ST. PATRICK'S BALL.
There will be a Ball given at the Hall Tuesday evening March 17th, in honor of St. Patrick. Come everybody as this will be the last dance for this season. Spectator's fee will be the same as before.
E. C. LUND.

The scratch of a pin may cause the loss of a limb or even death when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and quick healing liniment for cuts, bruises and burns. For sale by all Druggists.

Card of Thanks.
We can not express our gratitude with words to the good people of Harrison for their kindness and aid during the illness and death of our son and brother Roy. We will simply say they have hearts of gold.
MA. and MRS. B. B. DAVIS and CHILDREN.
Epsworth League.

At the M. E. church every Sunday evening at 7:30 o'clock. Everybody invited. Subject for March: The Young Christian's Standing Ground. Subject for March 1: Total Abstinence the Only Safe Rule. Dan. 1, 8-15; 1 Thes. v. 22; 1 Peter ii. 11.
JOHN L. DAVIS; Leader.

We are glad to say that Andrew McKinley, who we reported last week as being seriously hurt from a fall, from a load of hay, is improving as fast as could be expected under the circumstances. He can't lie down yet and takes but little nourishment but his rest is fairly good and as soon as the soreness leaves his shoulder and side he will be at himself again.
As we go to press we learn that Mr. McKinley is feeling worse.

Call for bids.
Sealed bids will be received by the Director for the construction of a school-house in District No. 19 Sioux County Neb., until March 10th, 1903. Plans and specifications are on file with the Director. The Board reserves the right to reject any or all bids. School Board Dist. No. 19.

HERE AND THERE

They will cleanse and invigorate your stomach, regulate your bowels, give you a relish for your food, and make you feel that in this old world is a good place to live. For sale by all Druggists.

With this issue ends the first year of our work as publishers of this paper, and we truly thank our friends for their liberal patronage, and to our correspondents we feel under lasting obligations for their untiring efforts in furnishing us the news from their respective neighborhoods. We hope that in years to come we may continue to hold the *PRESS-JOURNAL* in the rank that she has held in the past 14 and one half years.

Died.
Roy Dunn, the oldest son of Mr. and Mrs. Benjamin Dunn, died last Sunday morning Feb. 23 after a lingering illness of several months. He was born August 11, 1888, and was 18 years, 6 months, and 11 days old. He never had been very strong since he was 4 years old, and God in His all wise way seen best to call him to a home where there is no pain or sorrow. Services were conducted by the Rev. Horton at the residence of Mr. Dunn at 2 o'clock P. M., and the body was laid away to rest in the Harrison cemetery.

The *PRESS-JOURNAL* extends sympathies to the bereaved parents and sorrowing friends.

On our visit to Alliance, Marsland and other points last week, we found the snow very deep, and crusted to such an extent that it is almost impossible for stock to reach the grass. Considerable loss is reported at different points and it seems only a question of stock bucking providence, and we fear that some of our stockmen will realize that snow and wabes can not be relied upon to carry stock through the winter. We do not like to chronicle such news, but such are facts and we hope that in the future stockmen will be more careful and not overstock their ranges, for it is shameful to have stock perish for want of food and shelter.

We were pleased last Sunday night to listen to Captain W. R. Akers of Alliance give his lecture on Jerusalem, at Marsland in behalf of the Christian endeavor of that place. We have heard several lectures given on the Holy Land but never have been able to hear one that could give such a life like presentation of the subject as did Mr. Akers. There was a large audience, and from the attention given by all present, we was not the only one present that enjoyed it. We learn that this lecture is only the forerunner of a lecture that he is preparing on the Holy Land; well if it is to be any better than this one was, we will wait in anxious suspense until we hear it. The singing by the Marsland choir was second to none that we have heard in any of the towns that we have visited.

Tendency of the Times.
The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by all Druggists.

Mr. William L. Baldwin died suddenly last Saturday morning about half past four o'clock. Mrs. Baldwin gave him a drink of water several times during the night, and the last time was about four o'clock, and later on when she called him to get up he was dead. He has been suffering from a bullet wound received in the Civil war, and no doubt this helped to bring on his death. Mr. Baldwin came to Sioux County in 1894, and has been one of her respected citizens ever since. The *PRESS-JOURNAL* extends sympathy to the bereaved wife, and relatives.

OBITUARY.
William L. Baldwin was born July 25 1854, and died February 21, 1903 being 68 yrs. 6 mos., and 26 days old. Mr. Baldwin enlisted as a private in Company B 27th Regiment of Iowa Infantry volunteer on the 9th day of August 1862 and was honorably discharged on the 16th day of May 1863. The funeral services were held in the M. E. Church last Sunday. Rev. Horton officiating, and the body was laid to rest in the Harrison Cemetery until the last roll call which shall bring us before the one, that shall judge the quick, and the dead.

War Bonnet Topics.
Our school will close next Friday Feb. 27th. will have exercises in afternoon all are invited to come.
Mr. Keel, Mr. Zerbat and Mr. Plunkett visited the school Friday, and Mr. Plunkett delivered a very nice address to the scholars.
I think perhaps we will have some nice weather as that sale is over.
Bill Harvey was at the school some last week. I guess he is renewing his youth.
Tom Plunkett visited the school one day last week.
Mrs. Belle Dunn and family and her brother Jack visited with Mrs. F. S. Scott and family Sunday. Miss Olivelette went home to resume her school in Harrison as this school which she has been attending closes next Friday.
Mr. and Mrs. Keel were at Mr. Burke's visiting last Saturday.
George Garrison called at Scott's Sunday.
Wesley Cannon is staying at Gustave Noreisch's.
Sunday school as usual at 2:30 P. M.
Sunday Grimm and sons and John Mark king hauled hay from the Biehle place this week.
PROG.

Bodarc Cleanings.
Most of our young people went to Harrison to attend the dance Friday evening. We presume they had a good time.
If the ground-hog sees his shadow the second he was lucky from the present indications of the weather he won't live to see it again poor thing.

Miss Annie Miller came home from Chadron sick on Friday since which time she has been having a pretty hard struggle with the measles. At present writing (Tuesday) she is some better.
Mr. and Mrs. Brown and daughter Maude were visiting at Mr. H. Zimmerman's last Thursday.
Mr. Antim has recently lost three head of cattle from blackleg.
John Berres has lost three head the past week but has not decided yet the cause.
We learn that along soldier creek Canyon and vicinity the loss in cattle has been very heavy the past few weeks owing to the cold and scarcity of feed.
John Ebenbacher has added another 180 acres to his farm.
J. L. Anderson was around Tuesday exercising a new buggy team he has just purchased.
M. A. C.

We have made arrangements with the publishers of the *Young People's Weekly* one of the best periodicals of its class, so that we can furnish said paper in connection with the *Press-Journal* each year for the small sum of \$1.25 for both papers or to those in arrears on subscription who will pay what they owe and 25 cents extra we will send the *Young People's Weekly* one year. Those who have paid in advance for the *Press-Journal* and want a first class paper for the young folks can come in on the deal also, by paying 35 cents extra.
The *Young People's Weekly* has reached its marvelous success and attained a circulation of over 210,000 copies a week because its contents interest young readers. Its popularity extends to thoughtful parents who recognize in it one of the best aids in keeping young folks in healthy touch with the active world giving them a taste for clean, vigorous reading, and presenting truths to their eyes in attractive form.

Carey Items.

Mr. Editor: We were too busy to write items last week, and in consequence your readers didn't get to hear that it was most "horribly" cold down here the fore part of the week; That there was a baby girl born at Nick Lovd's on the 12th inst. and another one at C. U. Groves on the same date, and that John and Anton Mucken each marketed a big load of dressed hogs at Crawford etc.

The weather is warmer this week and everybody is happy.

Mrs. Mattie Todd, who has been in Crawford for several weeks doctoring for her health, is so much improved that she was able to return this week to her home on Indian creek.

Foster Spanna is buying horses to take back to Wyoming with him; He expects to start back overlaid some time this week.

Mr. and Mrs. T. F. Golden were called last Thursday to Eldora, Iowa by the serious illness of Mrs. G's mother. TIMOTHY.

Andrews Happenings.

The Bug at Glen better wake up and report!

Mrs. Chris Christensen and daughters Clara and Mabel went to Harrison Friday morning on the passenger to visit with relatives a day or so. They returned Saturday evening.

Mrs. S. C. D. Bassett went down the line Friday. It is uncertain when she will return.

Mrs. S. E. Jones received word of her husband's death Saturday. She left everything and went up on the morning passenger. Mr. Jones went up as soon as he could dispose of the mail. Our sympathy and prayers are with these people in their hours of sorrow for the departed one.

Mr. W. L. Baldwin of Harrison died last Saturday morning. He had been having serious heart trouble for some time and this time he was unable to conquer it. It was reported that he was up town the day before and when he reached home he complained of being tired and having pains near the heart. He was called to leave this earth so suddenly that we should take a warning and prepare ourselves to be ready to meet our God at any moment. We trust he is with God.
Mr. Jack Cook came from the east Friday and called on friends here.

Pearl Shepherd had a birthday Saturday. She was 11 years old. Thomas Jones's was the following day. He was ten years old.

Mr. Wm. DeSomier and wife took dinner at Mrs. Hagerman's Sunday. They spent a pleasant time there.

Mr. and Mrs. Fall, Pearl Jones, and others took dinner at Mrs. D. W. Shepherds last Sunday.

Mrs. D. W. Shepherd visited our school last Friday afternoon and was well pleased with the work done there. We hope she can come again.

We miss Peggy very much when she fails to report. We hope she won't get snowed under again like the ground hog was.

Mrs. S. E. Jones returned here Monday evening on the passenger.

Pearla Jones missed school Monday to help do the work until her mother returned.

Time is precious this week and owing to an extra rush in business I will "saw off" but not on some one else's wood pile.

The western people do not look for the ground hog - but for the bear to see his shadow. The ground hog is frozen stiff. The bear wanders around and as the sun doesn't shine fails to see his shadow.

Thanks to the Harrison Sun for the compliment given! May be if he had such a warm reporter it would melt some more of the snow, for I noticed the snow melting for the first time this winter when I read one of my warm items in his paper. How's that for "Buds and Blossoms" in the winter time? The flowers are even blooming here now.
"Buds and Blossoms"

In Wyoming.

John Davis made a trip to Harrison on last Friday returning on Saturday. It takes two days to make the trip to town from here now.

Francis Duell has entirely recovered from his sickness, and was visiting friends on the Ridge the first of the week.

There was a Valentine party at the residence of Mr. and Mrs. C. L. Christians the night of the 18th. There were 21 present besides the family, and all enjoyed themselves hugely. A good time was had by all.

There were games, and plays, singing and instrumental music. The weather being very cold the guests did not depart until daylight when it was found that the thermometer marked 30 degrees below zero.

The Misses Florence and Nellie T. and Nellie M. Christian visited with us scribe and family week ago Sunday. Come again ladies as our door is always open to good Christians.

B. Holterfeld is hauling hay from Lo Wilsons. He finds plenty of snow to run his sled.

A letter from our old friend Didrick Nelson formerly of Glen, but now of Moscow Idaho tells us that he is doing well considering the bad luck he had at the outset, and that he is well satisfied in his new home.

We see by the Kansas papers that they have had a hard winter there, that the snow covered the ground, and the thermometers registered from 14 degrees below zero. Well we can beat that here. On the morning of the 14th, also the 15th, the thermometer registered 30 degrees below zero, and during the day time did not get above zero.

J. J. Zunbrunnen had a horse killed by coyotes or wolves a few days ago.

Yes, Buds and Blossoms, we would be pleased to visit you noted city and if ever it is convenient to do so, will surely avail ourselves of the opportunity. Of course we will need a guide, but we would prefer a white one. No doubt Mr. Black is a good old time guide, but the contrast is too great. No danger of being kidnapped by one of Andrew's Belles as we have met on several different occasions. Why bless you, Bud and Blossoms, we captivated the eyes, and captured the heart and of one of White River's school mams almost thirteen years ago. When we used to range White creek, Andrews was in an embryonic state, and White River was only a little brook. At that time several prominent men resided in and near Andrews. There was Lewis of Lewis, and Clark's expedition in 1804, Russell Sage, Old Dan Tucker came to late etc; Ferris of the Ferris wheel fame; Scott of the war with Mexico; and Mason of the Trent affair; Nelson the famous English Admiral, noted for the battle of Trafalgar, besides other noted personages. Time of course has wrought great changes in White River and Andrews and we would not risk ourselves at all without a guide as we might be kidnapped by the Lillie of the valley. ZEKEL.

We see from the daily papers, that the ladies of Crawford are making somewhat of a crusade against the saloons, of that place. We will say that if there is any one thing that the mothers of our country should have right to do is to protect their homes from this damnable curse, the saloon. It is true a great many citizens in our towns hold up the saloon as a great necessity, in the way of getting finances for the support of the public schools. We believe we are as much interested in the education of our children as the average person, and what we want is the right and privilege of voting a direct tax for the support of our schools. We are sure that if every wife and mother could have that all seeing eye so far as would pertain to her husband that she might see him at all times and in all places, there would not be a saloon left. In our visits to different towns where the saloon element predominates, we learn that some of the best citizens as they are called visit houses of prostitution, and place themselves upon a level with its inmates.

You may wonder dear readers how such a thing as this can be it is very easily explained, for in these hell-holes of saloons that some of our good citizens visit, and when their brain is set on fire by the social drink as it is called; man then condescends to humiliate, and put to shame the one that has created him for grand and nobler purposes. We hope the good mothers of Crawford will not cease in their efforts until every saloon in that place is closed and that their children may be able to go upon the streets without having to listen to languages that would put to shame the devil himself were it not that it is his business to tear down the strong, and to us it is right for a Christian to dance, and our answer has always been this; can you meet your Saviour in the ball room without blushing; and the same rule will apply to husbands can you not only meet your Saviour, but your wives in any place that you may go. We are sure that if all could adopt this rule there would be more happier homes, and less places of degradation. Stand by your calling Christian fathers and mothers and may all the mothers that are not Christians become our allies that this great curse, the saloon may be wiped from existence and that the name of Christ may be upon the lips of every one in the place of cursing.

CENTRAL CITY BREEZER.

It is usual for us to keep silence so long, but prisoners are deprived of many liberties, and such we have been for some time, but are glad to be able to get out again, and get ready to make gardens when the robins return. We note that Sioux County has had its share of blizzards cold and snow, and late reports are that heavy snows are doing much damage in the northwest now. Trains have been delayed, and the last two *Press-Journals* have failed to reach us. We hope the loss of cattle is not as great as reported. We have not had much snow but cold; too it makes us shiver to think about it 170 below zero if I think is the coldest here. The weather has been quite mild for a few days. There has been a great deal of sickness here this winter, the doctor calls the prevailing complaint "Gripp". Weak eyes, and hard coughs has been as common as the cold, and for a while some of the Drs. hardly had time to eat or sleep. We have had a hospital since Jan. 8th, but all are better now, but Bessie will not go back to school again this year. When we read Mrs. Rice's last letter I thought how perfectly heavenly to live where the wind does not blow all the time. One of the professors that was here in the college two years ago, said there is just one sign that never fails in Nebraska, and that is if the sun sets in the west the wind is sure to blow the next day and it has seemed almost true sometimes for us have plenty of dry blizzards. The ground-hog saw his shadow and we had our coldest weather since Feb. 2nd. We are a little fearful for the winter wheat crop. Central City of course is trying to get the state Normal but we think it will be located further west. Interesting meetings have been carried on in the different churches this winter with good results and at this time there are but four unconverted students in the college. We are glad to learn of the interest taken in S. S. work in Sioux Co., and wish Mr. Burke success in his new branch of the work. The hope of our nation is in the rising generation and if we can only make honest men of all the innocent little boys the victory is ours. What about the girls, oh so long as we can't vote we are not worth counting; you see, but if every little girl grows into just such a true woman as she ought to be this world would be so full of happy homes there would be no room left for the devil to sneak around and get to his dreadful work.

Swells "Looking for Jobs."
One of the London west end clubs recently advertised for a secretary and it had the extraordinary number of 1,300 applicants. Among them were the Duke and three or four other great ones.
