Important News from Italy.
Princess Iolanda of Italy at the age of 7 months is beginning to talk. She says "papa" and "mamma" and her English and Italian nurses are quarrelling as to whether she is speaking Italian or English.

Alcohol for Fuel.
In France the excise duty is taken off alcohol if it be shown that it is to be used as fuel for motor cars. For this purpose some highly nauseous compound must be added, making it absolutely unfit to drink.

Mayor and Private Citizen.
Mayor Seth Low lately considered a petition signed by Citizen Seth Low, and granted the relief prayed for. It is said Mr. Low did not attempt to influence the mayor in the slightest degree in the matter.

Memorial for Missions.
Uganda is to build a cathedral. For a foundation stone the grave stone of the Rev. Mr. Pilkington, who was killed by the Baganda some years ago, has been used. He was a graduate of Cambridge, where he distinguished himself as an athlete.

Works of Veterans Artist.
Henry Kayton, the veteran artist of Baltimore, has just celebrated his ninety-third birthday. Among his best works as an artist were his portraits of President John Tyler and Gov. Ireland of North Carolina.

Nothing to Support His Dignity.
Among the peers who have inherited barren titles is the young Earl of Seafield, who at the age of 15 succeeded to an earldom, two viscounties and two baronies, without so much as a single acre of land to maintain his dignities.

This Man Ought to Succeed.
A pretty story was told in a London paper the other day of a young man who, at an examination, drew such inspiration from a portrait of his fiancée that he passed with flying colors. Unfortunately a correspondent has now told the sequel. The back of the photograph bore an interesting and valuable assortment of dates.

Salmon Traps.
The enormity of our salmon output this year has played havoc with the British fisheries, for in Canada the law does not permit the use of traps. In Washington and Oregon traps are used, so that the American fisheries are able to furnish salmon to the Canadian canneries for 2 to 3 cents a fish, where the canneries used to pay the Canadians from 10 to 15 cents.

Noted Canadian Philanthropist.
Sir William McDonald, the donor of the gift of \$25,000 for the establishment of an agricultural college at Guelph, in Ontario, has already disbursed vast fortunes for philanthropic ends in Canada.

Will Not Protect Children.
Lady Henry Somerset is deeply grieved over the attitude of the House of Commons towards the children's bill, which would prevent little children from going into public houses.

Forests in Europe.
A recent official report states that forests in Russia now cover a gross area of 464,548,000 acres. Among European countries Sweden comes next, with 44,478,000 acres of forest. In Russia, the forests cover 26 per cent of the whole imperial area. The Swedish forests occupy 44 per cent of the total area, and the Austro-Hungarian 23 per cent of the territory of the dual monarchy. reckoned by the population, there are 4.9 acres of forest to each inhabitant in Russia, 9.5 acres in Sweden, 10.4 acres in Norway and 20 acres per head in Germany.

Will She Be a Tycoon.
Fetters—Do you see that lady over there? Well, she's a lady if there ever was a lady in the world. Buck—And what has she done to secure your flattering regard? Fetters—I stopped on her gown coming down stairs. It was trailing behind her in that irritating way that women have; but, of course, I did the gentlemanly act and apologized for my carelessness. Buck—And she? Fetters—She said to me, "Young man, you know you are lying. It was no fault of yours; it was mine, entirely, and if you had pulled my gown out at the garters it would have served me right."

Save for the Sultan.
The personality of the Sultan is Turkey is much misrepresented. He possesses a sensitive nature and his domestic affections are strong. His powers of work are exceptionally great, and he never takes stimulants except an occasional cup of coffee and a cigarette. His dress is simple—a black frock coat and a Turkish turban and a white waistcoat, with a gold watch-chain. He never smokes, yet when he gives you an audience on a Friday, after the ceremony of the Selamlik, he takes you with the phylloxera destroyer and gives you an hour to be in the presence of the Sultan of Turkey.

SELZ "KROO CALF"
WORK SHOES WEAR.
Selz "Kroo Calf" Skin is a special language, so named to define and express its tough, yet pliable qualities and its great powers of endurance. "Kroo" is the original name of a powerful tribe of negroes on the Northwest Coast of Africa, commonly known as "Kroo Boys". They are renowned for their hardiness, suppleness and staying powers; and what the "Kroo Boy" is among negroes, "Kroo Calf" is among skins—tough, enduring, reliable.
Look for the sign of "Selz"—it marks the Popular Dealer.
