How the Filipinos Fight.
 Lieut. Feeter and Wetherill of the Nineteenth Infantry while scouting in the island of Bobol some weeks ago entered a house where they thought rebels were hiding and as soon as they got inside the floor, having been made into a trap by the insurgents, gave way and the officers were precipitated into an opening that bristled with sharpened bamboo stakes. A stake entered the thigh of Lieut. Wetherill and was broken off in his attempt to rescue himself. In the subsequent operation a piece of bamboo eight inches long was taken from the wound. Lieut. Feeter's trousers catching in one of the larger stakes, he escaped with a painful wound in the foot. The native guide who accompanied them, pierced through and through by the sharpened stakes, was dead before he could be rescued.

Alibi That Was Convincing.
 A convincing alibi was recently furnished by a man in France. He was charged with the murder of a girl at Nice, and he brought conclusive evidence to show that he was at the time committing a burglary at a hotel.

Siberian Crops Wasted.
 In some parts of Siberia a large part of the crops in good years rot in the field, because there are no means of transport or facilities for storage.

Would Be a Good Substitute.
 An Illinois inventor is urging the substitution of printed slides for the brakeman's voice in the announcement of stations in moving trains.

Statement of Taxes Paid by the Fremont, Elkhorn & Missouri Valley Railroad Company to the Various Counties in Nebraska for the Year 1901, with Some Comparisons that may Prove Interesting.

(Issued Under Authority of the Railroads of Nebraska)

The Fremont Elkhorn & Missouri Valley Railroad is a railroad 1,362.84 miles in length, of which 983.95 are in the state of Nebraska.

It is not a trunk line, but one that depends upon the growth of the country immediately tributary to it for its business. The owners of this railroad hope that the prosperity of the country through which it runs will in time make it prosperous.

In 1900 this railroad received in gross earnings \$4,121,457.92 They paid for operating expenses 2,689,642.25 Net earnings 1,431,815.67

This amount makes a net earning of \$1,050.53 per mile for the system, and they reported \$1,110.42 as such net earnings to the auditor of state in Nebraska, which it will be seen, gave this state credit for the increased amount received from business which originated on the branches in other states. Out of the \$1,431,815.67 they paid \$1,007,851.09 for interest on bonds outstanding, and \$181,599.74 was paid for taxes, which latter amount was equal to 12.7% of their net earnings.

No dividends were paid by this company, and during the years 1895, 1896 and 1897 there was a large deficit in the revenues.

In case the taxes on this road were paid on the Wisconsin basis of taxation, it would have been \$120.92 per mile, instead of \$152.95 in the state of Nebraska.

To make a fair comparison with this railroad it is necessary to select roads that do a similar business in other states, and the following table gives this result:

STATE	RAILROAD	Miles	Net Earnings per Mile	Total Tax Paid	Tax Per Mile	Per Cent. of Taxes to Net Earnings
Wisconsin	Green Bay & West'n	225	\$ 440.79	\$ 9,996.08	\$ 43.97	9.9-10
Minnesota	Bur., Cedar Rap. & N..	1,287.00	1,048.02	145,990.00	110.57	10.9-10
Iowa	M., K. & T. E. R.	2,201.00	1,872.13	291,330.15	131.11	7
South Dakota	F., B. & N. V.	1,382.04	1,030.53	181,599.74	133.25	12.7-10
Nebraska	Fremont, Elkhorn & Missouri Valley Railroad in Nebraska			\$152,950.00	\$152.95
