coop. The first sermon Christ ever preached to his disciples began with "blessed are ye" I'd rather have one snail from His face than the applause of the multitude. The Christian always hopes for and sees better days. I shall not always be so weak. It will not always be dark. I shall see Him as He is when the light of eternal day dawns. I shall see Him as He is. Jacob was left alone. After the night of conflict, the break of day, he limped away from that place with a new name, new hope, new power, new vision. It's a good deal better to limp heavenward than to walk erect—the other way. "If it were not so I would have told you." A true friend will warn us of the worst danger and tell us of the best things. So Jesus opens the vistas of the future and shows us the Mansions. "I will not leave you comfortable." That's just the thing men need, comfort. That is, comfortable thoughts, comfortable ideas about God, the future, etc. The Holy Spirit comes to comfort; do you want him? Talk about angels—If I had the choice between leaving my children with angels to minister to them and a Christian woman, I'd want the woman; she whose life is made tender and sweet by Christian faith is the best angel a fellow can have. I've known fellows who would follow a girl to church every night in the week and if he could not see her home he'd be willing to sit on the barbed wire fence and see her go by, but when they are married less than a year she could not coax him there with sugar—beer might do it. It is a great opportunity for a church to work in special evangelistic meetings. Every church should have such occasions once or twice a year. Now that the workers are here, it is harvest-time for us. Those who give the most time to these meetings will get the most out of them. If a man could fling away the fragments of manhood that's in him, turned face away from visions of better things, forget the cleaner and better days that were his, then he could be a beast. But forever and forever he will carry with him flashes of a better manhood. That's what makes hell. About the worst thing in a meeting, is for one to speak and say nothing. "When you've got a thing to say, say it! Don't take half a day. When your tale's got little in it, crowd the whole thing in a minute! Life is short—a fleeting vapor—Don't you fill the whole blank paper with a tale which at a pinch could be cornered in an inch. Boil her down until she simmers. Polish her until she glimmers. When you've got a thing to say say it, don't take half a day!" We are indeed glad to know that Dr. Seymour will visit Crawford again, and he assured us that he will continue to do so as often as occasion requires. His date is Saturday May 9th.
