Dislocated Her Shoulder

Mrs. Johanna Soderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For Sale by all Druggists.

We have made arrangements with the publishers of the Young People's Weekly one of the best periodicals of its class, so that we can furnish said paper in connection with the Press-Journal each one year for the small sum of \$1.25 for both papers or to those in arrears on subscription who will pay what they owe and 25 cents extra we will send the Young People's Weekly one year. Those who have paid in advance for the Press-Journal and want a first class paper for the young folks can come in on the deal also, by paying 25 cents extra.

The Young People's Weekly has reached its marvelous success and attained a circulation of over 210,000 copies a week because its contents interest young readers. Its popularity extends to thoughtful parents who recognize in it one of the best aids in keeping young folks in healthy touch with the active world, giving them a taste for clean, vigorous reading, and presenting truths in their most attractive form.

Sunday school at our school house at 2:30 P. M. all are invited to attend. Mr. Burke must remember our superintendent has left us.

FRONT.

Croup

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all Druggists.

On our recent visit to Alliance we were very much pleased with this hustling and bustling little city of the north west, and her people are of the true western type, full of congeniality and hospitality. It was our pleasure to meet the representative men of this city, and receive the hearty welcome that is extended to all visitors. We had the pleasure of meeting Hons. W. R. Akers and F. M. Dorrington Register and Receiver of the U. S. Land office, and found them very affable gentlemen, and we are sure the government officials made no mistake in retaining these gentlemen to look after their interests. We also had the pleasure of visiting the High School under the supervision of city Supt. Bartz and found everything in excellent condition. Our next visit was with the genial quill pusher of the Alliance Herald one of the most popular papers in the northwest and here we found a hearty welcome for the few minutes we had to stay, and taking it all around Alliance is one of the most prosperous and hospitable cities of the north west.

The box social that was given under the auspices of the Epworth League last Friday night proved a grand success. There was a large crowd and as the ladies placed their well filled boxes into the hands of the receiving committee there was a broad smile discernable on the faces of the old bachelors present, knowing that their chance was very good this night in getting to dine with the best looking lady in the house. Well we can't just say how the bachelors fared in receipt of their ticket purchased, for it took all our time getting on the outside of the well filled box that we were so lucky in getting. We want to say that Harrison beats all towns for suppers, and we have the ladies that know how to prepare them. We did think for a while the hind leg of a Jack rabbit was quite a feast, but when it comes to fresh oysters, chicken, cake and all such good things, and to mix with the smiles of our bright young ladies every week goes a long way in making us more thoughtful and merciful to the poor delinquent subscriber. Let's have another supper.

At the conference of the state superintendent, and county superintendents held in Alliance on Jan. 20th, it was decided to have a Junior Summer Normal provided the state legislature would help by making an appropriation for the purpose of hiring instructors & etc. This summer normal is badly needed in the northwest and we hope the legislature may be fully approved of the needs of such institution. The county superintendents of the different counties that were assembled at Alliance are a committee of one to see that their county is represented at Lincoln before the State legislature if need be, for the passage of the house roll No. 100 which provides for these Junior Normals. Alliance has a large school building and the state and county superintendents were given to understand by the citizens of Alliance that should a Junior Normal be established at that place the building and apparatus would be furnished them free and also that every effort would be put forth to make it pleasant for the teachers. This Normal if established will last for a term of ten weeks and no teacher in this part of the state needs to be without a Normal course and training. The teachers of this county will find in the columns of this paper later on what will be done by the Legislature in regard to this Normal school.

Andrews Happenings

Mr. Carl Boehrs has been sick but returned to Mrs. J. R. Hunters Sunday to begin work again.

Mr. J. D. Proctor went to Harrison Saturday on horseback and sent the mail down on the freight by Mr. J. H. Hasburg.

Mr. Chris Christensen went to Harrison Monday to get his check cashed.

Clara Christensen and Pearl Jones visited Mrs. J. R. Hunter last Sunday afternoon. They enjoyed their visit very much.

Miss Eva Proctor was absent several days from school last week. She had trouble with her eyes. She is back this week and the scholars and teacher hope

she will be able to attend regular as they all missed her so much.

There was no S. School last Sunday. Misses Hellyer and Tupper, Mr. Conrad Parsons and Mr. Williams came down for S. School last Sunday. As there was none they called at Mrs. S. E. Jones. Their visit was appreciated very much and we hope that they will come again.

Mrs. S. E. Jones went to Harrison last Wednesday week returning the same evening on the passenger.

Mr. Hagerman was at Harrison Monday on business.

Mrs. Hagerman went to Crawford Tuesday; She expects to return the following day.

The pupils each received a present of a tissue paper-lol last Friday afternoon for good lessons and deportment.

Mr. DeSomer went to Harrison on business Monday.

Mrs. DeSomer visited Mrs. Christensen Tuesday last week.

Mr. Wm. Fall went to Chadron last Thursday evening on very important business—to see his sweetheart. He returned Monday. We expect to hear wedding bells ringing soon.

Mr. Hagerman went to Crawford a week ago last Wednesday to have Dr. Meredith examine his foot again. Mr. Fall went with him and they returned Thursday and report the foot doing nicely.

Mabel Christensen was sick Monday and not able to be in school that day.

Ed Marshall went to Harrison Sunday to celebrate his twentieth birthday.

Mrs. Neece and son went to Chadron last Thursday week on the evening passenger. As the train was late she visited several friends here.

Mr. Cook's son Harold came up from Lincoln where he has been attending High School, and Mr. Cook met him at the train. He will remain here for some time.

Mrs. Graham and Mrs. Cook and her son John came up from Lincoln week ago last Tuesday. They had been keeping house for Harold Cook while he attended school.

Breezes from Glen

Mr. and Mrs. Johnson have gone to Colorado. We hear that they are doing very nicely there and that Mrs. Johnson likes her new home very much.

Our second term of school began last Monday.

A brother of John Blomberg is visiting at Glen.

Mr. Weber helped Mr. Cramblet butcher last week.

Carl Boehrs was at Glen last Sunday. He has been visiting in So. Dakota among friends and relations. He likes the country there very much and expects to go back in the spring. He spent Sunday at Mr. Webers and has gone to work for Mr. Hunter.

The LaGrippe has been in our neighborhood lately. Mr. Petersons children were sick last week with it.

Several of our neighbors have been hauling hay from the fort.

Mr. Adams and Mr. Peterson have been hauling cord wood.

Hotchkiss, Colorado, Jan. 21—1903

If I just had a blizzard to report or something of the kind it would at least add variety to my narrative, but there has been no variety in the weather for December and January. The snow just nicely covers the ground and neither blows or thaws away. Day after day the sun rises and shines brightly but does not succeed in raising the atmosphere above freezing, and at night down goes the mercury to two or three to ten degrees above zero. I put my clothes in the bushes and let them stay out for two or three days and freeze dry, and not once has there been wind enough to blow off a handkerchief; what do you think of that, ye housekeepers of Nebraska, who can hardly keep your clothes on the line for the wind? Yesterday and today there is a change to the extent of clouds over the mountains and above us sending down a little dust of snow; don't know whether it means a change or not.

New Year's day was made pleasant to us by a visit from our Cottonwood friends, Fred Bendix and family. There was much talk about old friends and the ears of some Nebraska people must have tingled. Mr. Bendix has decided to remain here the coming year and has rented the same fruit farm he managed last year. Mrs. Bendix's friends will be glad to know that her health is better here than in Nebraska.

I will take this opportunity to say to the members of the Womens Missionary Societies at Bodarc and Union Star, that Mrs. Bandy is now in California and

there is a possibility that she may be present at the Presbyterian meeting this spring; when date and place are more fully determined I will notify you through these items, but I want to urge you to plan to send delegates if possible.

Mrs. Bogue, our new president, wants to meet you all and plan with you for future work. She can not hold a successful meeting alone or with only the women of her own church present. She needs you if the Womens Presbyterian Society is to continue; some of you must go—the missionary cause, the cause of Christ, needs you there. If no one feels able to pay all the expense of going can you not help your delegate by a social or a collection and send her?

Another thing I know you are already planning for the spring offering. We of Box Butte Presbytery are asked to try for \$50 dollars this year an advance of \$10; that means that every society must do as much as last year and more if they can. Bodarc sent \$10 last year, Union Star \$11.25. This is not Francis Paul money remember, but money for women's work that goes to Mrs. C. McMillan of Crawford our Treasurer and the last of it ought to be sent by March 1st; if some went in October all the better—so much is due. The way to do this is for you to take the money you promised to the treasurer soon without waiting for her to ask you. Make it a little bigger than you promised if you can. Think of somebody else who might give if asked and ask. I hope for good reports from both societies. Remember snow storms and various other things may interfere if you wait too long. It was small pox one year, I hope it won't be this.

Reports from eastern friends make us glad we are out of the range of the coal strike. My 5 other is up where a new mine is being opened up 20 miles or so up the river; he writes of a town of fifty tents and three shacks—all centering about a coal mine. There are other mines nearer us and all seems to be pretty good coal.

Some of our friends may have heard that Mr. Rice was sick and will be glad to know that he is as well as usual again. We have sent our team out to pasture until spring opens up again, and so we are staying very closely at home. It seems strange for such gal-a-bots as we, not even to be able to go to Sunday School, but we expect to enjoy that privilege again before very long.

We are pleased to note that the Sunday Schools at Andrews and Warbonnet don't propose to close for cold weather. Sioux county will surely have two new S. Schools to take part in the convention next year. I am sure the four staidbys will be delighted to welcome them.

BIBLE HAS A PLACE IN THE NEBRASKA SCHOOLS.

Supreme Court Modifies Its Former Decision in the Dan el Freeman Case

Good Book May Be Read Providing the authority for So Doing Is Given the Teacher.

Special Dispatch to the World-Herald.

Lincoln, Neb., Jan. 21.—The question of the use of the Bible in public schools brought before the supreme court by Daniel Freeman of Gage county, was again passed on by that tribunal today. The previous decision of the court, which was to prohibit, in effect, the use of the Bible in schools, is adhered to, in the opinion by Judge Sullivan denying the motion of the defendant for a rehearing, but at the same time it is modified in a very important point.

The court now holds that the law does not prohibit the use of the Bible in public schools; that it is not proscribed either by the constitution or by the statutes unless the practice of reading therefrom takes the form of sectarian instruction. This modification of the court's former ruling will doubtless be hailed with glad acclaim by the church people of the state who were very much exercised therewith. Following is the syllabus:

"One—The right of all persons to worship Almighty God according to the dictates of their own conscience is declared by the constitution of this state to be a natural and inalienable right.

"Two—There is nothing in the constitution or laws of this state, nor in the history of our people upon which to ground a claim that is the duty of government to teach religion.

"Three—The whole duty of the state with respect to religion is to protect every religious denomination in the peaceable enjoyment of its own mode of public worship.

"Four—Enforced attendance upon religious services is forbidden by the constitution; and pupils in a public school can not be required either to attend such services or to join in them.

"Five—A teacher in a public school

being vested during school hours with a general authority over his pupils, his reports are practically commands.

"Six—It is immaterial whether the objection of a parent to his children attending and participating in a religious service conducted by a teacher in the school room during school hours is reasonable or unreasonable. The right to be unreasonable in such matters is guaranteed by the constitution.

"Seven—The law does not forbid the use of the Bible in the public schools; it is not proscribed either by the constitution or the statutes and the courts have no right to declare its use to be unlawful because it is possible or probable that those who are privileged to use it will misuse the privilege by attempting to propagate their own peculiar theological or ecclesiastical views and opinions.

"Eight—The point where the courts may rightfully interfere to prevent the use of the Bible in a public school is where recitation use has degenerated into abuse; where a teacher employed to give secular instruction has violated the constitution by becoming a sectarian propagandist.

"Nine—Whether it is prudent or politic to permit Bible reading to the public schools is a question for the school authorities; but whether the practice of Bible reading has taken the form of sectarian instruction is a question for the courts to determine upon evidence.

"Ten—It will not be presumed in any case that the law has been violated; every alleged violation must be established by competent proof."—World H.

a railroad graveyard.

What is called a railroad graveyard has been established by the New York Central at Rochester. Hundreds of cars, put out of service by wreck or condemnation, are there torn apart and destroyed. The work requires not only physical strength, but mechanical training. The man must submit to the strain of hammering, pulling rivets and untwisting, which is imposed upon him, without complaint. It requires endurance, patience, skill, strength and activity to be a railroad car undertaker.
