Too Great a Risk.
In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all Druggists.
At a regular meeting of the county commissioners Jan. 13th, 1903.—The following estimate of expenses for the year 1903 was ordered.
District Court \$3,000 00
Stationary 300 00
Officers Salaries 1,000 00
Soldiers Relief Fund 300 00
Printing and publishing 600 00
Roads and Bridges 3,000 00
Incidental Expenses 2,500 00
Officers Fees 700 00
Wm. J. A. RAUM, Clerk.
The singing class on last Tuesday evening decided to discontinue their practice until next September, as so many of the class will go away for the summer. This class has been one of the best things that Harrison has ever had, and those that attended with the desire of learning are rewarded for their time and money. Too much praise can't be given Mrs. Wilhelmsdorfer, as a teacher and leader of this class, and of her untiring efforts in trying to make it a success, and we feel sure the members of the class will gladly look forward to the time of taking up the work again.
A Farmer Straightened Out.
"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Snyder of Patters Mill, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.' For sale by all Druggists.
GREATLY ALARMED.
By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.
Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change, and after using two bottles of the twenty-five cent size was permanently cured." Sold by all Druggists.
I have received a list of accommodations offered those who will attend the Alliance Junior Normal. Those who wish to club together and board themselves can secure room furnished or partly furnished and get through for \$2.00 to \$2.50 per week. The committee that is to provide a dining hall in connection with the Normal has decided since last week's announcement to give table board for \$2.75 per week. I have a list of names where those who attend can work for their board. The entire expense of board and lodging need not exceed \$3.25 per week. Those willing to pay a little higher can secure first class accommodations for \$3.50 per week. Please write me your plans at once, and for further information concerning the school.
CONRAD PARSONS, Co. Sup.

The Crawford Tribune is getting out a Mammoth Edition of that paper which will appear June 1st. It will be illustrated with historical facts. Mr. A. B. Evans was in our little burg gathering facts and for this edition, a few days this week.

Last Monday evening there was a party given at Mr. Parsons, in honor of the school teachers, who are to leave next Friday evening, school being out on that day,—and a large number of young people was present, (mostly those who belonged to the reading circle.) We understood they were to gather for the purpose of bidding the teachers good-bye, but as we like to put it off as long as possible we did not bid them good-bye. Everybody seemed to enjoy themselves under the hospitality of Mr. Parson's folks, and all relished the ice cream and cake. As school will be out Friday we expect this party will be the last one for this season, and especially where the teachers and some of the scholars can be together. No doubt they all wish to be together again at another party, but as life is so uncertain we can't tell whether we ever shall again, or not, but some of us of course will be.

Carey Items.

Mr. and Mrs. Albert Gullers are rejoicing over the arrival of a baby girl, now some two weeks old.
Rev. Emery Zimmerman will preach at the Union Star church next Sunday morning and at Glen in the evening.
John Dickey has purchased the R. C. Tolley homestead. Consideration \$1400. We expect to be able to report another item concerning John in the course of a week or so, look out.
The cool wet weather still continues. The ground is thoroughly soaked and the prospects for a crop were never better at this season of the year.
On Monday of last week Mr. George Davis, living at Adelia, while going from the section house to his home, was killed by lightning. He was within forty feet of the house when he was struck, and his little boy looking out at the window saw him fall. He never moved a muscle after he fell. The remains were interred in the Union Star cemetery on Thursday and Rev. Hobson of Crawford conducted the funeral services. A brother from Omaha arrived in time to attend the funeral. George was an honest hard working man and will be sadly missed, not only by his family, but by the entire community.
TIMOTHY.

In Wyoming.

We did not think that our items were appreciated by any outside of our neighborhood therefore we wish to thank Timothy for regrets at our quitting, still Timothy, "is a long road that has no end and it seems that it is time for a change.
To Peggy we extend the right hand of fellowship and hope that we may have the pleasure of an acquaintance although it may not be in town. We are sorry to leave the country for city life as we have tried it in an eastern state and find it not to our liking, but sometimes one must do things not to their liking in order to be able to live. No Peggy, our so called poetry would be called mere doggerel among true poets, we are no laureate or we would write for a living.
To M. A. C. we extend a vote of thanks for the poem dedicated to us, but please don't censure us too harshly. We have counted the cost and know by experience, dear experience too.
Yes, we have good and kind neighbors
With whom we hate to part,
But their images are written
Upon E. Zekiels heart.
When we move into the city
Those of our neighbors dear,
Can visit us in the city
And speak a word of cheer.
While out here in the country
We may live from year to year,
And only meet each other
When threshing time draws near.
Unless, as it sometimes happens
We meet upon the street,
In the town of Lusk or Harrison
And there each other greet.
Now, M. A. C. tell us truly
Were we missed from old Sioux?
When we left the banks of Hat creek
Have we missed by you?
Yes friend M. A. C. "the blow almost killed father" when we read the regrets of our brother and sister of the pencil, and it may be the means of keeping us in the country awhile longer.
ZEKIEL.
John Long started west, on Monday of last week, to find work.
Francis Beusel went to Omaha week ago Tuesday and will be home in a short time.

Charles Christian is not feeling so well this week. The damp weather is strongly against him.

Rev. Horton came out to Andrew Christians on last Monday, and will visit awhile in the neighborhood.

At the school election held on the Ridge the 5th, Hill Shatto was elected director in place of Elias Foote, whose term expired on that day.

Chris Christian took his cattle to his south range the middle of last week, and Andrew Christian took his to his outside range the first of this week.

Mrs. Phillips, mother of Mrs. Freese started for Iowa on Thursday of last week, with the intention of going to Germany in the near future.

Ye scribe has given up the idea of moving to town at present but may move in next fall. At present we are breaking prairie and will put in a crop of potatoes.

Wesley Cannon is working for Philip Freese: so we have a Cannon on the Ridge, and are already prepared for a celebration on the glorious Fourth when the Cannon will roar and the eagle will scream.

Miss Oral White was the guest of Miss Florence Christian from Thursday of last week until Tuesday of this week. She left on Tuesday's hack for Mandall, Albany county, where she has a long term of school beginning on next Monday.

We wish to thank the brother and sister correspondents of the Press Journal for the words of praise, and the regrets at our going away, with which we greeted a few weeks ago through the columns of the Press. Thanks M. A. C. for the poem dedicated to us, and it may have had some thing to do with our staying on the farm.

One day last week as John Duell was pulling posts, his team became frightened and ran away with the wagon with a chain and post attached to it. He managed to keep out of the way of the post until the team began running in a circle when he got into the circle and finally succeeded in catching one horse by the bridle and stopped them. Luckily no damage was done, not even the spring seat being thrown out.

Wyoming very much, but Zekiell can become a city correspondent, city poet, city dude, or something titled and continue his items for the PRESS. Zekiell you must remember that the city has many tempting allurements for the young, and for a boy who was country born and country reared, such pomp and show may easily lead astray. Have you not always heard that city life is dangerous for a country boy? We wish you success Zekiell. And this will be moving time for some of the winter sojourners of Harrison too, back to the ranch they go, and the boys and girls will be glad to lay aside their books for a while. We are much interested in Mrs. Rice's letters, and wish they would come oftener, even if she isn't a poet. Zekiell and M. A. C. can occupy the poet's chair quite creditably and it would become tame if we were all poets. Thirty of the college students went to Grand Island last week to attend the "Terrence Silver Medal Contest." Their contestant did not win the prize, but the Quartette did. Several of them remained to see the President, but the Governor seemed to be as much of an attraction as the President. The Quartette sang in three different churches and the Gov. asked them to sing for him. The boys were royally entertained. The next state contest will be held at C. C. Some of our fair schoolmarm thought they would like to go west to teach school and secure claims, but our Co. Supt. informs them there will not be enough teachers in the county to supply the demand this year, so they will not go west at present, though some talk west on the sly. Farmers will begin corn planting this week, and it is possible my third planting of peas will be as early as my first. The second had just peeped through the ground when the freeze came.
