The PRESS-JOURNAL was late getting out last week, owing to the fact that we did not get our ready-prints until Saturday, but we hope this will not happen again. By the way we notice Bro. Rice of the Valentine Democrat was in the same boat we were, part of his ready-prints got as far west as Harrison. Such is life!

Rev. J. F. Youngman leaves this week for Central City, So. Dakota where he goes as a missionary worker, and we are sure the best wishes of a host of his and his estimable wife's friends go with them to their new field of labor, and we hope that his new field of labor may prove to be a blessing to both himself and his hearers.

A Communication. Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me. —W. S. BUCHANAN, Eugene, Mo. This remedy is for sale by J. E. Phinney.

J. W. Hunter traded his ranch west of town to Mr. Guthrie for his interest in the town lots of the village of Harrison, so when you are in need of a town lot call around and see Mr. Hunter and get his price.

Charles C. Farmer of Illinois spoke to a large crowd at Andrew Hall, on Wednesday last Monday night. Mr. Farmer made it very plain that the (Woodmen of the World) is the poor man's organization, for it not only cares for him through sickness but places a mark of recognition over his grave after he has passed to the great beyond. Sovereign Farmer will visit with his son at Ft. Robinson for a few days and will go from there to Alliance.

The entertainment given at Andrews by the school last Friday evening, proved a grand success. The recitations, songs, and dialogues were well illustrated. A large crowd was present to witness the exercises; a number of young folks from Harrison attended. After the exercises the crowd was treated to pie, cake, and cookies, which were well relished at that hour. We hope it may be our pleasure to attend another entertainment of Miss Harris's school at that place.

WATER CURE FOR CHRONIC CONSTIPATION Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of outdoor exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all Druggists.

DEMOCRATIC PRIMARY CAUCUS. The voters of War Bonnet precinct are called to meet at the voting place in War Bonnet precinct on the 17th day of October, 1902 at 8 o'clock P. M. of that day, for the purpose of electing delegates to attend the convention that will be held at Montrose on October 18th, 1902 for the purpose of nominating a commissioner for the 1st. commissioners district.

P. LACY, Precinct Committeeman.

In another column will be found a call for a Primary caucus in War Bonnet Precinct. The Press-Journal does not wish to dictate who shall be nominated for commissioner but we desire to say that the first thing to consider is the qualification of the man, for there is no office in the county that a more competent man than that of commissioner, we know that a great many look upon this office as not requiring much efficiency in the way of education, but we will ask the question here, do you want a man that can directly represent you and can do his own work and thinking or do you want some one that will have to get some body else to do his work and part of the thinking? The politician or wire puller wants the latter man but the citizen wants the former, and we trust the citizens will see to it that the right man is nominated and elected for this important office.

Rev. J. C. Sloan left Saturday morning, after being in this city a week, to resume his ministerial labors at Marsland. He looks far from well yet, and has been gaining very slowly, but says he hopes to improve more rapidly by taking some exercise. A large majority of the people of north-western Nebraska know Rev. Sloan, and their prayers are for his recovery. He has worked for the advancement of the Presbyterian church for more than thirty years without rest, and slight appreciation of this was shown by the secretary of the church board, who wrote stating that Rev. Sloan's salary would be continued during his entire sickness. It was a just tribute for a lifetime of faithful labor.—Alliance Times.

A Certain Cure for Dysentery and Diarrhoea. "Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford county, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Lehigh Valley Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before sleeping and one on the route. I made my trip successfully and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by J. E. Phinney.

George Wiersham purchased 8 head of yearling steers from Jimmy Wilson Monday.

Miss Lillie Zimmerman commenced a six months term of school last week in district No 9.

Mrs. Miller and Mrs. Ross spent a very pleasant day Saturday visiting at the home of Mrs. Phipps.

Irene Zimmerman is the proud owner of a new top buggy; 'tis a fine one and now all the girls will feel bad because he is married.

Lewis Wohltheter has been busy for some time hauling a part of the old Richard home home in order to enlarge their present dwelling house.

Do not wonder any longer why Leonard Daut looks so smiling and happy; 'tis just because of the arrival at his home last week of a little son. Now Len will need all the help his friends can give him in selecting a suitable name for the young heir.

So Zekiel is afraid to hear about potatoes. We did not expect he would show the white feather so soon, even though potatoes are as large as cannon balls in Nebraska this year. What matter if they are cheap Jimmy Wilson has so many hundred bushels that he has to dig a new cellar to store them.

Emery Zimmerman left for Omaha on Wednesday of last week having spent his summer vacation here in filling Rev. Rice's appointments. That he has given entire satisfaction is quite evident from the kind words we hear spoken of him by all who have heard him preach here.

We wish him success as he again takes up the studies this winter that will better fit him for his chosen life work. M. A. C.

CENTRAL CITY BREEZES.

Central City, Nebr.

Fred happened to get hold of the Press-Journal first last week and while I was quiet busy he remarked "Lets go to Colorado." I did not understand what brought out the remark, till the next day I had time to read Mr. Rice's letter, and I thought too it must be a good place.

How much we have enjoyed her letters and how very much we miss the items from the different correspondents, if they miss but a week or so. They can rest assured that Mrs. Rice and Clio will note their absence if the home folks do not.

Zekiel we saw 30 potatoes that weighed half a bushel, and the man said he did not pick out the largest ones and he brought them away from the fair with a blue card attached to them. Don't waste unnecessary strength throwing away potatoes Zekiel, they'll make good eating for yourself and children. Potatoes have rotted badly here this year. It is hard to decide which did the most damage, too much rain, or not enough as was the case last year. An early frost did much damage to late corn, corn, tomatoes & c. The peach crop was almost a failure here this year. Two weeks ago Mr. Lewis Post with his family drove over to visit us, were very glad to see them especially as they brought us the finest sample of apples we ever ate that grew in Nebraska. Lewis is a prosperous farmer in an adjoining county and has bought a second farm since coming here. He uses improved machinery, and little Hugh does more farming than a man could possibly have done a few years ago. The College bell is again on duty telling 60 students that six o'clock is the proper hour for arising and half past eight recitations begin and continue till quarter of five: The year has begun for hard work and there will be many weary brains before the seniors earn their diplomas. Only nine boys this week, the rest will be in after the corn is harvested. We had a real soaking rain the 21st the first rain for some time. Have had a good deal of foggy weather and light showers, but this was a soaker. Our Press failed to arrive Saturday for some unknown cause, and we felt lonesome over Sunday without a chance to visit our old Sunday County friends. Probably we shall see it when this is mailed. Hope M. A. C. has time to write. C. L.

A WONDERFUL CONVENTION.

Annual Meeting of the Disciples of Christ at Omaha Will be a Record Breaker.

For the first time in the history of the United States every railroad has made a one-fare rate to a religious convention.

The convention is question is the annual international convention of the Disciples of Christ, which meets in Omaha, Neb., October 15-28, 1902. One fare for the round trip from every railroad station in the United States has been offered. Parties interested should consult the nearest railroad agent.

It is expected that upwards of 60,000 visitors will be in Omaha during the convention. Even lower than one fare may be secured from points within 500 or 600 miles if large parties are organized and excursion trains run. Try it from your locality.

The convention will be held in the Coliseum, which has been reconstructed and refurbished for the occasion. The Coliseum will seat comfortably 14,000 people. Restaurants will be conducted within the building. Rooms may be secured by addressing the chairman of the entertainment committee, one Millard Hotel.

The Coliseum was erected for Patti to sing in and 20,000 people heard her. The first national convention of the people's party was held under its roof. William McKinley spoke to 20,000 people within its walls. The great Bryan-Thompson debate was held there, and 25,000 people crowded in. Its spacious proportions are unequalled. It is an ideal convention hall and three lines of street cars are within three blocks of it.

The Disciples of Christ in the United States number 1,500,000. They have 4,500 pastors, 10,000 church organizations, 2,000 church buildings, hundreds of schools and colleges and numerous missionary stations in foreign lands. For particulars of convention address C. S. Price Omaha, Neb.
