John Beiser was struck by lightning at his home on Running-water, but we are glad to say it did not prove serious. The lightning burnt his arms some but did not hurt him any other way.

The town has been turned over to the school mams this week and next, so we presume the old bachelors will be craning their necks to see if there isn't some one among them that can suit their eyes.

John Anderson says he wants a school mam that can teach music as well as text books. John failed to say whether he wanted a good looking one or not, but then we have not any bad looking ones, you know.

The wind blew a barn down for F. B. Langworthy last Monday and the hail cut the grass down so there is nothing left for the stock. Chat Unitt says they haven't as much grass as they had early in the spring.

Mr. E. F. Pontius our popular station agent, received a report from an assay made on one taken from a claim that he has an interest in up in the Black Hills 5 miles from Hill City, which assays \$197 to the ton in gold. We hope all the ore may prove as rich as this assay and we are sure there is no one more deserving to be blessed with such a gift than Mr. Pontius.

Mr. and Mrs. W. F. Dickinson of Macon county, Iowa are visiting Mr. and Mrs. J. H. Wilberusdorfer this week. Mr. Wilberusdorfer is showing them the sights that are to be seen in "Black Co." and lifting them up on the ozone that we have so much of in this part of Nebraska. We are sure their visit will be made a pleasure to them if any effort from Mr. and Mrs. Wilberusdorfer can make it so.

On last Sunday there were 23 cars of cattle shipped from this place and on Monday there was shipped from Coffey's siding 18 cars. All of this stock was consigned to the W. J. Perry live stock commission Co. of Omaha. Mr. V. A. Hester assessor for this firm and we know of no better man than Mr. Hester for he has been in Sioux County for a number of years and is acquainted with all the stock men of this county and surrounding territory, and he is a hustler when it comes to business.

The Sioux County teacher's Institute convened on last Monday with a large enrollment. Professor Percy and W. E. Purvance are the instructors and a good interest is being shown for advancement along the lines of education.

The two lectures given by Rev. F. A. Hatch at the M. E. church Monday and Tuesday nights were very much enjoyed by those present. The lecture on queer people Monday night brought forth a great deal of applause and Mr. Hatch fully understood how to present the specimens of his museum to his hearers. The lecture on Tuesday, The Pilgrims of the trail, was very instructive and Mr. Hatch brought out a great many historical facts that we do not find in our histories of today.

On last Monday about 2 o'clock the worst storm struck Harrison that has been noted in the history of the town. The wind blew a perfect gale, and hail and rain was driven with such force from the north that but few window-lights were left on the north side of the buildings. There was some heroic work done by the good wives in protecting their homes as the windows had been smashed in by the storm. The storm got worse as it got farther west. A cloud burst at the head of White River and more considerable damage to the railroad track so that trains did not get through until 6 o'clock Tuesday morning.

Mrs. Schwartz's house was moved on its foundation, but we are glad to say no lives were lost but no doubt some thought their time had come. We hope it will not be our privilege to have to look upon such a storm soon again.

Crops were never so promising on the Ridge than they were on Wednesday morning; a good stand and of good length, but presto, what a change! by sundown more than one half was a total wreck.

Potato vines were cut off and beaten into the ground and in some instances the tubers were injured.

At Mr. Church's eight large window-lights were blown out and Zambren's fourteen were shattered.

We hear that in some places shingles were split and brick laid loose from roofs and siding was split.

Mrs. Boyles and little son Billie were on their way home from Harrison when the storm struck them in the late afternoon. Ervase and Harry being they grabbed the man and took shelter under the wagon. The team broke loose and ran off, going through a wire fence and pulling up at Ford's side's. Fred caught and shooed them until after the evening meal. They were out up a me by the wire, but not seriously hurt.

Those who have enough crop left to grow are cutting it for hay.

Al J. A. Rice's bull stouts went clear through the roof.

At Foot's Jack rabbits and birds were killed.

**Bedard Gleanings.**  
Miss Lillie Zimmerman went to Harrison Monday to attend Teachers Institute.

C. F. Coffee spent Sunday in the valley visiting with John and looking after his interests here.

Miss Mable Hunter came down from Harrison Saturday and will visit for a few days with Mr. Bowen's family.

Bedard seems to have been stricken with the matrimonial fever. The latest on the list is Mr. Willard Thayer who was married to Mrs. Carrie Lesing at the home of the bride's parents on War-Bonnet July 30. We wish this estimable young couple all the happiness throughout their life and offer them and wondrously ask ourselves "what'll be the next?"

A wild and gentle shower visited this locality Monday. Our Harrison neighbors we learn were not so fortunate as they had both hail and wind. Mr. Miller and Frank Coffee were in town and started home through Snow-belly canon.

When they reached the Knorr place they found the road wholly impassable and were obliged to return and come home through west Hat creek canon finding the roads there badly washed out and at one place so bad that the buggy overturned throwing them both into the creek, nothing being broken however. The buggy with Mr. Zimmerman's help was soon righted and they reached the last crossing on Hat-creek before the flood and reached home safely.

A delegate convention of the socialist party of the Sixth Nebraska congressional district is hereby called to meet at 2 p. m. of Saturday, August 30, 1902, in the city of Broken Bow. The object of said convention is to perfect permanent organization, to nominate a candidate for congressman from said district and to transact any other business that may properly come before said meeting. The basis of representation is one delegate for every five votes or fraction thereof cast for Miss Burla Wikie, socialist candidate for regent in 1901, which gives the various counties the following number of votes: Banner 1, Blaine 1, Box Butte 3, Boyd 3, Buffalo 9, Brown 1, Cherry 3, Cheyenne 1, Custer 11, Dawes 4, Dawson 5, Deuel 1, Garfield 1, Greeley 2, Grant 1, Holt 5, Hooper 1, Howard 3, Keya Paha 3, Keith 1, Kimball 1, Lincoln 5, Logan 1, Loup 1, McPherson 1, Rock 1, Sheridan 5, Sheridan 1, Scotts Bluff 1, Sioux 1, Thomas 1, Valley 1, Wheeler 1. Total 82.  
J. C. L. WISELY,  
Sargent, Neb. Aug. 1. Temporary Chm.

W. Murphy and Len Christian were almost caught in the storm with loads of hay.

Oscar Boyles was struck on the arm with a chunk of ice which lamed him for three days.

Zekiel was so badly scared at the noise made by the storm that he tried to take shelter in an empty tomato can.

**A YOUNG LADY'S LIFE SAVED.**  
At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not even over-ride. While to do at this critical moment was a matter for me, I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last resort, prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better, inside of three days she was upon her feet and at the end of one week was entirely well." For sale by J. E. Phinney.

About the 1st of September a very energetic, popular and strong financially backed new firm will enter the business ranks of Crawford, and the Tribune predicts for it from the start a successful career. The principals in the new venture are Mr. S. M. Kaapp and Miss May Force, two of Crawford's well-known young people who have grown up with the town, each of whom is possessed of more than ordinary business ability, and both having come in contact with the trading public as trusted employees of the foremost mercantile establishment in this section of the state, their practical experience gives them a thorough knowledge of the wants of the people a portion of whose trade they will solicit. Mr. Kaapp has been in Crawford ever since its first days, having been in the service of the most prominent general merchants, and has won an enviable reputation for courteous and gentlemanly deportment to all, while Miss Force has won the friendship and good will of everyone by her pleasing, lady-like disposition and agreeable business methods.

The new firm name will be S. M. Kaapp & Co., the business will be of a full general merchandise nature, and its location will be in the commodious quarters in the Syndicate Block which E. E. Janst formerly occupied. A new and complete line of fashionable up-to-date goods has been ordered from manufacturers and wholesalers for the dry goods and notions departments, as has also a new fresh stock of every article needed in groceries, etc.

The Tribune but voices the sentiments of many when it welcomes this substantial firm as an addition to the business interests of Crawford, wishing it, as it promises to have, success and prosperity.—Tribune.
