Mr and Mrs J. A. Thayer took the East bound train for Chadron last Friday evening. Mr. Thayer went to consult with Dr. Loudson in regard to his health. We are sorry to say Mr. Thayer has been in poor health for some time, but we hope he may be restored to perfect health soon.

The Harrison school closed last Friday there being only one graduate, Oscar Hanson. The following pupils attended every day school was open: Dolly Priddy, Jesse Gerlach and Fred Bartell; Dolly and Fred were not tardy and Jesse was only twice during the entire term. This is a good showing for these pupils.

Whoooping Cough.

A woman who has experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINKEY HALL, Springville, Ala. This Remedy is for sale by J. E. Phinney.

Miss Susie Tupper left for her home at Omond, Nebraska, last Friday night. A large crowd of school children and friends gathered at the station to bid her good-bye, and with the wish that she might be with our corps of teachers another year. We don't know whether Miss Tupper taken away any of our young men's hearts or not, but we saw one fellow that cast a long and wishful look after the departing train. Miss Tupper has made many friends during her stay in Harrison who will be glad to welcome her back again next September, providing the school board conclude to retain her for another year, which we hope they will.

J. I. Davis and the writer visited the Sunday school in Warbonnet precinct last Sunday and found a very interesting Sunday school. This Sunday school was organized last winter by Miss Lillian E. Harris who taught school in that district and it has been quite interesting ever since. Mrs. Paul Zerbst is the Superintendent, and from the interest shown by her and all present, it is that it will continue to prosper and grow, and the seed that is being sown in His name now, will bring forth fruit abundantly in years to come. This Sunday school meets at 2:30 p. m. and is only a pleasant drive from this place and we know that any one that might want to visit this school will be welcome.

The writer last week visited with Mr. and Mrs. Robert Harrison of Adelia and enjoyed the privilege that has not been granted me in six-teen years; that is to walk among the apple trees and see the young apples setting on, and some in bloom. It made me somewhat homesick for my old native state, but the hospitality of my host and hostess soon dispelled all such feelings, for all that have ever visited the home of these cordial and kind hearted people can testify to the same. If there is any one in Sioux County that thinks there is not an orchard in this part of the country all you will have to do is visit Mr. Harrison's place and be convinced that there is such a thing.

We notice that the name of Hon. Judge W. H. Westover is being mentioned for Congress from this district. Well we know there is no better or more popular man in the north-west than Judge Westover, and should he be nominated there is but little question about his election. Although we would hate to lose him from the bench, for it would be no easy matter to fill his place, but we are with the Judge, whether it be for Congress or District Judge.

The teachers, school children and a number of patrons of the Harrison school went to the grove in west Hat Creek last Friday to spend the day and all had a pleasant time playing games, climbing the hills etc. and Cale Parsons learned that a fellow will sink when he gets in water over his head but he was in luck that there was some one by to pull him out or in all probability he would have found a watery grave. Be more careful boys for this old world is full of dangers and as a rule picnics generally find them.

Supt. Burke was calling on friends in this vicinity last week.

Chas. Saxton intends to start for the Big Horn Basin this week to look for a location.

Mrs. Estella Engler and children of Colorado are here visiting with Mrs. J. E. Arner.

Mrs. Dick Boesl, of Pine Ridge Agency sent word that she and her children would be here in a few days.

R. Z. Stewart and family left for Wyoming, Monday. They expect to make their home there in the future.

Last Saturday Mrs. R. W. Otey and children of Douglas, Wyoming, arrived to visit relatives and friends here.

Mrs. Esther Arner came down from New Castle where she has been visiting for some time with her son Jesse. She will spend the summer on Cottonwood.

Last Thursday Mrs. Rice's former pupils gathered at the parsonage to spend the day, giving her a genuine surprise. There were 28 present. The table was spread in the new tent and fairly groined with good things. In the evening all went home agreeing that they had had a good time and Mr. and Mrs. Rice voted that they had been royally entertained.

TIMOTHY.

In Wyoming.

We are glad to know that our old friend Gene Wohlheter is able to be out again.

We understand that Church services and Sabbath school will be held in the hall from now on.

Miss Eva Church is quite sick at this writing. She has been confined to her bed for several days so we hear.

Quill, of the Lusk Herald was a caller at our home one day last week. Call again Bro. Quill and we will swap yarns and find something new to tell.

Miss Amy Christian, who has been quite poorly for some time is feeling better and her many friends hope that she may soon regain her former good health.

Andrew and Chris Christian have each put in about fifty acres of corn. The click of the planter was new music to the boys who have grown up in this neighborhood.

No Walter; we won't say anything about it this time but the next time you go horse back riding with that school marm don't let that fool Zekiel see you or he will put you in the paper sure.

On last Saturday evening as Esther Hamlin was using an ax it flew off the handle striking her little sister Fernie on the head inflicting a bad wound. So far it is not considered dangerous and if no bad results follow she will be all right soon. Junie tells us that there were some scared people at their house for a while after the accident.

On last Saturday J. J. Zumbrunnen while in Lusk received a telegram from Francis Deuel telling him to have some one meet him in Lusk the next day as he was at Casper and quite sick. John Deuel and Ray Zumbrunnen went down and brought him home. He was quite sick but able to be around. We hope he will soon be all right again.

Quarterly meeting was held in the W. O. W. hall last Sunday. A large crowd was in attendance. Rev. Warren conducted the services, assisted by Rev. Youngman, taking for his text, John 16 chap. and the last clause of the 33rd verse. "But be of good cheer; I have overcome the world." At the conclusion of the sermon the rites of the sacrament was administered and a large number, we are glad to state, partook thereof. We are always glad to meet Mr. Warren and hope that he may come often.
