We have added a Cannon to our office this week so we will wear all disgruntled politicians and candidates to cool down before entering our sanctum.
L. Gerlach and wife returned home last Saturday. Mr. Gerlach looks hale and hearty and no doubt he was glad to get back to Sioux county again.
To the lady getting the right number from a package of Three-Star Coffee now on sale at Marsteller Bros. will receive \$5.00 in cash. It will pay you to try it.
If you want a snap in ladies and children shoes go to GERLACH'S where you can buy them cheaper than in any eastern city. They now have a large assortment.
We learn that Rev. Youngman's health is so badly impaired that his physician has ordered him to a lower altitude. We are sorry to hear this as the Reverend wrote that he and his wife were well pleased with their new location and people.
The excitement incident to traveling and change of food and water often brings on diarrhea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all Druggists.
Condensed, Accurate, Helpful. The busiest people read THE YOUTH'S COMPANION because it is condensed, accurate and helpful. Its weekly summary of important news is complete and trustworthy.

THE YOUTH'S COMPANION, 144 Berkeley Street, Boston, Mass.
Thomas Iverson came in on the train last Tuesday and he was not alone either for Tom has found it to be lonesome going it alone, so he just went and done the right thing and got him a wife. While we are not acquainted with his wife we are with Tom and feel sure that he has made no mistake, so here is our best wishes to Mr. and Mrs. Iverson.

D. M. Sutton returned from Iowa last Thursday and he says he had a good time and had the pleasure of wading through mud once again. Well it is very nice to drift back to boyhood days even though we have to wade through a little mud, but when it comes to Sioux county she can't be surprised for beautiful weather and kind and generous hearted people, and we dare say should our boys drift from her borders they will ever remember the pleasant and joyous times they had while in their youth.

Mr. Alex Lowery was at Andrews Monday on business.

Bodarc Gleanings.
John Coffee has his assistant busy these days hauling lumber from Crawford Bros. saw mill to be used in renovating his sheds and out buildings and otherwise making things snug and warm for the coming winter.
C. E. Rose after spending a couple of weeks visiting with his mother in Harrison and friends in the valley left on Thursday for Big Horn Wyo. accompanied by Mrs. Rose and little harlie.
We learn that Mrs. Gilbert formerly of Bodarc was married Sunday Oct. 19th at Hot Springs S. D. to a well to do resident of that place a widower blessed with six children. Mrs. Gilbert was well liked and respected by those who knew her here and all will join in wishing her a long and happy life.
Last Thursday Irvin Zimmerman moved the old Burke house down to the North East corner of what is known as the Gruell claim across the road from Mr. H. Zimmerman's residence. Irvin has also dug a well on his place obtaining good water at a depth of thirteen feet.
We had the pleasure last Sunday with quite a number of others of taking dinner with Mrs. Eberspacher who certainly knows how to entertain when we saw the table fairly glistening with its weight of good things we lost our wits so to speak so much so that we failed to distinguish mutton from beef.
Our new neighbor Mr. Wickersham (who by the way is not a reverend as before intimated) is certainly a friend in need to the people of Bodarc, coming as he does at a time when we are left without a pastor as sheep without a shepherd. He has filled the pulpit for several successive Sundays and each discourse has been instructive Gospel truths which must convince his hearers of the sincere Christian principle of the man, and his earnest desire to help and benefit all with whom he comes in contact. Democrat and Populist.
You are now called as never before to stand by your ticket and especially in this county for there has been a great many little schemes worked by conniving politicians and men that are willing to sell our party for a mess of pottage so don't throw your vote and influence to men that will only laugh at you and your folly for being so foolish; we have able and competent men on our ticket from top to bottom and stand by them for then the victory is ours. Some wise acres may tell you of the great things that can be done, but don't be trapped by them for the records of both state and county is what tells the facts, and not little stories told by men that know not the truth nor would they tell it if they did. Let every Fusionist come out and vote that you may vindicate your rights as American citizens.

There seems to be a great change of heart come over the Republican party in this state in the past two years. Two years ago they had a saloon man in the field for governor and the Fusion forces had a christian man, but at that time in their estimation he was head and shoulders above the christian candidate, but today they claim the christian candidate and O my! the pressure they are trying to bring to bear upon the voter that wants good government that Muckey is the man, but we don't think such tactics as this will fool the voters this year; for the rail-roads were the dominating power in the convention that placed this meek and innocent man before the people, but a few honest delegates did not realize it at the time, and now they will stand by it or bust a suspender, but our little governor, W. H. Thompson will be our next governor, and if you want to get into the procession you had better be climbing on to the band wagon.

We cannot truthfully say that Mr. Currie, who thinks he is running for the legislature is a man that drinks. In fact we would prefer believing that liquor is too mild a stimulant for his kind of nerves. He must be accustomed to "chitting the pipe" otherwise he would never have expressed himself as desirous of seeing a law enacted that would wipe every democrat from off the face of the earth. No man whose brains are not so fogged with some kind of a drug would ever make such a remark as that.— Pioneer Garp.

Democrat and Populist.
Some of our know it all people are trying to convince certain ones that the present county board is on the extravagant order; well let's see, up to within a little over 2 years ago the county was registered all her warrants, and parties owning same had to wait for their money or see it at a discount, and the county then was paying 7 per cent interest on all outstanding warrants. A quarter section of land was assessed from 8 to 10 dollars, and personal property accordingly, but since July 1900 warrants have been cashed out October, 1902, and owing to levy of 1902 being exhausted and nothing to transfer, the county has to register her warrants again, but this is no fault of the county board, for had their instructions been carried out there would be plenty of money to pay all expenses until the levy of 1903. If any voter doubts this let him take his pencil and the delinquent tax list and satisfy himself. Tax receipts will show you what taxes you have paid in former years, so you don't need to take any man's word but figure it out for yourself.
Secretary of state Marsh has shown himself a man unworthy of the office he now fills. In filing his certificate of nominations with county clerk Baum he also sent a sample Ballot, which was decided by the supreme court 1 year ago to be unlawful. The law was passed by a Republican Legislature in 1901, and its sole object was to rob the voter of his vote and intention. Secretary Marsh was excusable last year, but after the supreme court had made this ruling, and he again sends out a deceptive copy, goes to show that the Republican party if they can't get the votes fairly they will lay their plans to count honest votes out. The scheme A as is laid down in the statute of 1901 is to place the name Democrat and peoples Independent in brackett and place one circle at the head of the ticket for the voter to vote a straight ticket. This would not interfere so much in counties where there is fusion, but all the counties through out the state don't use but put up a straight Independent ticket and then to make a cross in the circle would leave the Judges at a loss to say what was the intention of the voter and they not being mind readers would have to count the ballot out, and by so doing it would add one more vote to the Republican column, or the question was taken to the supreme court, would be knocked out, simply for the reason that there is no such party as Peoples Independent, Democrat Party. The Bee makes a paltry excuse for Secretary Marsh but the right thing for the voter to do is to retire him to private life.
Irrigated farm for sale 4 1/2 miles north of Crawford, consisting of 320 acres, 100 acres under ditch, 20 acres in alfalfa, large new house, large barn. One of the best improved farms in Dawes Co. Price \$10 per acre. Inquire of L. C. Lewis. Harrison or Crawford Nebr.

We understand that some of our citizens in the 1st. commissioners district are trying to make campaign fodder by giving out that Dan Jordan, the Candidate of the Fusion forces, has not the qualifications for a commissioner. We wonder where they get their information it surely can't be from the record of his work for that is in first class shape, both clerically and otherwise. Mr. Jordan's assessor's book for 1900 shows what kind of work he can do, and that is what the people want, and not gas. We must admit that Mr. Jordan don't make any great display of his mental abilities, but we will say that the people of the north end of the county will find in Mr. Jordan one that is fully able to take care of himself and the interests of Sioux Co. so don't believe any such statements but stand by Mr. Jordan if you want your district represented by a true Democrat, and one that can't be bought and will stand by his colors let come what will. We understand that the Republicans are trying to claim Mr. Jordan, but we understand that part of it, and we are not surprised at their actions, for they know they are up against a hard proposition and would like to fly a flag of truce if possible, but we are not built that way.

A Typical South African Store.
O. R. Larson, of Bay Villa, Sunday River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I'm favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies; all testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all Druggists.
