There was a large attendance at the entertainment and Christmas tree on Christmas eve. The entertainment was good and some good speeches were spoken by the children. After the exercises were over Old Santa made his appearance and with assistance distributed the presents & etc. The children seemed very glad to see him, and he was a jolly fellow.

Dislocated Her Shoulder. Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all Druggists.

A Card of Thanks.

Mr. James Johnson wishes to announce to the public that he is very thankful to those who so liberally contributed toward the purchasing of a horse, he losing one of his work horses some time ago.

Every Bottle of Chamberlain's Cough Remedy Warranted.

We guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia. For sale by all Druggists.

The snow has been giving the trains considerable trouble all the present week Saturday's passenger was reported ten hours late because of deep snow on the Long Pine division, and then when it did come it stuck on the big hill east of town until Sunday evening. The railroad Co. has had a large force of men "booming" all week on this section, and on Tuesday the big rotary plow came up to widen the cuts, which in places were so narrow that several car windows were demolished by the snow.

Group.

The popular group which indicates a group, is usually well known to the mothers of crumpled children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of crumple will quickly disappear. For sale by all Druggists.

Andrew Happenings.

Let us commence this year in doing good and being good throughout its course. The entertainment given Monday evening was a success and enjoyed by all present. Although it seemed the weather and trains were working against it, Andrews is hard to beat and the children spoke and sang beautiful selections. After the programme the presents were distributed, and all enjoyed a treat of candy, apples, nuts and etc., and after a good time visiting with friends, all left happy about 4 o'clock in the morning.

Miss Lillian Harris returned from her visit among friends at Warbonnet Monday evening late. Friends came also on the same train viz: Mrs. E. F. Pontius, Mr. Carroll, Mr. Dick Jordan, and Tom Plunkett. The programme did not begin until they arrived. The school house was crowded with anxious friends awaiting their coming.

Miss Elizabeth Harris, May Weber, Mr. Pete Gilmore, Hans Jensen, and Chris Hanson came up from Glen to attend the programme. Miss Harris spoke the "Square Hawk's Story" which was appreciated by all.

School will begin next Monday and we hope the scholars have had a good rest so that they can take up their studies with renewed vigor.

Andrew's first graduate was Miss Pearl Jones. She completed the 6th grade work having passed in all the branches required by Supt. Burke. We were sorry that he was not here to give her the diploma. Let other teachers try to urge their pupils to work with this in view.

We want to thank Mrs. J. R. Hunter for her delicious dough nuts given at our entertainment.

Miss Lillian was visiting her sister at Glen last week and reports an enjoyable time.

Mr. Jordan Mr. Carroll and Tom Plunkett stayed over night at Mrs. Jones last Monday evening taking the passenger for Harrison Tuesday.

We desire to congratulate the children in the coloring of their selections last Monday night and hope the weather and cars will let Andrews have its way after today that more can attend next time.

Beezes from Glen.

The Christmas tree and entertainment given at the church Christmas Eve, was a grand success in spite of deep snow and bad roads. Recitations were well rendered by the little folks. After music, dialogues, and songs, the presents were distributed, and an abundance of candy, nuts, popcorn and apples were passed around. The evening was well enjoyed by all.

Miss Cora Sowers and her pupils of Dist. No. 1 participated in the Christmas program.

A Christmas gift to Mr. and Mrs. Mortenson, a baby girl.

Our school is enjoying a vacation now. We will return to our work Jan. 5.

Died, Dec. 18th, at the home of Mr. and Mrs. Jim Johnson, their baby boy, age 7 weeks. Friends of the family express sympathies.

Mr. and Mrs. Fred Blomberg came from Whitecloud to Glen to spend the holidays.

Miss May Weber is home for vacation.

MARRIED—Mr. Robert Johnson and Miss Grace Puddy, Dec. 17th 1902. The wedding took place in Harrison. In the evening Mr. and Mrs. Johnson returned to Glen, where they entertained a party of relatives and friends. A good time was reported by all present, and the bride and groom received the congratulations and best wishes of all their many friends.

Mr. Keenan has been chopping wood on the Penn place.

A company of Glen's young folks are preparing to take in the entertainment at Andrews, Dec. 29.

War Bonnet Topics.

Christmas is over but it will long be remembered by the merry time we had at the Christmas tree at our schoolhouse.

A lengthy program was rendered by the school under the management of Miss Dorman our competent teacher. We had the honor of Miss Lillian Harris, (a former teacher of this place), presence and she favored us with a few selections which we all highly appreciated.

Miss Harris is surely a fine educationist and it is a rare treat to hear her. The Christmas tree was laden with toys and goodies, and all the children were overjoyed when "Old Santa" appeared on the scene and began to pass them around. He was a fine funny old fellow, and as he is an old auctioneer he kept up a laugh most of the time. At last when all was over every one went home with a good supply of candy, nuts and presents.

Mr. Keel and family, Mr. Paul Zsche and family, Miss Harris and Miss Dorman spent Christmas at Mr. John Plunkett's. All report a fine dinner and a good time.

Mr. Gustave Noreish and family spent Christmas at their daughter's, Mrs. Sam Knorr's to celebrate the arrival of that new boy I suppose.

Mrs. Belle Dunn and family and Mr. Jack Finley and family spent Christmas with their sister Mrs. F. S. Scott and family. They enjoyed themselves as it was the first time in many years that they were able to meet together on Xmas.

Jim Merriam and family spent Christmas at Grandpa Garretson's on the divide.

Mr. George Grimm went to Harrison Christmas.

John Anderson was out to the S-E looking after his stock last week.

Bill Hunter was at our Christmas tree. I don't know what the attraction is for Bill out here, the tree I suppose.

Ed Scott had an idea he would like to be a broncho buster like many other boys of his age, he got on a 2 yr. old colt the other day and took a bucket in his hand and the colt became unmanageable and away he ran, took a half-mile circle round and back, and then made for a three wire fence and went right through and ran about a quarter of a mile farther turned around and fell flat. Ed swung to the bucket, and stayed right "put" he got up got on the colt again (without the bucket) and resumed his journey; he did not get a scratch, the colt got a few but not bad so Ed has the broncho fever worse than ever.

Tommy Plunkett, unfortunately was thrown from his sleigh while going down Monroe last Tuesday week in company with Miss Harris. He became entangled in the lines, and was dragged quite a distance down grade but fortunately no harm was done. They resumed their journey, and stopped and made Miss Dorman's school a visit which they all enjoyed very much.

Sunday school at our school house at 2 o'clock P. M. if weather permits. All are invited to attend.

Mr. Gustave Noreish and daughter Gussie were in town buying Christmas presents last Tuesday week.

Wishing you a happy New Year.

LETTER FROM MRS. E. L. ROE.

Hotchkiss, Colo. Dec. 17-1902.

The months come around so fast for me and my Press-Journal letter gets put off a little later each time. In fact there seems to be little to manufacture a letter from except the weather. The doings of one family do not furnish enough that is of interest to any one but themselves. I have been busily engaged in getting something to eat three times a day, and improving, arranging, and adorning the new home. The men folks have been finishing and moving into the cellar, preparing for stable building, hauling wood, hay, & etc. Roy has assisted to these operations on Saturdays but his main business is going to school with rabbit shooting for a diversion.

As to the weather we are having winter. We had several days a couple of weeks ago when the thermometer went to the vicinity of zero every night, and now for three nights there has been the same record—between times there was a week of warm, lovely weather, and all the time no wind whatever. The snow came nearly six inches deep Friday night but has not blown a particle; the little branches of the bushes and weeds still have their loads. This perfect quiet is a marvel to a Sioux county pilgrim I judge by the remarks of the neighbors, that so much cold weather and snow this time of year is quite unusual. Roy reported that the young men were fixing up sleds and planning for sleighriding.

Yes, M. A. G. Colorado at least is very glad to know of the good meetings at Bodare, and I think it is safe to promise that both you and he will get letters from Hotchkiss before many weeks.

I hope nothing very distressing will happen to us before another month rolls around, but if some one would leave us a fortune or some other equally astonishing thing come our way there would be something to write about.

Emma L. Roe.

In Wyoming.

Crowded out last week.

As every one is snow bound it is very hard to get rooms.

The little child of Mr. and Mrs. Hamilton's who has been very low with spinal meningitis is now on the road to recovery. She was very low for several days, and her life at one time hung by a thread, but under the care of Drs. Pomeroy and Sparring, she is getting along nicely.

Mr. and Mrs. Hal Church, who have been in Omaha for some time, are expected home Christmas. We understood that Mrs. Church stood the operation for cancer all right and is feeling quite well.

Charles Christian who is teaching in Maxwell, was expected home on last Saturday, to spend the holidays, but up to the time these items are written he had not arrived, and we infer that he could not get out from Lusk on account of the deep snow.

Our almanac says that winter begins the 22nd inst., but it was not made for Wyoming, as our winter began the 2nd.

On that day our first snow worthy of notice, fell and from that time on we have had a snow every few days. On the 14th there was a heavy snow fall, and on the Friday a heavy snow storm began quite early in the day accompanied by a high wind, which soon turned into a regular blizzard such as eastern people talk about. It was the nearest a blizzard of anything we have ever seen, and it lasted about 30 hours.

Andrew Christian Jr. and his Cousin James Christian went to the P. O. and got lost in the blinding storm, but after wandering around awhile got home all right.

Chris Christian went to the school house after his children and lost his bearings, but as there was only a section of open prairie he eventually got home.

Mr. Zou Brunnen had not come for his children when our document left, so the teacher, Florence Christian remained at the school house with them. Whether they stayed in the school house over night or not we have not learned.

On Wednesday morning of last week Joseph Skilski started from his home on the McLaugh place to go to Harrison. He passed the home of your correspondent, about 3 o'clock P. M., exchanged his wagon for a lighter one and went on expecting to be back next day.

Well time passed and just at noon on Saturday he pulled in at our home on his way back. He had stayed Wednesday and Thursday nights with Herbert Lacy and on Friday managed to get to Lo Wilson's where he put up until Saturday morning when he started on home. In coming from Lo's to our place he got stuck and shoveled out five times, and was more than 1 hour coming 2 1/2 miles distance.

The team being completely played out he left it with us and went on his way on foot. As we haven't seen him since we don't know how he made it.

Now Mr. Press-JOURNAL we would not say anything about our winter here but your readers who live in warmer climes may not know that we are having snow here. The snow is now from 1 to 8 feet deep and cattle all have to be fed, as the range is completely snowed under.

Alcohol for Fuel. In France the excise duty is taken off alcohol if it is shown that it is to be used as fuel for motor cars. For this purpose some highly nauseous compound must be added, making it absolutely unfit to drink.
