Everybody invited. Subject for March: The Young Christian's Standing Ground. Subject for April 5. The Danger of Indifference. Hag. I. 2; Heb. II. 1-3; Jude 8, 20, 21. J. B. BURKE; Leader.
Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a safe and effective remedy for these diseases. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all Druggists.

HERE AND THERE

John Burke has been confined to his bed with LaGrippe since last Saturday but is now some better, and Emmet is having a siege of the measles, but is getting along very well.
Mr. A. McGinley we are glad to say is improving very fast, and was able last Tuesday to walk out to the barn and it is only a question of a few days until his familiar face will be seen on our streets again.
J. H. Wilhemsdorfer went for ducks yesterday but as it was the first day of April they played it on Mr. W. Mr. Horton was in on the deal too, but nary a duck, and knowing both gentlemen well we know there is no hard feeling toward Mr. duck.
Mr. J. C. Parsons, while working with his wind mill on last Wednesday morning got his wrist caught in the gearing, and severed the large artery, and it looked for a while as if Mr. Parsons would bleed to death. Dr. Phinney was away at the time, and Dr. Richards of Crawford was telegraphed for, and arrived about three o'clock in the evening, and dressed it. It will be some time before Mr. Parsons will be able to use his hand, and wrist.
Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams, of McDuff, Va., says that he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all Druggists.

The petit jury as drawn by the sheriff and clerk of the district court are viz: W. H. Wright, W. H. Phillips, J. L. Anderson, J. A. Bogart, Sam Thomas, John Herrman, John Henry, M. W. Iddings, W. R. Harris, John H. Howard, Jacob Forster, Jens C. Meng, M. J. Boffer, Louis DeBock, W. L. Hoyt, John Eberspacher, Leonard Dout, Anton Meckem, J. B. Burke, Adam Baumgard, Charles Umphenour, Clem Leeling, N. L. Tipton, and Peter Hanson.
The riding contest that was to take place last Saturday, between George Hill and Mike Carroll Jr., failed to come off, but we had some riding anyhow. George and Clyde Ragan had a riding contest, George taking the money. George also rode another horse for a purse of \$2.50. Peter Schaefer showed us that he was in that business by running his thumbs up his horse's neck. The horse bucked for a while and then ran for the lawyer's office, and finding him away from home, broke a panel out of the door, and that ended the circus.
Bellevue College again sends greeting to the schools of Sioux county and offers a scholarship of \$100 to the young man or young woman in the eighth grade classes who shall stand first in scholarship at the eighth grade examinations. The value of the scholarship shall be \$25.00 per college year for each of four years, to be applied upon the expense of the student in any department of Bellevue College. The scholarship is not transferable.
This should be an encouragement to the eighth grade classes. Some one will win the scholarship and why not try and be the winner yourself.
Bellevue College is one of the leading Colleges of Nebraska, and this is a fine opportunity for some one in the eighth grade. Conrad Parsons, Co. Supt.

Beyond All Comparisons.
One of the many factors contributing to the remarkably rapid and solid growth of St. Louis is the marvelous development of the Southwest and other territory tributary to that city in all lines of trade. In 1904 there will be held the greatest World's Fair in the world. The presidential campaign will also take place. To keep informed with the whole world you should subscribe at once for that peer of newspapers. The Twice-a-week St. Louis Republic. It is indispensable to the farmer, merchant or professional man. Its telegraphic and cable service exceeds that of any other paper. It prints the news fully; not imaginative occurrences, but domestic and worldwide facts. It is Democratic in politics, but distinctly a national newspaper and a family journal. The subscription price of \$1.00 gives you two papers each week 104 papers in a year.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.
"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, at Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I have never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all Druggists.

The Junior Normal bill is now a law, and we are to have Junior Normals at Alliance, McCook, and Valentine and two other places to be chosen later. The question is now up to the different County Supts. and teachers, whether this venture will prove a success or not. We consider this the grandest chance that has ever been offered to the teachers of the Northwest, and to these that are thinking of preparing to teach. There is no doubt but what the Superintendents will find shirkers from this, the same as County Institute work, but if every Co. Supt. will be firm, the children of this North-west will have better teachers and the tax payers will feel more like raising the wages than to lower them as the case has been heretofore. County Supts. and teachers take hold of this matter with a vim that will mean nothing less than success, and success will be your reward.

War Bonnet Topics.

Mr. Robt. Brewster left last week for his home in the east.
Bill Harveys sale went off fairly well. Some things sold good, some cheap; He had Clyde Ragan for clerk Jess Crawford the best auctioneer, and a keg of Crawford's best beer. Bill has rented his place, so no show for matrimony.
Jack Finley was down last Friday and got a load of potatoes—some he bought at the sale.
The dance at Mr. Joe Dunns, who live at present on Andrew Knori's place, was well attended, and enjoyed by all who were there. A delicious supper was furnished at 12 o'clock. Dancing was indulged in until 5 o'clock in the morning. Pete and Fred Schaefer are hauling corn from Bill Harvey's place this week.
Mr. and Mrs. Scott spent Sunday on the divide with Mrs. Belle Dunn and family.
Mrs. Ottilie Dupp and her cousin Nellie Scott came out Saturday and stayed over Sunday at the home of the former.

There was quite a crowd at Gustave Noreisch's Sunday School; 36 in number. That is pretty good I think, a little ahead of ours. I suppose it was in honor of their daughter Emma who just arrived home from Douglas where she has been working for the past six months.
John Anderson is able to be around again; He was at the S—E the fore part of the week.
George Grimm and John Marking are feeding 200 head of cattle on the Biehle place at present.
Sam Knori had the misfortune to break his buggy as he was going from the dance—bad roads the cause, still some folks want more roads when they don't work what they have so they can be traveled.
Mont Burke and Archie Davis were visiting with Arthur Dunn Sunday.
Mr. Dunlap, who is now living on the Dr. Phinney place on Spring creek, has rented Bill Harvey's place and will move on it in the near future.

There will be a dance at Frank Hubbard's on the Lindeman place next Friday night, April 3rd. Music furnished by Frank Scott. All are invited to come and have a good time.
We were very sorry to hear that Mr. Burle was sick and prevented him from coming out to our S. S. as he intended. Hope he is better.
S. S. at Gustave Noreisch's as usual next Sunday at 1 o'clock. Come one and all.
S. S. at our school house as usual at 2:30 P. M. All are invited.

I am a little afraid I will have to throw up my job as some get mad if I report they work on Sunday, some if I insinuate their wife builds the fires and some even when I fail to put Mr. when I mention their names through these columns, so now what shall I do? What say Ye?
PEGGY.

We are sorry Peggy, that some don't appreciate your kind effort, but remember the lowly Nazarene went about healing the sick and the blind, and doing good every way, and the world was not satisfied until it had kicked him out and part of the kickers are here yet, so don't be discouraged but send us the news.
Ed.

Well, well, March went out on a run or at least as we write these items all the draws and ditches were running full of water.
On last Sunday the thermometer got a hump on itself, and reached the 68 mark. Goodness how we did transpire.
Mrs. J. D. Williams was quite sick last week. Dr. Phinney was sent for but being out of town, the Lusk doctor was called, by wire, who came out. We haven't heard how she is getting along but hope for the better.
The meadow larks arrived here the night of the 24th and the next morning a few were to be seen, but were looking as if they were sorry for it.
Three blackbirds visited the Ridge a few days ago, but did not tarry long. Robins we don't have as they are seldom seen above 4000 feet.
Harry Daugherty was doing business across the line in Nebr. on last Saturday.
A bouncing boy came to gladden the home of Mr. and Mrs. J. D. Williams one day last week.
Stuart Sides lost 30 head of cattle during the last storm.
J. A. Rice has moved into the canon and is busy sawing when the weather permits.
While in Harrison on last Monday night we attended the literary there, and must say that the programme was very good. Buds and Blossoms showed us how "Ruby Played" which was the best thing we had heard in years, we laughed until our sides ached.
Yes, Buds and Blossoms that's all right. Your town is well represented, but your seasons are all Fall. Here we have eight months winter and four months late in fall.
Now here comes meek, little Peggy with an apology. Don't worry Peggy, we don't take offense at anything our sisters of the Press may say, we know it is give and take in fun. Why, did you notice what our old friend Clio called us, just plain "Zek." Yes Buds and Blossoms gave us a nice poem. Don't tell her so, but we congratulate the Press Journal in having so lively a correspondent from Andrews.

Ode (Owed) To March.

Old March, we're glad to see you go.
With your zeroes, and storms blizzards and snow,
You tarried too long for any good.
You used all our feed, and burned all our wood.
Our cattle you starved, and some you froze.
And out on the prairie you turned up their toes.
Their bones the coyotes soon will bare.
A ghastly reminder of "March on a tear."
Our chickens too, have lost their toes.
By your zeroes and storms, and blizzards and snows.
And now must roost upon the ground.
For the want of toes, the poles to clasp around.
And some are dead,—they didn't die warm.
The roof of the hen house their bodies adorn.
There they will stay till rain, and sun.
Will cause us to swear at the havoc you've done.
Well March you've gone, we're glad to know.
That April will melt the four feet of snow.
That's lain on the ground since December two.
And uncover the bones, grim reminders of you.
ZEKIEL.

CENTRAL CITY BREEZES.

Last Wednesday was so warm and springlike, but it turned colder during the night and in the morning it was raining and turned to sleet so everything had a crystal covering which looked very pretty. The sun shone brightly Friday so sparkles like diamonds glistened from every bush and tree. The roads are getting quite passable but this new addition of moisture has given them a "back set". The students have been conducting two good literary societies this year and are known as the Athenian and Spartan's. They gave a contest Friday night which was a great treat. Contrary to expectations the Spartans gained by seven points. They treated us to recitations, original stories, essays, orations and a debate. The judges came from St. Paul, Clarkes and Marquette, so no favors would be shown. The literary has been a grand success, and has brought forth before unknown talent. People that have had to move this spring are glad they moved the second of March when the roads were good. I only counted 35 loads of household goods pass here on the 2nd. That has been the banner day for moving. A letter from Mrs. Phebe J. Taylor (ne Olinger) last week informs us their barn was destroyed by fire recently with harness and hay. Fortunately the horses were out of the barn or they would have been burned too. Mrs. Taylor seems to enjoy the calm of Colo. as well as Mrs. Rice does. I guess the blessings are pretty evenly scattered if we but count them. Did you ever hear of a shower of birds? Such a wonder struck our city one evening last winter. It was very cold and the birds seemed to be unable to fly above the tree tops and wires, so fluttered to the ground, quivering and died. In the morning they laid on the ground as thick as the flesh that was provided for the children of Israel; one man gathered almost a bushel in his yard. They were a strange bird, neither a snow bird nor an english sparrow. Where did they come from, where were they going and why did they die, no one can tell. We did not know when we sent our last items of the appointment of Mr. Conrad Parsons to fill Mr. Burke's vacancy, so extend congratulations now and wish him success. Once in a while we do not get our paper till Monday, last week it came Friday, but usually on Saturday so we can think about our friends and talk them over Saturday night. If any of your "ears get to burning" too badly we will desist. We hope Mr. Burke's new field of labor will give him an opportunity to do a good work among the little boys as he meets them. What can be done, what must be done, to check the awful habit of cigarette smoking among boys. It is nothing short of a crime seems to me to sell cigarettes to a boy. It is awful to see a bright boy, some mothers darling, lead to destruction through the awful habit. How can fathers tolerate such an evil. If it can be suppressed by the ballot why is it not done. If men will permit in indulging in vice and intemperate habits we can't help it but by all means let us save the boys if we possibly can. We are glad Mr. Burke does not handle vice with gloves on, we wish him "God Speed" in his chosen work.

Breezes from Glen.

March is going out quite pleasantly around here.
Clara Mortenson visited Zorn, and Ada Puddy last Saturday, and Sunday.
Elizabeth Harris visited her sister in Andrews last Saturday.
We expect Rev. Sloan to be with us to hold meetings from the 8th to the 12th of April at the Glen Church. We would like for all to come, and enjoy these meetings with us that can.
We had a good Sunday School last Lords day.
Mr. and Mrs. Mortenson visited Mr. and Mrs. Adamsons last Sunday.
The "Glen Sunsets" seem to think that the "Breezes from Glen" are pretty strong. We know that they are pretty strong. We know that they are pretty strong. The "Bug" has just waked up once more since the deep snow has gone, and the green grass has begun to grow, and enjoying these fine days very much.
May Weber was home last Friday and until Sunday afternoon.
There has been a good deal of less with spring calves around here.
Roy Weber is getting to be quite a hunter. He killed one coyote and skinned another.
The fish car came up last Saturday and restocked the stream from Ft. Robinson to Andrews.
School in Dist. No. 2 began last Monday morning, the 30th of March. Their former teacher, Mr. A. Johnson, is with them once more.
The roads are getting good once more, perhaps that is why we have more news this week. But this is all.
