HERE AND THERE

If it's a bilious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all Druggists.

For a bad taste in the mouth take a few doses of Chamberlain's Stomach and Liver Tablets. Price 25 cents. Warranted to cure. For sale by all Druggists.

Lindley Friddy, who has been staying with Chas. Smith at Hewitt for the past week, returned home last Saturday. On his way home he lost his hat, so if any one finds a lost hat down that way please return to the owner.

"The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Stomach and Liver Tablets," says Melard F. Crag, of Middle-grove, N. Y. "They work like a charm and do not gripe or have any unpleasant effect." For sale by all druggists.

The singing class met Tuesday evening after a delay of two weeks. The most of the members were there, but some were missing, (probably forgot it was in existence), but those that were there hadn't forgot much of what they had learned in previous meetings, and had the same musical tones.

The supper given by the Royal Neighbors, at the Hall, last Friday evening, was not very largely attended, owing to the inclemency of the weather; but those that attended, found a very delicious supper prepared, and ate until they could hold no more. We long for the time to come when they shall have another supper.

Robert Keel received a letter from his grandmother last week. She was ninety years old last January 4th, and has recently received her second eye sight. Having witnessed her hand writing, we acknowledge we never saw any better writing by so old a person, and especially after they had received their second eye sight. She is certainly a fine writer.

Well Again.

The many friends of John Blount, will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by all Druggists.

Another high wind began to blow last Thursday night and continued for two days, consequently filling up the cuts so as to delay the passenger three days. We had no mail from last Thursday until Monday, but when it came there was quite a bulk, and it kept the post-master busy for a while. The rotary came up from Chadron Saturday, but went back from here to clear the track to Omaha.

Colds Are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all Druggists.

Ye scribe, and Con Parsons had the pleasure of visiting the intermediate, and primary departments of this Harrison school last Tuesday. We were well pleased to see the children take such an interest in their work. The schools are progressing nicely. Each pupil tries to excel his, or her classmate in work, and deportment. This shows the teachers have solved the problem, of controlling the children, and have gained their respect and confidence. No teacher should wish for a better recommendation and Harrison should be proud of her schools.

STOCK REPORT.

South Omaha, Neb., March 4-1903. Two days of this week continues a strong and 10 to 15 c higher cattle market. Receipts are lighter than expected. We hope this is the beginning of a permanent advance but are afraid it is only temporary. NVE & BUCHANAN CO.

Last Sunday Raymond Bieser, accompanied by several of his associates were having some fun jumping off of a culvert east of town and as Raymond jumped his feet slipped and he fell on his head and shoulders and for a while he was unconscious. The other boys brought him to town and for a while the doctor thought he was very seriously injured, but he is able to be up now and will probably be all right in a few days. His parents were on their way to Colorado but receiving the telegram of Raymonds accident they turned back.

Breezes from Glen.

Not much happenings here lately. The snow and blizzards are not new—just plain every day occurrences.

We had a good Sunday School last Lord's day. 10:30 is the hour. Everybody is welcome to attend.

Miss May Weber came home Friday afternoon to spend Saturday and Sunday.

School is doing very nicely in spite of the bad roads and snow storms.

Mr. J. H. Halbert has returned from So. Dak. He was married while there, and brought his wife home with him to live near Glen.

Mr. and Mrs. Porter were seen on the streets of Glen last week. Mrs. Porter has been to Sioux City, Iowa, and has just returned.

READ IT THROUGH.

'Twould Spoil This Story to Tell It in the Headlines.

To use an eighteenth century phrase, this is an "over true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John E. Harmon, of Meigs Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by all Druggists.

We have made arrangements with the publishers of the Young People's Weekly one of the best periodicals of its class, so that we can furnish said paper in connection with the Press-Journal each year for the small sum of \$1.25 for both papers or to those in arrears on subscription who will pay what they owe and 25 cents extra we will send the Young People's Weekly one year. Those who have paid in advance for the Press-Journal and want a first class paper for the young folks can come in on the deal also, by paying 25 cents extra.

The Young People's Weekly has reached its marvelous success and attained a circulation of over 210,000 copies a week because its contents interest young readers. Its popularity extends to thoughtful parents who recognize in it one of the best aids in keeping young folks in healthy touch with the active world giving them a taste for clean, vigorous reading, and presenting truths in their most attractive form.

War Bonnet Topics.

I don't suppose any need of Peggy trying to keep informed of the happenings of the week as War-bonnet Sunbeams have started. But I will do the best I can to hold my own.

Mr. Robert Brewster from Boston Mass. is looking after his interests in these parts. He is stopping at the S-E at present.

They lost a cow at the ranch this week the first one this winter.

Mr. Paul Zerbst has sent for his wife to come home. Tired of batching already School was out last Friday. Quite a number of visitors for such a stormy day.

George Garretson has commenced working for Mr. Reed this week.

Mr. and Mrs. Scott and Jim Merriam and family spent Sunday at Robt. Keels.

Bill Harvey attended S. S. at Gustave Noreische's Sunday.

Clarence Zimmerman is working at Leonard Douts at present.

Irven Zimmerman and wife, and sister Lillie were visiting at Douts last week.

Mrs. Millard Thayer was visiting with her parents last week.

The dance at Mr. Sam Leelings last Friday night in honor of their daughter Carrie who was married to Mr. Millard Thayer of Bodarc, last summer, was decided a success not-withstanding the severe cold night; even Peggy was there and must say, I never was at a nicer dance, where they had such good order, and seemed to enjoy themselves so much and as fine a supper as I ever seen. They danced until 7 o'clock next morning; they were all there for supper, and most of them for breakfast. Mr. and Mrs. Leeling are surely liberal entertainers, and all who were there will long remember, and wish another one of Sam's girls would soon tie up; which I expect will in the near future. Fine music was furnished by Scotts orchestra. If I was as bright as Zeke I would have written this up in poetry, because there were Smiths, Johnsons, and Browns; Even Grandpa Thomas was there and danced like a boy.

PEGGY.

Andrews Happenings.

Mr. Butler was in our burg last Thursday.

Mrs. Mountain Shep (an Indian), and son James stayed over night at Mrs. S. E. Jones last Thursday. She went to Agate to work for J. H. Cook. She has a permit to work 6 months. She has worked for Mrs. Cook before, and needs no recommendation.

Mr. Carl Boehrs called at Mrs. S. E. Jones's last Sunday evening. His violin music was appreciated by all.

Mrs. Chris Christensen's pet cow has been very sick. We hope by this time it is well.

Ed Marshall, (from Harrison) began to work for Mr. Shepher last week; we welcome his smiling face and happy heart in our midst.

Mr. Harry Hughson and sister Nellie stayed over night at Mrs. S. E. Jones Saturday. They came up to attend the dance at Mr. Hughes, but when informed that it was postponed they had a good time any how with their friends.

Mr. Edward Marshall visited this school Monday.

Mrs. S. E. Jones and Mrs. Hagerman went to Harrison Monday on business.

Mrs. DeSonder visited our school Monday, and we enjoyed her visit, and she reports a good school.

The snow plow came up Monday. The trains have been obtained, and the snow plow, and manning the line are kept very busy.

"BUDS AND BLOSSOMS"

A Letter.

The following is a letter to W. R. Smith from June Smith and we were granted the privilege to publish it. Nooksack, Wash., Feb. 15, 1902.

E. E. and W. R. Smith, Harrison, Neb.—Dear Friends and families: I have been intending to write you a letter ever since we came here and now will do so but it make it a family letter. We are very well pleased with our new location and are doing better than when in Harrison. We are cozily located in a double two story building, 44x50. (We own the building.) The opera hall occupies the whole of the upper part. The M. W. A. camp meets there twice a month and I rent one store room below so you can see I am making a pretty good thing besides my business. I carry two or three times as large a stock as in Harrison, have a Land hard wax machine so I do not try any factory made goods. I have bought seventy-five sides of leather, so you see I must do some business. I keep a man working in the shop. Snacks seem to be well pleased with their move. They live about three quarters of a mile north and have a very pretty place. We did have a ten acre tract out a little further but found it very inconvenient to attend to business so sold it at a good profit. Property is advancing in price quite rapidly as is also business houses in Nooksack. Father and mother spent the winter here but returned to Walla Walla. They liked it real well here. This is a very thickly settled country. I am sending out circulars and I got a list of 414 names, head of families, within six or seven miles. We go to Whatcom quite often where one can always see large ships and steamboats. I never tire of looking at the water. Ed is quite a big girl now. We send a photograph of her for Grandpa and Grandma Smith No. 2. When we came here over a year ago there was one general store, one meat market, one hotel and no station agent. Now we have two general stores, one grocery and meat market, one harness and shoe shop, one drug and dry goods store, one wa-

gon and implement house with blacksmith shop, one barber shop, one furniture and racket store, real estate and insurance agent and also station agent. There has been seven buildings built since we came. There is four two story buildings (store) and one two story hotel, last not used but is to be repaired in the spring, one four story hotel which cost \$6,000. Work is very plentiful and a man never need to be idle. Men in the mills and timber get from two to six dollars a day. Of course the high wages are to men that are experts in their line. \$250 is the general wages. Team work is four dollars a day, but hay is high. Loose hay is generally eight or ten dollars a ton and baled twelve or fourteen. Living is cheaper here than in Sioux county. We have had little cold weather, freezes a little and have had three light snow storms this winter but it did not stay on twenty-four hours. We have rains here in the winter instead of snow. Sometimes it rains for a week and then will be beautiful for as long. One thing in the winter is that you are not safe to go for the day with out an umbrella as you can never tell when it will rain. The clouds will gradually slip up and it will commence to drizzle before you realize that there has been a change. Taking it all together I like the climate much better than any place I was ever in. No hot weather, thunder, lightning or hail. This is a great fire country. Butter and eggs are always high. Land sells from ten to one hundred and fifty dollars an acre, according to its condition as to clearing. The "ranches" range here are in size from five to forty acres. Of course there are a few that have a hundred and sixty, but as this country is all heavy timbered, there is no advantage in having over forty acres. Laura and baby both send love and we both send regards to all inquiring friends. Write whenever convenient. Your friend JUNE.

GUADALUPE SHRINE.

THE MOST DEARLY BELOVED SPOT IN OLD MEXICO.

Thousands From All Over the Country Make Pilgrimages to the Little Village Each Year—The Story That is Handed Down by Tradition.

There is no spot in all Mexico as dearly beloved as the little town of Guadalupe, which is two and a half miles north of the City of Mexico. The little village has only 3,000 souls, but many more thousands visit the place on certain days in the year when pilgrimages are made to the holy shrine of Guadalupe.

The 1st of January and the 12th of each month the faithful visit this place and toll up the hill on which it is said that the virgin Guadalupe appeared to Juan Diego, an Indian boy.

According to tradition, Juan was tending over the hill of Tepeyac on his way to the city on the morning of Dec. 9, 1531, and as he reached the eastern slope of the hill he heard sounds like music. He stopped to listen, and at that moment a cloud appeared and in the midst of it a beautiful lady. She told him to go to the bishop in her name and to tell him that it was her wish that a church should be built on that spot, where she would always be found to give aid to all in trouble. Juan Diego hurried to the bishop with the story of the virgin, but no attention was paid to it. Upon his return home the lady appeared again in the same spot and urged Juan to go again to the bishop.

The following day was the Sabbath, and after mass Juan found the bishop and repeated the message once more. The bishop told him to bring a sign from the virgin. Juan saw the virgin again upon his return home, and she promised to give him a sign, which she did on Dec. 12 as he was going to confession. He passed this time near the foot of the hill, where she appeared once more, and while in conversation with Juan she stamped her foot by way of emphasis, and water flowed at once from the dry, barren hillside, and two holy wells mark that spot today.

The virgin then told Juan to climb to the summit of that barren rocky hill and he would find roses growing there, which he was to gather and carry in his "tilma" to the bishop. Juan did as he was told and found the loveliest roses growing just where she had told him to search for them. He gathered them all and placed them in his "tilma," a sort of blanket.

When he arrived at the house of the bishop and opened the blanket, the roses fell to the floor, and a picture in colors appeared on the blanket representing the virgin as she had appeared to Juan. The bishop fell on his knees in prayer and arose with a promise to build a chapel on the spot the virgin had designated.

Bishop Zumarraga set about to build the church, and when it was completed the "tilma" was placed above the altar in a frame of gold and silver.

That little chapel has since been replaced by the magnificent church to be

seen today. There are also two other churches to mark the spot on which the roses were gathered on the summit and at the holy well where the virgin last appeared to Juan. This miracle was recognized in 1663, and in 1754 it was fully sanctioned and confirmed by a papal bull. Later, in 1824, congress decreed Dec. 12 to be a national holiday.

Hidalgo took a picture of Guadalupe for his standard, around which rallied the first army of the revolutionists, and the happy issue that her assistance gave to that war endeared her still more to the people. This picture on the "tilma" is a wonderful piece of work. Artists from all over the world have examined it and have testified that it is of no known style of painting. The Indian garment of ixtil fiber is of a coarse weave. The picture appears on both sides of the cloth and is as bright as new, although said to be over 300 years old. The Church of Nuestra Señora de Guadalupe, in which this marvelous picture hangs, is said by experts to be one of the richest and handsomest on earth today. Its treasures can be counted by millions. It was dedicated May 1, 1709, and is 184 feet long by 122 feet wide. It has a vaulted roof, supported by Corinthian columns. The whole is surmounted by a dome, the lantern of which is 125 feet above the floor. The building cost \$1,381,000. The jewels, gold and silver plate and other rich belongings nearly all belong to the government and are estimated at \$2,000,000 more.

The church possesses a very costly crown for the virgin. It is of solid gold and weighs many pounds. There are six shields on the crown for the six archbishops of Mexico, and they are all surrounded by diamonds. There are a number of angels, each having an immense ruby on the breast, while the rest of the surface of the crown is covered with sapphires and emeralds. This crown is surmounted by the Mexican eagle, holding aloft a large diamond cross.

The poor pilgrims are not able, many of them, to form an idea of the richness of this church, with its communion rail and balustrades from the sanctuary to the choir of solid silver. They are three feet high, with a top molding a foot wide and a still more massive base. The sacred vessels are all of pure gold embedded with precious stones. The choir has some fine carvings done in ebony and mahogany. The finest is a basso relievo above the stalls, illustrating the litany of the Virgin.

Artists were brought from France to paint the frescoes on the walls, and the paintings and statues were the work of the best European artists and sculptors. The organ in itself represents a small fortune.—Cleveland Plain Dealer.

Champion Organ Mower.

The champion organ mower, in part of service, has been found to be 72-year-old Joshua Savall, who without a single absence has pumped the organs of Plymouth church in Brooklyn for the last thirty-seven years.
