Notice to Tax Payers. All personal tax that is due must be paid at once or I shall proceed to collect the same by law. John I. Davis, Co. Treasurer.

The Gold fever struck our town last week and J. E. Marsteller, D. M. Sutton and sheriff Lowery quietly rolled their beds and pulled for the lost cabin mine, well we hope the boys will strike it rich and bring back a wagon load of the filthy lucre with them.

Rev. J. C. Sloan, who has been at Hot Springs, S. D., for a few weeks recuperating, came down Saturday and on Sunday went to his home at Alliance. While he is some improved in health, he is yet far from being his former self.—Rushville Standard.

There is to be an entertainment given by the Junior League scholars at the Hall Friday evening, August 29th, at 8 o'clock. Everybody are invited to come. Admission 10 cents. Misses SUSIE TUPPER and ONA HELYER; Conductors.

Dr. Rea's Blackleg Vaccine prevents Blackleg in cattle. One dose does the business. Safe, sure. A handsome nickel plated injector is given free to every purchaser of 10 doses or more. Write to-day for treatise on Blackleg. It is sent free. The address is Dr. Chas. L. Rea, 220 E. 32d street, New York City.

On last Monday night as the east bound train was nearing Glen, 3 cars loaded with coal and 3 hobo's jumped the track, and strange to say no one was seriously hurt, although the tramps had quite a mix up with the coal. The track was torn up for a short distance and one bridge damaged. The west bound train was delayed about 8 hours.

On Tuesday morning the train bearing about 375 soldiers going home from the Philippines, was delayed in Harrison the better part of the day owing to the wreck on the railroad near Glen. They were a jolly set of fellows, and enlivened our little town by giving us music from their brass band, songs & etc. The Harrison boys furnished them with ball and bat and they favored our citizens with some of their skill as ball players, and we are glad to say they were gentlemanly and courteous fellows and Harrison will long remember their short visit with us.

Bert Martin the popular Barytone will be here in about 2 weeks and will present Edison's marvelous moving pictures, 500 subjects embracing both comic instructive pictures. Following are a few of the songs which are beautifully illustrated and sung: Sunny Tennessee, Never liked a Nigger with a Beard. You can keep your Sour Apple, and 28 others. The beautiful fairy story of Red Riding Hood will be illustrated and 12 other important views. The Concert is all O. K. and not to be confounded; Let everyone come.

BERT MARTIN.

It was our pleasure last Sunday to listen to our young friend Emery Zimmerman who is preparing for the ministry. Mr. Zimmerman has shown himself a deep and logical thinker and has that earnest way of expressing himself that his hearers are interested from the time he enters the pulpit until he closes. We predict a bright future for this young man, and we well know he is worthy of all the favors that this world may bestow upon him, and we know the cause of Christ will be uplifted and honored wherever he may go. Mr. Zimmerman has shown to the world what a man can do when he makes up his mind to do a thing and stick to it, and well might some of our young men take pattern after him, and the world would be the better for it. The Press-Journal extends a helping hand to Mr. Zimmerman and we must say we feel proud of him and the earnest effort that he has put forth the past few years for the betterment of himself and his fellowman.

Six Lives Go Out.

The most dreadful accident that ever occurred in Scotts Bluff county took place in Gering Monday noon when, by the explosion of a can of coal oil, six persons were so badly burned that all succumbed to their injuries before the next morning. C. N. McComsey was attempting to start the fire with kerosene when the gas formed by pouring the oil on the hot coals exploded setting fire to everything in the house. Mr. McComsey, whose clothing was all on fire, ran from the house and before assistance could reach him was so badly burned that portions of the flesh dropped off when his clothing was removed. Mrs. McComsey, her two children, one 2 years old and the other an infant only 2 days old, and 2 little girls, daughters of L. E. Cook, a near neighbor, and who all in the house at the time were all frightfully burned. Medical aid was quickly summoned and all that was possible was done for the sufferer but death came to all before morning.

Funeral services were conducted by Rev. Hopson, Goff and Sayre at the court house Tuesday afternoon. Burial in the Gering cemetery took place the forenoon of that day.—Scott Bluff Herald

The Harrison Public Schools will begin Monday, September 1st. As we begin the work of another school-year let us, both teachers and pupils strive to make our work as effective and meritorious as possible. The work of each successive year should contribute to the betterment of our schools until they shall be second to none. Time is not far in advance when in accord with the educational spirit of the age, our schools should merit a place on the accredited High School list of the state. By a united effort and an invincible determination let us progress to such a standard as soon as possible. We desire that parents and school officers visit our schools often during the coming year, and that each may feel perfectly free to suggest plans intended to advance the interests of our schools. While a few changes have been made in our course of study, they have been made with caution and in such a way as not to interfere with the present classification of pupils. All pupils having cards of promotion would do well to take them to school on the first day as they will be needed in classification. Those not having same would save time by making arrangements with teachers for classification as soon as possible. J. M. Stinson.

A YOUNG LADY'S LIFE SAVED.

At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Colombia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by J. E. Phinney.

CENTRAL CITY BREEZES.

There may be hearts as true
But none are truer,
There may be skies as clear
But none are clearer,
There may be homes as dear
But none are dearer,
Than in Nebraska.

How beautifully the poets express what we ourselves would say if we were "only built that way." Home again after seven weeks wanderings, and we can pity the children of Israel as never before. We lived on the fat of the land and visited pleasant people but to be 40 years on one Journey tires me to think of it. "I wonder if the poet who wrote, "Be it ever so humble there's no place like home" had just returned from a long visit. We enjoyed ourselves immensely but we were glad to get back to the pure air of Nebraska. Iowa has had a surplus of rain as well as many other places. A good deal of the small grain could not be harvested, corn looks well but is weedy. The corn in Hancock county, (where we went to visit brother Carl Knott), looked to me as though the frost would catch a good deal of it. Oats were very good there. We feasted on fresh fish there of our own catching. Iowa river is but a half a mile from Carl's house and all it takes to have fresh fish any time, is a hook and line, a frog and a very little patience, oh yes! and somebody to bait the hook and take off the fish for you. I could do the rest. I believe I said there were 53 button factories in Muscatine, on further investigating we found there were 31. The largest one employs 600 hands and it was the first factory in the United States. In looking over the Presses since our return we find the getting married, selling farms, visiting, changing locations, & etc. We wish to extend hearty congratulations to our young friends who have united their lives and fortunes and started out on the matrimonial voyage of life. Into each life there must be some dark and cloudy days, but always remember every cloud has its silver lining. "Duty and today are ours, results and futurity belong to God." If we could only grasp this truth when we learn our A B C's what a blessing it would be for all mankind. I have been feasting on Mrs. Rice's letters and glad they have reached the promised land. Hope they may find health and friends in abundance. We enjoyed a treat Thursday by the arrival of an unexpected guest who was enroute for Cozad to look after his farming interests there. Twenty eight years ago he was a pupil of ye scribe and "The mice" think there are times when they can't get a word in edge ways. It rains here, ves it rains and rains and rains so much the threshing is not likely to be done soon. Corn looks well and people here expect a good crop though it is late. We are indebted to several of our Sioux county friends for kind and interesting letters awaiting our return home, and we hope to get all answered before the girls enter school, for after that the next ten months will be very busy ones.

Central city, Aug. 25 1902, C. O.

A CURE FOR CHOLERA INFANTUM.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two day's time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by J. E. Phinney.

Quite a number of our young people took a drive down to the Bodarc church last Sunday and help make the crowd that packed the church during the morning and afternoon services, and while Rev. Zimmerman presented the spiritual food the good wives hadn't forgot the stomachs of the vast crowd that had assembled, and after the 11 o'clock service the many baskets were brought forth filled with good yellow legged chickens, pies, cakes & etc., and we assure these whole souled people enjoyed seeing those good things disappear down the throats of this hungry crowd and especially the Journal man and his corps for we were lucky enough to get the Printer's Ink from our hands and face that we might be classed with the outer world once again, and we surely feel thankful to these kind people that made us feel so kindly toward our fellowmen by filling us up on so many good things, and if this kind feeling continues the poor delinquent subscriber will get a good...
