Mothers.

Catarrh of the Pelvic Organs Is a Frequent Cause of Barrenness.

Pe-ru-na Eradicates Catarrh From the System.

To the woman of ancient Israel not to become a mother was regarded as the greatest of earthly calamities. To become a mother—more especially the mother of a strong, healthy boy—was the height of glory for the faithful woman of the good old Bible days. Even now, when maternity is not esteemed as of yore, the mother of healthy thildren is an object of admiration, and sometimes envy, by her neighbors. As rompared with ancient peoples, the average American woman has a low appreciation of motherhood. There are, however, a great many exceptions to this statement.

The accompanying letters from grateful women who have been made strong, healthy and happy mothers need no added words of ours to make them convincing. Catarrh had weakened and impaired their entire systems. Peruna hade them sound and well.

A YOUNG MOTHER'S LETTER.

Mrs. W. McRoberts, writes to Dr. Hartman from Delano, Miss., the

Doctor S. B. Hartman, Columbus, Ohio:

Dear Sir:----'I feel perfectly well of catarrh. I did as you directed me to and took Peruna and Manolin. The third of March I gave birth to a 10-pound baby girl and we are both well and happy. I am very thankful to you, and Peruna saved my life. I recommend it to everyone and can't praise it enough.

medicine I gave birth to a 10-pound baby girl. She is now six months old and weighs 25 pounds. My friends were all surprised. Some would not believe it until they came to see me.

"My husband says he never saw such a change in any one as there was in me after I had taken three or four bottles of Peruna. I am stronger than I have been since I was quite young. God bless you and your medicine forever. I rannot tell you all. My letter is too long already; but I will say Peruna tured me. I never saw or heard of anything half so good. I can never thank you enough for your kindness. In cases of la grippe it works like a tharm. It cured my baby when other medicines failed. She was real bad with a grippe."—Mrs. L. M. Griffith.

Many thanks for the sample of Doan's Kidney Pills. We had tried many remedies with little benefit but found Doan's act promptly, and hit the case, which was as unusual desire to urinate—had to get up five and six times of a night. I think Disbettee was well under way, the feet and ankles swelled. There was an intense pain in the back, the heat of which would feel like putting one's hand up to a lamp chimney. Medicine Never Healed a

Nature performs the healing process and medicine can only assist her in doing her work in healing wounds and throwing off diseases. Nine-tenths of the diseases of man and beast have their origin in some form of germs and if allowed to run and multiply form complications. The reason that Liquid Koal prevents all germs dieases and cures them, unless fermentation and inflammation have too far developed, is that it contains every antiseptic and germicida known to science. All germ diseases such as hog choiera, swine plague, corn stalk diseases, tubercolosis, blackleg and numerous others can be prevented by giving Liquid Koal in drinking water, because they are germ diseases and no germ can live where Liquid Koal reaches it. Liquid Koal is unaffected by the gastric juices of the stomach, passes through the intestines and from there into the circulation, permeating the whole system and still retains all its germicial properties. Diluted with water, in the proportion of one to one hundred, it makes the best lice killer known.
