

HARRISON PRESS-JOURNAL.

VOL. XV. HARRISON, NEBRASKA, THURSDAY, JANUARY 15, 1903. NO. 29

HARRISON HAPPENINGS

A new coal house was built at the church this week.

The Modern Woodmen will have a supper Saturday night.

Mr. and Mrs. James Johnson were Harrison visitors last Monday.

Sunday school at 10 o'clock; every body invited. W. H. DAVIS, Supt.

J. H. Wilhelmsdorfer, the jeweler, has added a neat show case to his watch and jewelry department.

Jack Cook was in from Agate Tuesday and he says they are going to have a mail route from Andrews to Agate.

F. B. Langworthy and family, who have been visiting in Seward Co., Neb., since Christmas, returned yesterday.

We have a few \$12.50 coats that we are closing out for \$10.00. Now is your chance.

Lewis Gerlach.

C. B. Hollingsworth has returned from California, and spent a few days with his family last week, and he and Mr. Hooper went out to his ranch last Saturday.

V. A. Hoster and Carl Estler came down from Lusk last Saturday evening and stayed until after the W. O. W. oyster supper, returning to Lusk on the passenger yesterday.

There will be preaching at Pleasant Ridge next Sunday morning, the 18th, at 10:30 A. M., and at Harrison on the evening at 8:00 P. M.

L. W. Horton, Pastor.

Epworth League Sunday evening Jan. 18, at 7:00 o'clock. Subject, A Message from His Word, Jer. xv. 10; Jer. xxv. 7, Acts xx. 32. Everyone invited.

J. M. Stinson, Leader.

Clubbing Offers

While you are thinking of subscribing or your yearly reading matter remember that the Press-Journal will take subscriptions to any paper on earth and save postage and time for you.

Sioux county is now without a county attorney, and will be unless the commissioners appoint one. The law that was passed two years ago done away with the election of a county attorney from the other counties of like population.

The Chadronian has changed hands. Messrs. A. M. Clark and E. S. Ricker purchasing the same. His name from this time forth will be the Chadron Times.

We predict a bright future for the paper, and its proprietors, and we will watch its columns with interest.

The commissioners are in session this week, L. C. Lewis, E. A. Bigelow, and Dan Jordan being present. Mr. Jordan sits for the first time as a commissioner and the way he takes hold of things there is no question but what the people's interests will be looked after in a business way.

We received a communication from Hewitt this week, but as it had no name attached to it could not publish it. We are glad to hear from anyone that desires to discuss the topics of the day, but we must have the names of the party writing such letter, not for publication but for our own protection. If the party that wrote this will send us his name we will gladly publish his letter next week.

Skating has been indulged in by our young people for the past week on our streets. We don't think there are many towns that can furnish a skating pond as convenient as Harrison. Good place to learn for Mother Earth being near. The ice new beginners need have any fear of breaking through when their skates become unmanageable and their bodies come down with a thud and with no special pains as to which part hits first.

Our young bloods seem to be on the war path these days. About a week ago John Coffee and Jess Hill tried the art of pugilism, and on last Saturday Dell Connor and Bud Johnson fought a couple of rounds according to the rules generally used on such occasions. Dell got his thumbs dislocated so the fight was postponed until some future day. Our sporting editor will try and be on hand when this fight takes place and try and keep our readers apprised of what is going on.

Box Social.

There will be a Box Social at the M. E. church, Friday, Jan. 23rd, given under the auspices of the Epworth League. Every lady is expected to bring a box with lunch for two. The boxes will be sold for 25 cents each. Come everyone and have a good time.

An Anxious Moment.

After a Tarkio preacher concluded his "few remarks" at a recent funeral, he said: "An opportunity will now be given to pass around the bier." Then says the Rock Port Journal "quite a number of old fellows in the back part of the room wiped away the sympathetic tears from their eyes, removed their quids of tobacco, spat in the corner, and awaited results."

Croup.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine at once and all symptoms of croup will quickly disappear. For sale by all Druggists.

Dislocated Her Shoulder.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all Druggists.

The Epworth League at its chapel meeting last week adopted resolutions condemning the actions of certain ones of our young people for misconduct at both league and church services, and they further resolved that they would enforce the law from this time forth, and last Sunday night the 1st vice president read the law as this laid down in the statute with warning to all that it will be enforced to the letter. It is too bad that church societies have to do such things but when honest means there is nothing but the cold hard law to appeal to; so boys and girls don't try to see whether this is a bluff or not unless you are ready to pay the penalty.

We have made arrangements with the publishers of the Young People's Weekly one of the best periodicals of its class, so that we can furnish said paper in connection with the Press-Journal each one year for the small sum of \$1.25 for both papers or to those members on subscription who will pay what they owe and 25 cents extra we will send the Young People's Weekly one year. Those who have paid in advance for the Press-Journal and want a first-class paper for the young folks can come in on the deal also, by paying 25 cents extra.

The Young People's Weekly has reached its marvelous success and attained a circulation of over 210,000 copies a week because its contents interest young readers. Its popularity extends to thoughtful parents who recognize in it one of the best aids in keeping young folks in healthy touch with the active world, giving them a taste for clean, vigorous reading, and presenting truths in their most attractive form.

Oyster Supper.

On last Tuesday night the Woodmen of the World held their annual oyster supper, and there was a large crowd in attendance and every one seemed to enjoy themselves. The tables were laden with turkey, chicken, cake, pie, and everything that was good, and oysters in abundance. Sovereign J. E. Marsteller looked after the oysters and the coffee, and they that have partaken of Sov. Marsteller's cooking know the flavor of the oysters and coffee.

After supper games of all kinds were played and a general social time was had all around. Sovereigns Gezloch, Hester, and Estler favored the Camp and its visitors with some fine selections of vocal music, and the night will be long remembered by all that were present.

STOCK REPORT.

South Omaha, Neb., Jan. 14, 1903. The cattle market last week showed it good healthy tone until Friday, when, in sympathy with Chicago, where receipts were heavy, prices slumped off here 10 to 15 c. We believe anything like heavy receipts will bring a further decline in the market. Two days this week being 35,000 in Chicago and a lower market but our market is fully steady. We quote best beef steers 5.00 to 5.50 good 4.50 to 5.00, fair 4.00 to 4.40; choice cows 3.40 to 3.75, good 2.85 to 3.30, canners and cutters 1.75 to 2.50. Stockers and feeders steady; good 3.75 to 4.25, fair 3.00 to 3.60. Bulls 2.50 to 4.00; veal 4.00 to 6.00.

Hogs are strong and higher. Prices range from 6.35 to 6.60.

Sheep prospects light; prices strong. No feeders.

	Killars
Lamb	\$5.00-5.60
Yearlings	4.50-5.00
Wethers	4.25-4.30
Ewes	3.25-4.00

Andrews Happenings.

Mrs. L. D. Bassett went down the line last Saturday night on the train. It is uncertain when she will return.

Miss Pearl Jones is now taking up 9th grade work having finished the 8th grade last term.

Mr. and Mrs. DeSauter were visitors at Mrs. Chris Christensen's last Saturday evening.

Mr. Wm. Fall was a visitor at Harrison last Saturday. He went to investigate dental work done, and brought the mail with him.

Mr. Billy Mann is recovering slowly. We hope he will soon be well again.

Pearla May Jones stayed over night with Clara Christensen while her folks went to Crawford.

There were only a few present at S. School last Sunday owing to the severe coldness of the day; however the lesson was read and as there were only a few there was only one class. The scholars had a good lesson, and God has said: "If few meet together in my name I will be with them and bless them." When we think how much He has done for us, we ought to be glad to spend an hour or two singing praises and studying his word. Pray that we may keep this work a going, and with your help and prayers it will be a success.

The above promise is broad enough that all may be blessed if they are only willing to receive it. Every father and mother in every community should see that there is a Sunday school and make it more prominent and interesting by being a part of it. It is true that the weather has been unfavorable for Sunday schools in the country and we feel sure that people at Andrews had the most of a Sunday school and we trust the few that have met enough will take such an interest in the work that as soon as the weather permits the people from the country will find a warm welcome and can add their strength and presence in keeping the Masters work a going.

Editor.

War Bonnet Topics.

The coldest weather of the season has been the past week.

It was too cold for Sunday school, only a few present.

Mike Ruffing was down from Wyoming he reports cattle dying from starvation and want of water, he says horses are also in bad condition.

Mr. Paul Zerbst has been up in Wyo. the past week looking after stock.

Tom Plankett has left these parts to work for Peter Peterson.

Will and Sube Grimm was on the sick list last week losing two days of school.

Miss Nellie Scott taught school one day last week. Miss Larman being under the weather.

Sunday school every Sunday at the residence of Gustave Norosch. All are invited to attend. At 10 o'clock A. M.

Mrs. Jack Finley went to Harrison last Saturday and rode the goat so now she is Royal Neighbor indeed.

Grandpa Lyons has been staying at Bob Keen's for the past week, and visiting with old friends and neighbors.

They visited at Jim Merriams last Friday and returned to Harrison Saturday. Fain afraid he found the atmosphere much different from where he just came from.

Bill Harvey's smiling features are seen once more among us. Bill has no wife or children to welcome him home but his many friends and neighbors will be glad to have him with them again.

Mike Ruffing was wending his way to Wyoming Sunday with a big load of provisions and feed. He surely had a hard trip as it was severe cold.

F. S. Scott was over on Hat-creek on business last week. He stayed over night with Crawford Bros. and reports everything flourishing at the mill.

Sunday school as usual at our school house at 2:30 o'clock P. M. Come one and all.

Last Thursday evening a number of friends and relatives gathered at the home of Mr. Frank Hubbard, it being his wife's 20th birthday. They enjoyed themselves with games & etc. until the wee hours of morning. All report a good time.

PERRY.

Carey Items.

Miss Ivy Spence came home from the Chadron Academy Monday.

Flood bark is spending the holidays with the Spence family.

Walton Swanson's home again. He intends to hold down his claim and care for his father's cattle the rest of the winter.

The entertainment given at the church last Tuesday evening was a success. There was a fair sized crowd, and all seemed to enjoy themselves.

A nice number of friends gathered at the South home to enjoy a beautiful dinner, and spend the first day of the New Year. Among those present were the families of Messrs. Evers and Parks.

There was a dance at Anton Kratz's last Saturday night. Not many were present but all seemed to enjoy dancing as they kept it up until after day light Sunday morning.

Jan. 5th the Mrs. P. O. was moved from the residence of C. U. Grove to the residence of Anton Kratz. It went on horse-back with the new postmistress Mrs. Mary Kratz in the saddle. As Symantia would say "Carey P. O. on horse back looked rather queer." During the short time it has been established I think all have come to realize that it is a great benefit to the neighborhood but we should also remember, it is a nuisance to the postmistress and financially there is nothing in it, for that reason we should show our appreciation of her kindness by mailing our letters at the home office and not carry them to Crawford where the cancellation benefits no one.

The Chadron Academy young folks returned to their school work today Monday.

The weather is very mild, snow almost gone.—We had our first rain this year last Saturday night.

TIMOTHY.

Our items seem to be out of Jack lately. Two weeks ago they were not printed and last week owing to the confusion of the change in the office they failed to get in the mail sack and laid over until Saturday.

Chas. Grove returned from a two weeks visit in Iowa last Tuesday. While there he attended a family reunion and reports a very pleasant time, but thinks Iowa weather is colder than Nebraska.

Last Wednesday while deliv'ing meat in Crawford Anton Meekem met with quite a serious accident. In attempting to cross the B & M. R. R. track near the section house his team and wagon were struck by the pusher as it was returning from Belmont. The wagon and harness were demoralized, both horses injured, one so badly it had to be killed. Anton only escaped by jumping from the wagon.

Before returning to his home James Stuart disposed of his farm on Little Cottonwood. Amos Price was the purchaser. Consideration \$2500.

T. P. Golden is at home again. He shipped sheep and then spent a few weeks visiting friends and relatives in Iowa.

TIMOTHY.

In Wyoming.

We'll try again. It seems that our items either get snow-bound, and are delayed until after press day, or fail to reach their destination at all.

As these items are being written on Saturday night Hicks first January storm is on time. It is raining, something unusual for this month, but will no doubt turn to snow, and a blizzard will follow of course.

Several from the Ridge made the trip to Harrison last week; it took two days to get there and back so we hear.

Mrs. George Davis was taken very sick the first of last week. Dr. Finney was called, and at this writing she is slowly improving.

Rev. Horton accompanied by Prof. Stinson came out to the ridge last Saturday and returned home after services on Sunday.

How about that telephone line from here to Harrison. Now is a good time to inaugurate the question while everyone is shut in and hungry for news from town.

Miss Jennie Kirtley, a former resident of this part, but now of Hot-Springs, S. D., visited several days with friends here last week. She left for her home on Thursday's train.

We learn that Harry Foncher has bought the Charles Thomas home-stand in the S. W. part of the settlement. Consideration \$700.00. Cheap enough.

The Arkansas fever has struck this part of the universe and several are badly afflicted by it. If there were land buyers enough to buy out all who want to go Arkansas would get a lot of good citizens from Wyoming.

We were greatly pained to read of the tragic death of an old and tried neighbor associated of ours who with his daughter was killed by a way freight near the little town of Bayard lower our old home for years before coming to Sioux County in 1890. John Duffy and daughter Nellie were struck and instantly killed by a train at a crossing about 1/4 of a mile east of the town a few days ago. For several years we lived just across the road from air, ruddy and knew him to be a friend indeed and have good reason to feel sad to hear of his tragic death.

It seems that Converse County is going to put a special tax on the barns, and try to discourage single blessedness here. We know of two single men who were taxed two polls each. Also one man who owns no real estate nor improvements still had to pay tax on \$50.00 improvements.

The above items were written for last week's issue but failed to get to the P. O. Last Saturday night was the coldest of the winter so far. The thermometer registered about 3 degrees below zero on Sunday morning but a strong wind made it very cold.

We are glad to note that Mr. and Mrs. Chad Church arrived home last week. Mrs. Church's mother did not come with them as was expected on account of sickness.

Although we have had a long and very severe winter we have not heard of any serious loss of cattle in our settlement but every one is watching with anxious eye for the snow to take its departure.

As ye scribe has not been away from home for six weeks it is very hard to collect news.

We are glad to know that Mr. and Mrs. Press Journal had an enjoyable visit with friends in eastern Nebraska and was able to call on Chio and family.

ZERILL.

Finances of St. Louis. St. Louis this year stands upon her own financial basis with reference to money to move western crops; in other words, her bankers are asking no favors of New York. The world's fair ought to witness the fact that St. Louis is the financial center of the great central west.—St. Louis Star.

A great Difference. Dr. Varnadoc, a noted professor of Greek, is very fond of flowers, and some days ago on returning from his college duties, he found in his front yard a petiferous calf belonging to a neighbor. The doctor gave chase, and the animal plunged toward the flower pit, and in another instant crashed through the glass cover and mixed with the pots and plants below. When another professor passed a few minutes later, he said gravely: "I do not understand, Dr. Varnadoc, why you object so seriously to having a modest cow-pit added to your fine collection of plants." The doctor's frowning face relaxed, "Ah, Sanborn," he retorted, "you see, this was only a worthless bull-head."

Presiding Elder Schannhorn occupied the M. E. pulpit last Sunday morning and evening, and preached two good sermons. In the morning his sermon was much in the nature of a new year's message, and his remarks on the salt of the earth made considerable impression, especially when he emphasized the rubbing in part. The burden of his task was christian progress, and he made it strongly applicable to the new year. The world, as a whole, was better to day than yesterday, and the christian in the new year should resolve to be better than he was last year. We did not hear the Sunday night sermon, but a member of the church told us he had a message for everyone. Rev. Schannhorn's days are drawing shorter, and one cannot think of his kindly face and rugged character without admiration. He represents a type of preacher that is dying out, and is without doubt one of the most picturesque characters in Sheridan County. He might be compared to Baxter and some of Ironwell's Ironsides who were soldiers in the Civil War and afterwards became soldiers of Christ. These men were not University men, they were native born preachers, like the "fishers of men," and conviction was deep in their character. Brother Schannhorn is without a shadow of doubt, the best natural born preacher we have heard, and we have heard a few. He can preach a practical sermon and drive home a simple message to any but a heart of stone, and he stands for all that is pure upright and noble in the land.—Rushville Recorder.

Strike Among Ants. Certain kinds of black ants have little yellow ants which do most of their work for them. Once in a while these little yellow fellows will go on strike, and the "blacks" try to force them back to work by cutting off their food supply. If that does not succeed they will attack the strikers in force or make a raid and get another gang of "yellows" into the colony. But the newcomers as a rule join the strikers. The strike ends by the "yellows" capturing and founding a colony for themselves, or they give in and settle down to work again.
