Ye scribe and Prof. Purviance took a drive down to John Anderson's ranch, commonly known as the old 88, and as it has been several years since we were there, the men with the hammer and the plane have made quiet a change and especially to what it was 16 year ago when we first knew the ranch. John brightens things up though wherever he goes.

Tom Hines subscribed for the Press-Journal for his friend, George Fitzgerald at Highland, Wisconsin. Tom knows a good thing when he sees it and he wants his friends to see it too. Hurrah for Tom!
B. F. Moore was in town last Tuesday and took out injunction papers restraining Lorenzo Snow from cutting hay on what he claims to be his land. Sheriff Lowry deputized Frank Moore to serve the papers.
Notice to Tax Payers!
All personal tax that is due must be paid at once or I shall proceed to collect the same by law.
John L. Davis, Co. Treasurer.
Charles Grewell of Hewitt, this county has purchased the ranch and stock from Charles Newman this week. This addition to Mr. Grewell's former ranch makes his ranch one of the most valuable ranches in the county. Success to Mr. Grewell.
John Mosley was in from Round Top last Monday and he said he opened 11 gates from his place to Harrison. We think it is time the people from that part of the county should have a road to come to the county seat without having to spend all their time opening gates.

Charles Newman from Hewitt has purchased the Hester property and business in Harrison. Mr. Newman will take charge of the business the first of September, and no doubt the new firm will receive the large trade that Mr. Hester has had since he has been in business in Harrison. As we write we presume the wedding bells are ringing in the suburbs of Harrison, but their silvery tinkle reach even to the valley.
Nick Schaefer last week cut John Coffee's oats and wheat which turned out fairly well and John expects to have quite a threshing.
F. M. Hall received word that his mother was very sick at her home at Ft. Robinson, and with his family drove on Sunday to see her.
Two of John Coffee's hay hands have gone to the Running-water ranch to help in the haying there. So John and Sam are lacking alone now and running the establishment on European style.
We have to report the loss of two more residents of the valley, as Henry DeBock and John Hibbels with their families left on Friday in Prairie-Schoolers, traveling north. We did not learn their intended destination.
Mr. Henry Zimmerman is still feeling the effects of a bad fall which he experienced one day the first of last week while stacking grain for Matt Hall. He fell from the top of the stack striking upon his back. It is fortunate he was not more seriously injured, as it is he is quite lame.

A YOUNG LADY'S LIFE SAVED.
At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.
Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by J. E. Phinney.

In Wyoming.

Francis Deuel accompanied by his father Z. G. Deuel started over land for Casper the first of the week to get a team harness and wagon which Francis left there when he came home sick last May.
Sheriff McDermott was out to the south end of our settlement some two weeks ago and arrested Stewart. Sides on the charge of driving infected cattle across the state line from Nebraska. He was taken to Douglas and after a day's confinement in the county jail gave the required \$1,000 bail. Several different crimes are laid at his door, but there is no substantial proof against him for any except violating the law in regard to bringing cattle from Nebraska without having them inspected. Stewart seems to have more trouble than usually falls to the lot of our citizens, but then he brings it about himself.
We hear that on last Friday as George Walker rode into his stable on the Anderson ranch near the V. T. Springs he saw a coyote lying on the hay, fast asleep. Perhaps it had attended the dance in Harrison the night before and was dreaming of pretty school mams. At any rate the coyote was safe in the arms of Morpheus and George noticing it's condition thought to waken it by gently tugging it with a pitchfork. The chance being too tempting George perforated it with the fork pinning it to the ground when the cries of the coyote mingled with George's hilarious attracted the attention of Rollie Christian who came upon the scene in time to help finish the career of Mr. Coyote. George is still laughing about the way he surprised a coyote.

Carey Items.
A letter from Mr. Rice reminds us that he has not seen any Carey Items in the Press-Journal of late. True "Timothy" has been very neglectful in reporting lately. If Items were as numerous as coyotes are in the valley you would hear no such complaint.
Harvest is about over, six binders have been kept busy. Three of them bought this season. If you want to see some fine crops come to Cottonwood.
Things looked pretty shocky here for a while now it begins to look stucky.
Little Freddie Loyd was quite sick with cholera infantum, about a week ago. Dr. Hartwell was called in attendance. The little fellow is much better now.

A Proconier ships a car load of horses to St. Louis this week.
Rev. Zimmerman filled his appointment at the church Sunday. There were 42 in attendance.

The Sioux County Institute closed last Saturday. The teachers all took great interest in their work and they all seemed well pleased with the progress and advancement in their studies. There was a number of eight grade pupils attended from Harrison, and over the country and their work was highly commended by the Co. Supt. and Instructors. When the students from our schools show an interest in education, that means in the future we are to have more teachers and better qualified to teach. At the close of the institute the teachers offered the following resolutions which were unanimously adopted.
Resolved, that we, the teachers of Sioux county institute assembled, extend to Supt. J. B. Burke, our sincere and hearty thanks for his untiring efforts in behalf of the educational interests of the county in general, and especially for these efforts in making this present institute so profitable for each of us, and so successful in it's general results.
Resolved further, that we recognize in Professors, Percy and W. E. Purviance, instructors of exceptional abilities, and desire this to express our appreciation of the labors they have expended in our interest for our personal and professional advancement.
Resolved further, that we appreciate the kind treatment and universal courtesy of the people of Harrison, who have opened their homes for our entertainment and have contributed so much to make our stay here so pleasant—Clarence Raum, Ona M. Hollyer, Lillian E. Harris, Susie Tupper, Esther Parsons, and Hattie O'Connor; COMMITTEE.
