We see from the Wyoming Derrick, that there is a hot time in the election of Mayor and other city officers in the city of Casper. The citizens ticket says Prostitution must go, and we extend our hand to Bro. Hays for the stand he has taken in this matter.

Mrs. W. O. Patterson would announce to those needing supplies for, or a new genuine Singer Sewing Machine, that having secured the agency of the same at this place, will keep at the house what you need in that line. Call and examine our machines before purchasing and get the best.

Port de France, Island of Martinique as a result of the out break of the Mount Pelee Volcano at St. Pierre on Thursday last 20,000 persons lost their lives. It is sad to think of this number of human beings being roasted and smothered to death from the sulphurous flames that issued from the volcano. Not a house was left intact.

We learn that F. W. Knott has sold his ranch in Sioux County, so that means that we are not going to have Mr. Knott for a resident of Sioux County any more. We have always hoped that he and his estimable family might reside with us again, but we will expect a visit at some future day if they won't become residents again.

He criticised her pudding and her cake; he wished she'd make the biscuits his mother used to make; she didn't wash the dishes and she didn't make the stew, and she didn't mend the stockings as his mother used to do. Oh, well, she wasn't perfect but she tried to do her best; until at length she thought the time had come for her to have a rest; so, when one day he growled and whined the whole day through, she turned him up and fanned his pants—as his mother used to do.

The Jamieson & Crandall meetings at the M. E. church, closed Sunday evening. A very good interest was manifested through the meetings, very good results were obtained. Mr. Jamison presents the great truths of the gospel in such a manner as to start people thinking about themselves and their relation to them. Mr. Crandall understands his work as a gospel singer, organiser, and conductor of choruses. We wish for them success in the work of Christ where they may go with the message of salvation.

### DIED

Mrs. Margaret C. Hunter, wife of John W. Hunter, died at her home at Bodarc last Friday morning at 3 a. m. Mrs. Hunter, was born May 17, 1854 in Cumberland county, Nova Scotia, and was married to John W. Hunter October 19, 1874. She was the mother of eleven children of whom eight survives her and were present during her late illness and death. She was baptized in the Presbyterian church when young and died confessing the faith of the living Christ. She was a devoted wife and mother and none other can ever fill her place. She was loved and esteemed by all that knew her and especially those that knew best.

The services were conducted by the Rev. Chas. E. Rice on the Saturday following and her body was laid away to rest in a neat basket and from the many tears shed by the sorrowing relatives and friends went to show the love and esteem she was held in by her family and neighbors. The PRESS-JOURNAL extends sympathies to the bereaved husband and family.

### Card of Thanks.

To those friends and neighbors who so kindly assisted during the illness and death of our beloved wife and mother, we extend our heartfelt thanks.

J. W. HUNTER and CHILDREN

### Teachers take Notice.

I have a copy of a hand book of industrial drawing for teachers in common schools, and when in Harrison if you will call at my office I will be pleased to show you the work. I have had a great many inquiries about a book of this kind so now I am prepared to help any one out along this line that wants it.

J. B. BURKE, Co. Sup't.

### Protect Our Birds.

We hear men boasting of killing birds for pasture. Well all we have to say for such men, (if you can call them men) is that if they have nothing more to do than that, the Lord had better take them away from this world, for they are of no use to mankind, and a destroyer of the most cheering creatures that was ever put upon the earth. Take away out of this world the song birds and it would be a cheerless place to live in, and not only their songs, but they were put here for other purposes. So God help the poor man that has nothing more to do than shoot down poor little innocent birds for pasture and amusement. The school teachers of Nebraska have been called upon at different times to teach the children to love and protect the birds of our state and country, and here we find men that can boast of killing the innocent little birds. We are sure that if such men have nothing else to do than kill innocent birds they had better go quietly among them and study their ways and habits, and if they then can't learn a lesson of industry as they have never known before they neither have hearts nor understanding.

We will give a more detailed account of the meeting next week.

Mr. Avery and family were down from Orin Junction this week visiting with friends in Harrison and Bodarc. Mr. Avery was former Station Agent at this place, and now of Orin Junction.

### Important Notice.

The railroads in Nebraska have granted a one-and-one-third rate on the certificate plan to persons attending the Nebraska State Normal Summer School at Peru, May 26 to July 4, 1902. Students should take receipts for fares paid from the agent from whom the tickets are purchased. If tickets cannot be purchased through from the starting point to Peru, take a receipt for each fare paid. These receipts will entitle the holder to return home at the close of the School at one-third fare. Take a receipt in every case. W. A. Clark, Principal.

E. G. Robinson and E. M. Seale, state examiners, checked up the Treasurer's books for the past year and found every thing all O. K.

The board of trustees of the M. E. church of this place have decided that it will take \$500.00 to repair the church building properly so let everyone contribute freely, that our town may have a place of worship that will be comfortable. The doors of this church have always been open to all denominations and people to use whenever wanted and will continue to be so and we think the board will have no trouble in raising this amount.

### Crawford

Monday and Tuesday of this week the Stockmen's Convention was held at Crawford. A number of eminent speakers were there and questions of importance to stockmen were discussed pro and con. Tuesday was the principal day. A number of graded bulls were auctioned off and, considering the quality, they brought good prices.

In the afternoon of Tuesday a game of ball was played between Crawford and Alliance, Crawford being the champions with a score of five to three. The game was one of the best ever played in Crawford, there being no discussions as to the umpire's decisions and very few errors were made.

There were to be some horse races in the afternoon but just as the horses were brought on the track it began to rain and the races had to be postponed.

Crawford is an enterprising little town and its citizens know how to entertain visitors. People from all over the state were there and everyone enjoyed themselves. The band from Ft. Robinson was one of the attractions and their music is first class.

We will give a more detailed account of the meeting next week.
